Strikebreakers Smash Car Windows and Fire Upon Tent Occupied by Pickets—Shoot at Policemen—One Man Is Fatally Injured.

(Pacific Coast Press Leased Wire.)
San Francisco, Sept. 11.—Policeman R. L. Wade, who was one of the participants in last night's battle between non-union carmen and three police officers, declares that the preliminary skirmish between the men on the wrecked car and the union pickets was the result of a plot on the part of the non-union men and was entirely unprovoked.

Wade asserts, and he is corroborated by Tom Snyder and W. J. McCarthy, union pickets, that the men on the car deliberately smashed the window of their car to make it appear that a brick had been thrown. They then began firing upon the tent occupied by the pickets. The pickets also declare that they had known for several days that such an attack was planned.

Rev. Thomas Jefferson Harper, His Son, His Granddaughter, His Great-Granddaughter and His Great-Grandson.

(Special Dispatch to The Journal.)
Vancouver, Wash., Sept. 11.—In a photographic group recently placed in this city five generations are represented. Rev. Thomas Jefferson Harper and a line of descendants.

Mr. Harper crossed the plains by ox team in 1852. In the following year he conducted a memorial service in honor of a young man who died at Tumwater, near Olympia, and so has the distinction of being the first Baptist to preach in the territory of Washington. Soon after this the first Baptist church in the territory was organized, at Mound Prairie and Mr. Harper became its pastor.

Mission society, in which capacity he served eight years. He was in the Indian war and took part in the campaign of 1855-56 in the Rogue river country. In 1858 he was a member of the territorial legislature, representing the counties of Clarke, Skamania and Klickitat.

Illumination Scheme During Next Carnival Will Eclipse Previous Event.

A grand scheme of illumination throughout the principal part of the city to be massed and centered in a mass of lights extending over at least six of the blocks in the central business section was the chief topic of interest at the meeting of the Portland Rose Festival association last night.

According to the plan which is now in course of incubation, Portland will be illuminated during the festival week in a way that will far surpass anything ever before seen in the city and will equal all efforts of a similar nature ever made in the Pacific northwest.

Reports made to the association last night showed that the support which is being offered by those friendly to the festival is of a most hearty and was evidenced during the preparation of the first trial event of several months ago. Not alone among the business men of the city but among the people generally of Portland and vicinity the festival scheme is meeting with the warmest approval.

Oregon Pears Shipped Out of State Labeled as Product of California—Packers Are to Be Made to Give Explanation.

Information has been placed in the hands of the United States district attorney by the state horticultural board showing that this fall many carloads of canned fruit have been shipped from Portland canneries alone bearing the label of California. There is a federal statute against labeling fruit canned in one state as having been packed in another and the horticultural board district attorney's office have joined hands in securing the conviction of the offenders.

It is claimed by Secretary H. W. Williamson of the board that in spite of the passage of the law the Portland canneries have been labeling their pears canned this fall as the California article.

IMMENSE IRRIGATION PROJECT COMPLETED

Twelve Hundred Acres of Barren Land in Deschutes Valley Made Arable By the Installation of Cline Falls Pumping Plant.

(Special Dispatch to The Journal.)
Prineville, Or., Sept. 11.—The Cline Falls Power company has just completed the installation of an immense pumping plant to provide for the watering of its lands west of the Deschutes at Cline Falls. The plant is equipped with a 16-inch pump, which is the largest of its kind in the world, leading from the surface of the stream to a point above the falls, where it is taken in ditches to all parts of the holdings. The intake is 14 inches in diameter. The pump is equipped with a 15-horsepower turbine wheel, that provides the motive power. The lift at the point where the plant is situated is 108 feet and considerable trouble has been experienced in getting machinery that would stand the pressure required to make so high a lift of any amount of water.

The ranch consists of about 1,300 acres of land of good quality, but only a part of it is under cultivation. Besides the 16-inch pump, which is the largest of its kind in the world, there is a smaller pump that is held in reserve and will be put into use next year, when new land will be sown to alfalfa and clover crops.

COPPER TAKES A SUDDEN TUMBLE

Thomas W. Lawson Is Getting a Severe Dose of Medicine.

Thomas W. Lawson of Boston is getting a severe dose of his own medicine these days. Formerly, when Mr. Lawson was a bear in copper stocks, prices held their own remarkably well, but now that the renowned Thomas is bulling the market copper shares are going off at a tremendous pace. Even Mr. Lawson's pet Trinity mine is not exempt from this. Last winter when stocks were selling freely, Trinity was quoted very firm at \$44 a share, but today it sold down to \$12.50 and few cared to buy it at that figure.

OLD GRAVE HAS ITS ROMANCE

Pocahontas' Bones Said to Have Been Found Near Gravesend.

London, Sept. 11.—A complete skeleton, accidentally unearthed at Gravesend, is believed to be that of Princess Pocahontas, who was buried in 1616. Tradition, caring nothing for the parish register of burials, locates the grave of the Indian heroine in the ancient burial ground of St. Mary's, and it is there that the bones of an Indian woman have been discovered.

TANGLE IN DIVORCE LAW

Prominent Persons May Be Illegally Married—Felony the Crime.

(Special Dispatch to The Journal.)
Helena, Mont., Sept. 11.—A decided misapprehension exists relative to the effect of the recent decision of Judge Bourquin at Butte relative to Montana's remarriage law as respects divorced persons. The court held that divorced persons may not marry within two years and to do so is classified as a felony. Among those affected by the decision are W. A. Clark Jr., son of former Senator Clark, who recently married a Mrs. Medin, and scores of other prominent persons.

TILLMAN DON'T CARE FOR IOWA

Thinks People of State Are Trying to Damage His Reelection Cause.

Des Moines, Iowa, Sept. 11.—Senator Ben Tillman is angry. Not at the negroes this time, but at Iowa and Iowa, particularly the Iowa newspapers. Since Tillman delivered his recent vituperative lecture in Des Moines he has been assailed right and left in the Iowa press. In Washington, Iowa, he was threatened with lynching numerous other Iowa towns have threatened to do things if he showed up there, and several Chautauqua dates have been canceled because of the objection on the part of the churches to his speaking.
