TODAY'S MARKETS Oregon Is Not the Only State With Moldy and Vermin Infested Hops—California, New York, Washington, Too.

SUGAR PRICES

Price of Beet 20c and Cane 10c Lower—Trade Now Badly Overstocked.

Latest market features: Beet sugar 20c lower. Cane sugar drops 10c. Good run of salmon reported. Tomatoes are rather source.

Egg market is advanced.

All chickens find a demand.

Chinese trade wants ducks.

Great famine in dressed meats. Creamery butter is offered lower. Sean prices are advanced. Sastern chocolate and cocoa up. p business is unconfirmed.

The Western Sugar Refining commany this morning announced a sharp decline in sugar values. The price of best was cut 20c and cane 10c per 100 pounds. This again makes the differential between cane and beet sugar 20c per 100 pounds. The new prices leave the trade in a rather weak condition. Practically every interest is stocked up very heavily with sugar and some of the trade charges the refinery with bad faith in making the decline after it knew everyone was filled to overflowing with sugar purchased at the higher price. The new values take effect at the start of business this morning.

While both refineries today made the change at the same time, the notifica-Sharp Break in Sugar Prices.

change at the same time, the notifica-tion of the California & Hawaiian was delayed in transit by the telegraph com-

Good Run of Salmon Reported. According to reports received in this city from the lower river there was quite a fair run of salmon yesterday afternoon; the time of opening the fall season. In this market chinooks are to-day selling at 8c a pound and silversides at 7c. This is a reduction from former figures.

The market was quite well supplied today with an excellent quality of hall-but. Demand good at former prices.

Chinese Trade Wants Ducks.

There is quite r liberal demand for ducks along Front street. Chinese are the principal inquirers and are offering liberal prices. For first class stock as high as 15c a pound has been offered. Demand is good for all sorts of fowl. While the call is best in hens, the great scarcity in that line causes the trade to accept anything and pay the price.

Egg market is higher with supplies so scarce that few dealers have any at all. There is much complaint on this score because it is alleged that some handlers of eastern eggs are mixing them with a

because it is alleged that some handlers of eastern eggs are mixing them with a few Oregon ranch eggs and then selling them as the latter. This is a direct violation of the pure food law and it is reported that the government is about to investigate all arrivals of outside stock and how they are sold. This will help the legitimate dealer who sells eastern eggs as such and does not impose on the trade. A jall sentence will be the result of any offender if rught.

Offering Butis .ower. Bo great are the supplies of creamery butter at this time that some Front street handlers are offering their best product down as low as 30c a pound if taken in large lots. Even in small lots some dealers are putting the best product up under two brands; one being sold at the top and the other at a reduction. City creameries announce no change in values, although supplies are great everywhere.

Hop Business Is Unconfirmed.

While there are several rumors affoat regarding sales of hops at prices that range from 6 to 7½c for choice quality, Dealers here say they have no orders to buy and are waiting to see the crop harvested before making much of an ef-fort to do business. Reports regarding the cutting down of the Oregon production by mold and vermin have reached the east. From New York state the Producers' Price Current has information that some mold has appeared in the yards. There is general complaint there that the yards are coming down light and especially in the Otseko disrict, where growers claim they are not getting more than 50 per cent of last year's production. California reports are in the same vein, although the latter are badly mixed as to the situation. A few New Yorks have sold recently at 15c a pound.

Brief Notes of the Trade.

Bean prices are advanced and there a firmer tone all through the market. is stated that the crop of pinks is it 25 per cent of the normal. Octoberbut 25 per cent of the normal. October-November delivery are quoted at higher prices than spots and this would seem to indicate a further rise in spots. Limes are scarce at this time with prices firmer but as soon as the new crop is delivered a reduction may be expected.
Eastern chocolate and cocoa is advanced from 1 to 2c a pound, following the lead of coast brands a short time

Supplies of tomatões along Front supplies of tomatoes along Front street are rather small and prices are firmer. Some charge more. A car of grapes arrived in today in only fair shape. Market glutted worse

than ever.

Melon business is very good. Watermelons in only small supply with prices
well maintained. Same condition in

Peaches are firmer for fancy stock but very low figures continue on poor-grade. Pink wreppers weak on account of deceptive practice of some growers. Front street prices :

VEAL FAMINE STRIKES PORTLAND MARKETS

In Portland yesterday there was a veal famine. Supplies of all kinds of dressed meats are the lowest in years, while the demand is about as healthy as could be. The result is that everyone is crying for dressed meats, and especially yeal, While prices are changed in but few instances, the present situation warrants a sharp advance.

POULTRY DEMAND IS INDUSTRI

and cold storage eggs offered now, but fresh Gregon stock is a tained for all arrivals. Some dealers are being forced to substitute eastern where locals are preferred.

There is no new developments in the poultry market, the demand being for hens alone. Springs are fairly active for large sizes. There seems to be a call for ducks and fat hen turkeys.

"Veal is still very active for small and medium sizes and the trade could use more than is being offered. Larger sizes are good sellers also. So few have been the arrivals of hogs that they are most too moarce to quote. Since cooler weather is prevailing they can be shipped . safely and we would advise ... shippers to ship now and take advantage of the prices offered." -Frank Templeton of Templeton & Graham.

WHEAT VALUES

Grain Production Is Very Liberal-Will Mean Much to Livestock Industry.

(Special Dispatch to The Journal.) Prineville, Or., Sept. 11.-Although the estimate made in July that Crook county would have a surplus of 1,000 .-000 bushels of wheat this season sound-

breeze interior; strong southerly

ket, values there showing a net gain ket, values there showing a net gain for the day.

Broomhall has received the following Russian news at Liverpool: "Latest advices state the week has been favorable for fall plowing. There are no arrivals and the market is strong." grain to be handled is so great that they are making comparatively slow progress. A prominent farmer of this district, when asked when he was going to throsh, replied: "Well, there are four big steam machines within sight of my ranch now, and I think it will be about three weeks before they get to my place.

Arrangements have been completed with the owners of the road train for transporting the crop to the railroad, and with the present prices for wheat it is needless to say that the farmers

it is needless to say that the larmers are jubilant.

The surplus of wheat alone is placed at more than 1,000,000 bushqis, and other grains that can be shipped to other market-places will amount to at least one fourth that figure.

Make No Mistake

Consult a live, wide-awake specialist about your case-one who has experience, skill and ability, one who can give you the best treatment to be had on the Pacific coast, regardless of price. We cure men, and have cured more cases of weakness and special ailments of men than any other specialists in Portland. If you do not know what the trouble is, consult us free of charge and find out.

Seek Help Where It Is Certain to Be Found

This institution has built up its splendid practice more by the free advertising given it by its PERFECTLY SATISFIED PATIENTS, who have received the benefit of its modern, scientific and legitimate methods than in any other way. If you are not a perfect man-come to us. Isn't it worth the little time it will take when you are CERTAIN that you will have the benefit of HONEST, SINCERE physicians who never attempt to deceive you in any way? A consultation costs you nothing EXCEPT your own time.

27 Years' Experience.

OUR FEE

Consultation Free

We Will Treat Any Single Uncompli-cated Ailment for \$10.00.

Absolute Guarantee No Pay Unless Cured

We cure safely and promptly WEAKNESS, LOST MANHOOD, SPER-MATORRHOEA, SPECIFIC BLOOD POISON IN ALL STAGES, VARI-COCELE, HYDROCELE, GONORRHOEA, GLEET, OR ANY OF THE DISEASES COMMON TO MEN. Personal attention given all patients.

In selecting a physician or specialist, when in need of one, some consideration and thought should be given to the qualifications, experience and length of time an institute or medical man has been located in the city. It stands to reason that an institution that has stood the test of time and numbers its cures by the thousands is far superior to mushroom institutions that spring up in a night, last a few months and are gone. We have been curing men 27 years and are the oldest specialists curing men in Portland.

WE invite those who have deep-seated and chronic disorders to call and be examined. Consultation and examination is free, and carries with it no obligation to engage our services.

Our offices are equipped with the most modern and scientific mechanical devices for the treatment of chronic diseases. Our charges are reasonable and in reach of any workingman.

Write if you cannot call. Our system of home treatment is always CERTAIN and most successful. All correspondence sacredly confidential. HOURS 2 a. m. to 5 p. m.; Evenings, 7 to 8:36; Sundays, 9 a. m. to 12 noon.

ST. LOUIS MEDICAL AND DISPENSARY

STOCK HOGS ARE IN VERY LITTLE DEMAND

PORTLAND LIVESTOCK RUN.

Portland Union Stockyards, Sept. 11.—
The pressure on hog values due to the heavy shipments of stock stuff which is not wanted is greater, but as values are really quoted nominal in that line no change is made. Good finished hogs remain in demand.

Cattle and sheep are quiet but steady. Today 125 goats arrived in.

A year ago today: All lines easy and unchanged.

Official yard prices:
Hogs—Best eastern Oregon, \$8.75@ 7.00; stockers and feeders, \$6.00@6.25; China fats, \$6.00.

Cattle—Best eastern Oregon steers, \$3.85@4.00; best cows and heifers, \$2.75@3.00; bulls, \$1.75@2.00.

Sheep—Best wethers, \$4.50; mixed, \$4.00; lambs, \$4.50@5.00.

the estimate made in Julius of 1,000,000 hushels of wheat this season sounded high, considering the fact that prior to this time the supply has just about been aqual to the demand, as threshy these aqual to the demand, as threshy these aqual to the demand, as threshy these appears to the county as better fides can be had of what the yield. We shall think the season had not what the yield in of all kinds of grain be been barveated in that county, the county the first of the county and seeded his fall and the summer spirit in any other part of the county, the read of the county, the seeded next year will be red and much new lead as a great many stock will be red and much new lead as the seeded next year will be red and shipped to the railroad.

In the vicinity of Bend the harveer will be seeded next year will perhaps consume the majority of winter or year as because the seeded next year will perhaps consume the majority of winter or year as because the seeded next year will perhaps consume the majority of winter or year as a great that will be seeded next year will perhaps consume the majority of winter or year as a great that will be seeded next year will perhaps consume the majority of white or the seeded next year will perhaps consume the majority of white year will perhaps consume the majority of white year will be red and the seeded next year will perhaps consume the majority of white year will be red and the will be red and

WOMAN A SPECIALTI

What Is a Weak Man?

No man is stronger than

his weakest part - Few

men have perfect strength.

DR. TAYLOR The Leading Specialist

If I were asked to point out a man in full and perfect strength I would not look for one with the largest muscles, the strongest frame, nor the ablest in physical endurance. It is true that strength of the muscles, cords and sinews must be built upon the foundation of a good vitality, but on the other hand it is most easily undermined when the vitality is impaired. I would rather choose a man that I knew had true vigor, that I knew had undergone no early dissipation, that had no spermatorrhoea, varicocele or hydrocele, and who was not suffering from any latent disease such as contracted disorders and contagious blood poison. Men who are free and clean from disease and weaknesses of this special nature have better vim, more energy and vitality, and who accomplish most in every field of endeavor.

Weakness Wrecks Men's Lives

Many a youth of splendid promise has failed because of some weakness the nature of which made him delay seeking medical aid until it had become serious, and greatly injured his life's opportunities. I have seen thousands of these cases, and have heard the story of their suffering. Usually there is also a history of incompetent treatment by family doctors, patent medicines, electric belts, and unprincipled medical institutes and so-called "specialists."

Get the Best Treatment First

I have been treating Men, and men only, for nearly 25 years. I have an established reputation in Portland, which I hold as a priceless asset. I undertake only curable cases, and when I promise a cure I guarantee it, and my business standing and bank references assure the patient that my guarantee is absolutely binding. I do not think I can show better faith in my ability and methods than my unqualified offer to patients to

PAY WHEN CURED

MY FEE in Simple Disorders

Why Pay More to Others of Less Experience and Skill?

Weakness

Functional weakness in men is in reality a comparatively simple ailment, and is but a symptom of local disorder, a state of chronic inflammation of the prostate gland. No stimulating treatment, whether internal or locally applied, can do more than excite a temporary activity. By my system of local treatment I restore absolutely normal conditions throughout the organs involved, which promptly results in complete and permanent restoration of strength and vigor. This treatment is original with me, and is the only radical and certain and is the only radical and certain cure yet devised.

Varicocele

Varicocele is relaxation, knotting and twisting of the most vital blood vessels of the organic system. It stagnates the local circulation and interferes with the processes of waste and repair. Neglect brings derangement of functions and injury to the general health. Most physicians resort to surgical operations and hospital treatment.

I cure Varicocèle without opera-tion, pain or detention from busi-nesa. My cures are absolutely permanent and no ill effects what-ever can follow my treatment.

Contracted Diseases

I have reduced the time required for curing contracted disorders about one half. This is an important achievement. It replaces danger with safety. It forestalls chronic complications. It removes the infection and inflammation before that vital center, the prostate gland, can become involved. To many men it means the difference between perfect health and a lifetime of misery and functional weakness. My method is mine alone. My treatment is original. In some features it resembles the ordinary. In its chief essentials it is different. In results it is entirely different. It is safe, prompt and thorough.

The above, together with Organia

The above together with Organic Weakness, Nerve Debilitation, Lest Vigor, Specific Blood Poison, Stricture, Piles and Reflex Allments, constitute my specialty and are the only diseases I treat.

EXAMINATION FREE

I offer not only FREE Consultation and Advice but of every can that comes to me I will make a Careful Examination and Diagnost without charge. No alling man should neglect this opportunity to seexpert opinion about his trouble.

If you cannot call, write for Diagnosis Chart. My offices are openall day from 8 a, m. to 9 p. m., and Sundays from 10 to 1.

The DOCTOR TAYLOR ...
