SEMI-PROFESSIONAL NOTES. Jack Helser of the Brewers announces a special meeting Friday evening at headquarters on Russell street. All members are expected to attend. "Happy Jack" has certainly had his share of seeing his team being nosed out by one run.

The youngsters will be mingled with veterans in next season's lineup. Helser has this year's team for a nucleus. Ray is ready to pitch most every day and is good for next year. McBride, the young catcher from the Holladay addition lots, who came well recommended, made good at the start. He is an excellent fielder and on bases displays excellent judgment. Turk and Ladd are comers, while Goddard has pulled off many sensational stunts in left field.

The Wabash and Springfield teams are scheduled to play a double-header at the Springfield boys play phenomenal ball and Wabash has up to last Sunday, played an excellent article of ball and their team work has been good. Summers on third and J. McBride at short and the three outfielders, Aherm, Howard and Ehrlich, have pulled off many sensational stunts. Summers and Stone, who are half the team, are expected to be in this game. Their absence was felt at McMillinville last Sunday. D. McBride of the Brewers has been engaged to catch.

"BOB" EDGREN ON LOCALS CONTINUE HEAVYWEIGHT GO BATING FRENZY

Believes the Burns-Johnson Wallop Out Victory With Match Will Result in a Four Triples, Two Doubles and Four Singles. Really Great Battle.

FIGHT WILL PROBABLY HIGH BOARD FENCE BE AN HONEST ONE SUFFERS EXCEEDINGLY

Viewed as Commercial Proposition It Promises Best Results if Fought on the Level—Johnson More Than Match for Burns Physically.

By Robert Edgren. Now that Champion Tommy Burns, the pigmy heavyweight, has at last accepted the challenge of giant Jack Johnson, a genuine heavyweight championship battle will soon be on the boards. Johnson rejoices in the dignified title "colored" heavyweight champion of the world. Burns, who has been confining his attention to white men of late, has announced that he is willing to assert his claim to supremacy regardless of race or color.

The big Zulu is a magnificent physical specimen. Few better built big men have ever put on a boxing glove. He stands six feet two and weighs well over 200 pounds. He is one of the ancient bronze statues of the Greek heroes. He is long of limb, huge of shoulder and clean cut. Under his hairy bronze muscles stand out in sharp relief.

Physically Johnson is far more than a match for Burns. And he is a remarkably clever boxer. His quality and great strength give him ability to hit a heavy blow. With gameness and good intentions Johnson would certainly be one of the most of the ring. His record it is evident that he lacks either gameness or ring honesty.

Neither Ever "Laid Down." Tommy Burns has faked a fight or two as well as Johnson. But neither Johnson nor Burns has ever "laid down." When there has been anything "fixed" it has been for Johnson or Burns to win or draw without putting the other fellow in jeopardy.

Will Probably Be Square. Viewed as a "commercial proposition," this Burns-Johnson fight promises best results if it is fought on the level. It's a case where honesty is the best money-making policy.

Promising Men for Oregon Track Team. Sam May and Harry Lowell New Acquisitions—Future of Dan Kelly.

University of Oregon, Eugene, Sept. 12.—The university track team next spring will probably be much better balanced than the famous one of the last season, and will be a good deal better than the one of this year, though McKinney and Hug will be sent. Harry Lowell and Sam May are two new promising acquisitions. Sam May is a well known Portland runner who keeps himself in almost ideal condition at all times. Lowell ran for Oregon two years ago in the mile, and made a splendid record as a reliable point winner.

Notes of the Game. Only a handful saw it, but it was much better than many a \$1,000 crowd has gathered to watch. Derrick called Jimmy Smith out on a high one to try to bring in the Oakland left fielder couldn't get over it. He passed uncomplimentary remarks in the direction of the umpire who went to his position. He continued to vent when the seventh began and it resulted in his retirement to the clubhouse and in the substitution of "Deacon" Wright in his place in the field.

Question OF THE HOUR, discussed with earnestness in hundreds of homes, and dealing with the future material welfare of thousands of young people, pertains to school matters. What course shall be taken? What will be the best in the end?

LET US REASON TOGETHER We may be able to help you solve the important question under consideration. These are facts—ours is a growing institution. We occupy 2 floors 65 by 100 feet, and have a \$20,000 equipment. All schoolrooms are large, well ventilated, perfectly lighted, warm and comfortable. Our building is new, plumbing is modern, general conveniences are first-class in all respects. Our faculty is composed of bookkeepers, stenographers, lawyers and others who have practiced what they teach, know business requirements, and instruct accordingly. Supervision of the work of students is close, their progress rapid and substantial. Reports are mailed to parents at intervals of two weeks. This is an incentive to regular and punctual attendance, earnest application to study, and correct deportment. It also conveys valuable information to parents, and enables them to cooperate with us to impart business-like habits to young people.

ITS LEADING CHARACTERISTIC The dominant feature of the Portland Business College is quality of instruction. No school in America outranks it in this respect. Reputation for thorough work brings us many more calls for office help than we can meet. A position is certain for each student as soon as competent. WE TEACH THE FOLLOWING BRANCHES Spelling, Grammar, Writing, Arithmetic, Correspondence, Commercial Law, Bookkeeping, Banking, Business Forms, Business Practice, Corporation Accounts, Office Work, Shorthand, Typewriting, Letter Copying, Manifold, Mimeographing, Legal Forms. CALL, TELEPHONE OR WRITE Office open from 8:30 until 6 o'clock, and at any hour in the evening by appointment.

UNIVERSITY BALL PLAYERS ACCUSED Charged With Professionalism for Playing in Lane County League. (Special Dispatch to The Journal.) University of Oregon, Eugene, Sept. 12.—A considerable sensation has been caused here by accusations of professionalism which have been made against a number of prominent baseball players, members of last year's varsity nine. Among the players involved are Captain "Pine" and last year's team who is still in college and Wister Johnson, one of the spring graduates. The college men have been playing in the Lane county league, which is admitted as being a professional organization, as the gate receipts are divided among the players and recognized professionals perform on the teams. What the stand of the athletic council will be in the matter is not known, but it is likely that the accusations will be thoroughly studied, as the faculty want nothing but pure athletics at the university.

LIVESTOCK EXHIBIT WILL BE LARGE (Special Dispatch to The Journal.) Salem, Or., Sept. 12.—When the 12 new stock barns were put up on the state fair grounds this year it was thought there was sufficient accommodation for all the stock that would be exhibited for at least five years to come. Now it is thought necessary to fix up some extra stalls in an old building for whatever horses for which there are no accommodations in the regular barns. It is thought there will be sufficient room for all the cattle, hogs, sheep and goats but these barns will be filled nearly to the limit. The livestock exhibits will far exceed in number those of any former state fair.

TILLAMOOK MAN BREAKS AUTO RECORD OVER MOUNTAIN ROAD A new automobile record for the run between Tillamook City and Portland was made yesterday when Rollie W. Watson, editor and proprietor of the Tillamook Herald, driven by C. H. Snyder, reached this city after being on the road 7 hours and 50 minutes. Mr. Watson is an enthusiast on Tillamook and that country and made the trip to demonstrate what could be done if there were good roads between Portland and the sea. He, in common with the great majority of the residents of that section of the state, is working for the construction of a boulevard reaching between the two cities and feels confident that should the people come to an understanding of what such a road would mean to the development of the country, but little opposition would be offered to its building. The landowners along the route would be willing to make the road, and the construction of such a road and it is stated by Mr. Watson that the mountain streams along the route would provide all the travel necessary. The record made by Mr. Watson breaks the former one held by E. E. Lytle, who made the trip in a Pierce-Arrow machine in 9 hours and 15 minutes. Mr. Snyder is an employe of the Corvay and the company of this city and drove a Cadillac machine. Mr. Watson will remain in the city for several days, staying at the Oregon, and will attend the state fair at Salem where he will continue to boost for his city and its resources.
