Front Street Agitates for Years But Accepts Fruit Just the Same.

Latest market features:
Banana trust bugahoe scares.
Fine Mt. Hoed huckleberries.
Green corn sells lower.
Great scarcity in meats.
Mystery as to hop picking.
Chicken market is rather firm,
Eggs are scarce and high.
Fraud in packing peaches.
Grape market still, overloaded.
Best sweet potatoes self well.
Potatoes selling to south.

Front street after Sanana Trust.

Front street merchants are making their annual display against the banana trust. Were the matter not so funny—it makes the merchants laugh every time they think of it—it would indeed be serious for the truth is that Front street is company with the produce merchants all over the country who are being hit badly every time they receive a car of bananas.

For several years the agitation against the banana trust has sprung up to die a natural death because every merchant along the street was afraid when he turned the corner that he would meet some representative of the trust. Carload after carload of rotten bananas has been received in this city improperly iced and Front street has been forced to pay the bill. Of course in the end the hill was paid by the producers of Oregon because Front street is not in business for its health any more than any other line of trade.

Every car of rotten bananas that arrives in this market is taking that much money out of the hands of Oregon producers. If the Front street merchants would not sell bananas—they do at a loss now—it would mean that much more of home fruit consumed.

Front street is annually complaining that it is losing money on every car of bananas it handles and yet, year after year, it keeps losing more and the local producer is called upon to foot the bill. A few weeks ago several local produce men advised the banana trust by letter not to ship any more bananas to them after that date. No attention has been paid to the note by the banana people so the other day several cars of bananas arrived in in a very bad condition and Front street accepted them, paid for them out of the profits made from Oregon producers and will likely do so again. Meanwhile the agitation against the practices of the trust is growing.

Great Scarcity of Meats,

There is continued famine in the local dressed meat market along Front street. Arrivals are the smallest in years for this season, while demand has been steadily growing.

Egg market is very firm with some asking a fractional advance over the quoted figures. Receipts are very small. Cheese market is dull and featureless with value unchanged from yesterday.

street. Arrivals are the smallest in years for this season, while demand has been steadily growing.

Egg market is very firm with some asking a fractional advance over the quoted figures. Receipts are very small. Cheene market is dull and featureless with value unchanged from yesterday.

Butter supplies are too great for the demand and the market is duller with more showing of weakness. One firm alone says that it has a ton of butter that it is not able to unload; whatever sales being made from this supply being more than made up the next day.

Potatoes Helling to South.

California is now in the market for fancy potatoes and a few sales have been made in that direction by the locatifade. Very much difficulty is experienced in securing cars for shipment; one dealer claims that he has had orders in for 10 days or more and still there are no cars in sight. It is understood that the matter will be called to the attention of the state reliroad commission for adjustment. Several valley dealers report small sales of Arizona points but the volume of business to the outside is not very liberal as yet.

Hop picking is much of a mystery these days. Estimates of the crop are all guesswork; many being made by those who have not even seen a hop-yard. The crop this year may reach 150,000 bales or it may drop as low as \$9,000. Both are likely.

opened this morning the bidding was
better than for some time.

The long-expected dividend in Goldfield Con. seems to be as far away as
ever, for no late announcement regarding it has been made.

Portland Union Stockyards, Sept. 10.
—Small arrivals have imparted a better feeling to the local livestock situation. In all, during the 24 hours the run in the yards was 150 head of cattle; no hogs or sheep arriving. The lack of supplies in both these markets is helping the tone. However, all values are stationary.

(Special Dispatch to The Journal.)

Klamath Falls, Or., Sept. 10.—Klamath county crops promise a very heavy yield this year, despite the late spring and the difficulty in irrigating on account of the initial eperation of the government project. The grain on dry land shows up especially well.

Martin Bros., the Klamath county millers, have just about completed their fine new mill near the railroad right of way. They have a storage capacity of 35,000 bushels, and the mill is up to date in every way.

(Leased Wire Overbeck & Cooke Co.)
Chicago, Sept. 10.—The government report today was the cause of a sharp reaction in the wheat market, after an early break of nearly ic in early options. The sharply declined cables also contributed to the early weakness and perhaps accounted for the slight loss in values here at the close.

Outs market received no consideration even though the government report shows a loss from last month's condition.

GREAT PROSPECTS IN VIEW FOR UMATILLA

Six Million Bushels of Wheat Harvested This Year-Irrigation Project Will Diversify Products and Increase Prosperity and Population of Country.

Great crops of wheat have been raised at Helix Adams, Weston, Echo, Milton, but Athena, situated about 19 miles from Pendleton, toward Walla Walla, is distinctively the wheat town of Umatilla county. It is situated in the very center of what is said to be the most productive section of wheat land on the Pacific coast. The average yield is greater and the price of wheat land higher than in any other section of the county.

Rauling Grain to Pendle ton Flouring Mills.

(Special Dispatch to the Journs!)

Pendleton, Or., Sept. 9.—Much of the 6,000,000 bushels of wheat harvested in Umatilla county this season is now being hauled to the various mills and warehouses in the county. This section, and in fact all of eastern Oreson, will enjoy one of the most prosperous falls in the history of the country. The wheat harvest will exceed that of any previous year in Oregon.

Association Football Teams to Play Exhibition Games Here.

HURLEY MAY MANAGE

Britisher and Brown Man Will Engage in Jiu Jitsu for Champion-Coming to the Coast.

By A. P. Garvey. (Special Dispatch to The Journal.)

Vancouver, B. C., September 10 .- An all star association football team representing the Vancouver District association, will tour the Pacific coast this winter playing in Seattle, Tacoma, Spo- COMMISSION'S EFFORTS kane, Portland and other cities. The arrangements for the tour are in the hands of a special committee, and if the hands of a special committee, and if the transportation arrangements are at all satisfactory, the trip will be taken. The officers of the Association Football league fully realize that in order to introduce the game in the sound cities a strong team should be sent out and exhibition matches played. This would give the Americans an opportunity to view the game as played by the crack teams of the Pacific coast. In this way it is hoped to arrange international teams of the Pacific coast. In this way it is hoped to arrange international matches to be played annually.

The Northwestern league of Seattle will send an eleven to Vancouver November 9 to play an exhibition match with the Vancouver team. A return match will be played in the sound city at a later date.

Bill Hurley, formerly of Seattle, but now acting manager of the Vancouvor baseball club, is spoken of as the probable successor of Con Strothers as manager of the Vancouver team in the Northwest league next season. The "scrappy" one, who is the present custodian of the initial sack on the local team, is the popular choice of the fans and the directors of the club have his appointment under consideration. Brown appointment under consideration. Brown of Aberdeen was mentioned for the position, but it is thought that Hurley will be given the preference.

Chief of Police Chamberlain has knocked the fight game in Vancouver. He has issued an order prohibiting boxing contests of any kind in the city. This action was taken as a result of the recent attempt to pull off the O'Keefe-Mayfield fight.

Professor T. H. Kanada of Tokio, Japan, champion jiu jitsu expert of the world, has been matched to meet Leopold McLagen, a Britisher, who also lays claim to the championship title. The men will meet in this city on Thursday. September 12. The Jap weighs 160 pounds, while his opponent tips the scales at 212 pounds and is over six feet in height. This will be the first jiu jitsu championship bout ever pulled off on the Pacific coast. The title and a side bet of \$1,000 is at stake.

Tom Longboat, the famous Indian long distance runner, will be brought to the Pacific coast next month, arrangements having been made for him to meet Chandler of this city and Burn of Calgary both distance men of repute, at the New Westminster exhibition. The men will meet in a 10-mile race on a quarter mile circular track.

International Rugby football matches will be played again this season be-tween the Vancouver team and teams representing the Universities of Califorrepresenting the Universities of California and Stanford. Jimmy Lanagan of Stanford has invited the local Union to send a team south in November and the invitation has been accepted. The team will leave here early in November, traveling via Seattle and Portland, where it is expected exhibition matches will be arranged. The southern colleges will send teams north after Christmas. While in New Zeeland this summer, Lanagan made arrangements to have the famous All Blacks come to this country next fall.

The lacrosse championships of Dominion have been decided. In National Lacrosse union the Shamre have been returned winners and a

reward for their work on the field this season will be given a trip to Ireland next spring. In British Columbia, the New Westminster team has again captured the championship, and next season the team will be sent after the Minto cup, emblematic of the world's championship. OFFICIALS PROMISE

BAKER CITY A DEPOT (Special Dispatch to The Journal.) Baker City, Or., Sept. 10 .- At a meet

ing held here last evening between the Business Men's association and Superintendent O'Brien and other officials of the Oregon Railroad & Navigation BALL CLUB NEXT YEAR company it was announced definitely that a new-depot would be built in Baker City next spring unless some-

thing unforeseen occurred.

The announcement is welcomed with great pleasure in this city, as the people have been clamoring for a new freight depot for some time. It is well known tions for the handling that the facilities here for the handling of the passenger traffic is inadequate and that better accommodations are badly needed. The new building will be built of Pleasant Valley stone and will be erected on a plot of vacant ground a little south and east of the present structure.

PLEASE PENDLETON

Pendleton, Or., Sept. 10.—The people of eastern Oregon are pleasantly surprised to learn that the commission has ordered No. 8, the Biggs passenger train, to be extended to Pendleton. Since the colorist rates have been in force, September 1, travel has been very unsatisfactory. Trains are many hours late and there is almost no seating room.
