

PRISON REFORMERS AND STOCKHOLDERS CONVENTION AT CHICAGO

Prominent Men to Address the Congress and Leaders in Study of Criminal Law and Prison Administration Will Be Heard From.

(Special Dispatch to The Journal.) Chicago, Sept. 14.—Chicago will be filled with prison workers today. The occasion is the annual congress of the National Prison Association of the United States, which convened this morning.

Charles J. Bonaparte, attorney-general of the United States, will turn for the moment from jailing millionaires and "hunting" trusts to give an address on "Punishment and Parole" before the congress. It may well be that he will plead for leniency in the treatment of imprisoned magistrates after they have served sentences of two or three years.

FUNERAL OF ENGINEER HELD THIS AFTERNOON

Remains of Frank F. Gilham Buried in Riverview Cemetery.

The funeral of Frank F. Gilham was held from the chapel of Finley & Son at 3 o'clock this afternoon. It was largely attended by railway men with whom the deceased was associated for many years. Interment was in the family lot at Riverview cemetery.

Frank F. Gilham was born on the Newton Gilham donation land claim near Mount Tabor, April 9, 1860, being 47 years of age. He was the son of Captain Newton Gilham, one of the early pioneers of this section. At an early age Mr. Gilham decided to become a civil engineer and when 13 went out in charge of a party. For more than ten years he was assistant to Chief Engineer Kennedy of the O. R. & N. company. He had charge of the building of the Clearwater line at the time the O. R. & N. Northern Pacific were at sword points and it was largely due to Mr. Gilham's ability that the O. R. & N. triumphed over the Northern.

When the Morris brothers purchased the old Oregon City electric line and decided to build up the Clackamas river he was retained to lay it out and take charge of its construction. Later he laid out and planned the Oaks, the famous resort on the Willamette river. Since the consolidation of the trolley lines under the management of the Portland Railway, Light & Power company, he was chief engineer of the O. W. P. division of the company.

Mr. Gilham's wife and a daughter, Mrs. C. C. Gibson, both of Portland, also three brothers and three sisters. The brothers are: William W. Walla, Walla, Washington; Milo Gilham, Battle Ground, Washington; Newton Gilham, Hillsdale, Oregon; Mrs. Ella Evans, Mount Tabor; Mrs. C. W. Gray, Mount Tabor; and Mrs. W. Skinner, Salem, Oregon.

Gratifying gains in membership were reported by the officers of the Vermont State Federation of Labor at the annual convention of that organization held recently in Burlington.

Boji Ami

prison Warden's association; Prison Physicians' association and Prison Chaplains' association meet in connection with this. The conditions and needs of America in the field of penology in the widest sense will be considered. The discussions will cover a wide range of subjects. These include criminal law and its enforcement; the apprehension and identification of prisoners; police, cause of crime, child saving work, prisons and prison administration; convict labor, probation, parole and final discharge of prisoners; employment for and supervision of released prisoners. The opening session will be held on this evening, when Governor Deen will speak and Hon. E. J. Murphy, president of the association, will deliver his address.

When Organized.

The National Prison association was organized in Cincinnati in 1870 and was granted a charter by the state of New York in 1871. Among the donors or more incorporators were Horatio Seymour, Theodore W. Dwight, Amos Pillsbury, Rufus B. Hayes, Conrad Baker, Charles Coffin, James G. Blaine, Enoch C. Winsor, Theodore Roosevelt, Morris K. Jessup and Frank B. Sanborn. Rufus B. Hayes served as president of the association in the union satisfied with its method of confining and caring for prisoners.

"With the wonderful advancement in the past 40 years in almost every line of human effort there has been comparatively little progress in prisons. The just system of the state of Massachusetts of Christendom.

Only by a campaign of education can this be removed. The increasing interest and the forward steps recently taken in some states are notable, is approved by the National Prison association. Its records show a growth and increasing support speaks well for the future.

ASTORIA CHAMBER OF COMMERCE COMPLAINS

Asks Railroad Commission to Regulate Alleged Discrimination.

(Special Dispatch to The Journal.) Astoria, Or., Sept. 14.—During the consideration recently by the chamber of commerce of the discrimination of the O. R. & N. steamers running between San Francisco, Astoria and Portland, Manager Whyte wrote General Manager R. P. Schwartz of the line asking that Astoria receive better treatment. Whyte has no objection to the courtesy to reply, although the letter was written as long ago as August 1906.

ASTORIANS FINED FOR OPERATING FISHTRAPS

(Special Dispatch to The Journal.) Astoria, Sept. 14.—The trials of John Moebeck on three bills, charging him with fishing during the closed season, and of Knute Nilson on two bills on similar charges were held in the justice court yesterday. Moebeck was accused of operating fishtraps belonging to the Columbia River Packers' association, while Nilson was accused of operating fishtraps belonging to Nilson & Sorenson. All the traps in question are located on Texas Island, and according to the testimony submitted at the trial were not only fishing, but also had fish in them at 9 o'clock on the morning of September 13, about three hours before the fall fishing season opened. No evidence was submitted by the defense, excepting it was claimed the ownership of the traps had not been shown, and the defendants were fined \$10 and costs on each of the five counts. Notice of appeal to the circuit court was given by the defense.

That wear and fit well at Rosenthal's.

WASHINGTON PROPERTY INCREASES IN VALUE

(Special Dispatch to The Journal.) Chehalis, Wash., Sept. 14.—The total assessment of Lewis county, as equalized by the county board, is \$1,232,824, an increase over last year of \$1,952,824. Of the cities Chehalis leads in assessed valuation per capita, being \$502.99. Other towns follow in the order named: Centralia, \$580.187; Winlock, \$122.743; Mill, \$101.519; Little Falls, \$79.997; Toledo, \$40.222.

ODD FELLOWS GATHER FOR ST. PAUL SESSION

(United Press Leased Wire.) St. Paul, Minn., Sept. 14.—Odd Fellows from all parts of the United States, Canada and Mexico gathered here today for the annual communication of the sovereign grand lodge, which was opened Monday. It is estimated that by the first of the week 100,000 members of the fraternity will be in the city.

For the entertainment of the delegates already in the city there was an excursion on the Mississippi river today to Stillwater, where entertainment was provided for the visitors. Tomorrow services under the auspices of the order will be held in several of the churches of St. Paul. The sovereign grand lodge will be welcomed Monday by Governor Johnson and others. The reception in the new state capitol Monday evening and the parade on Wednesday afternoon are the principal features of the week's program.

Nursing Mothers and Over-burdened Women

In all stations of life, whose vigor and vitality may have been undermined and broken-down by over-work, exacting social duties, the too frequent bearing of children, or other causes, will find in Dr. Pierce's Favorite Prescription the most potent, invigorating restorative strength-giver ever devised for their special benefit. Nursing mothers will find it especially valuable in sustaining their strength and promoting an abundant nourishment for the child. Expectant mothers too will find it a priceless aid to prepare the system for baby's coming and to bring the ordeal comparatively painless. It can do no harm in any state, or condition of the female system.

PORTLAND AND TACOMA CONSTRUCTION ENDED

Installation of Required Number of Phones in Three Coast Cities Will Be Finished Inside of Next Two Months.

Within 60 days the plant of the Home Telephone company here in Portland and those at Bellingham and Tacoma will be ready to be turned over to the stockholders in the respective local corporations by the contracting builders and underwriters. From that time on the prospectors will be in position to pay 5 per cent on their bond issues, 4 per cent in dividends on their stock issues and provide for the operating expenses and the sinking fund which is to be maintained for purposes of tax-deductible bonds as they mature 30 years from this time.

This is the opinion and statement of William Mead of Los Angeles, one of the heavy stockholders in the National Securities company of Los Angeles, which corporation underwrote the bonds for the Portland, Tacoma and Bellingham plants. The construction work on the Portland and Tacoma plants will be completed and everything in readiness to turn over to the stockholders in 60 days," said Mr. Mead yesterday. "The Bellingham plant is practically completed in every respect. All of the construction work, the conduit laying and work of that sort has long since been done at all the plants, and all that remains is for the contract number of phones to be cut in. The bonds of the three plants were underwritten by the National Securities company of Los Angeles and the work of construction was done by the Empire Electric construction company. These two companies have practically completed their tasks and will have done so entirely within the 60-day period.

"According to the terms of the contract the contracting company was to build the plants in the three cities and turn them over with all the telephones connected up and in good working order in Portland, 5,000 in Tacoma and 3,000 in Bellingham. In Portland there are now some 6,000 telephones in operation, while there are orders waiting for a total of 12,000 instruments. The contracting company will connect up the 9,000 instruments, however, after which it will turn the plant over to the Portland stockholders.

"In Tacoma about 3,000 instruments out of the 4,000 contracted have been installed, while at Bellingham practically all the work has been done. "Within 60 days," continued Mr. Mead, "the Empire Electric construction company will turn the Portland plant over to the local stockholders. A meeting of the directors and officers of the company will be held on Tuesday and a board of directors provided for from among the most solid and conservative members of the Portland stockholders.

"The conduit system of Portland has been constructed beyond the present by the city authorities and the chart and plan for the plant to take care of 25,000 subscribers. This was done in anticipation of the growth of the city in the next few years. "In my opinion," concluded Mr. Mead, "the state of Oregon is very good securities. As in the case of the properties are turned over to the stockholders, they will be in running order and in such shape that they will be capable of paying the 5 per cent provided for in the bonds, a 4 per cent dividend on the stock, besides providing for the running and maintenance expenses and extension of the plant. The sinking fund for the redemption of the bonds at their maturity 30 years from now will be provided for by the city.

EXERCISES IN MEMORY OF OHIO'S FOUNDERS

(United Press Leased Wire.) Rutland, Mass., Sept. 14.—Exercises of more than ordinary interest, together with an historical pageant, were held here today under the auspices of the Rufus Putnam Memorial association to commemorate the events that led up to the founding and settlement of the state of Ohio.

Rutland is known historically as the "cradle of Ohio," for here lived General Putnam who planned and matured the Ohio company, which went out into the then wild western country and settled the town of Marietta, in 1788. Putnam's old house stands in the town, the house from which was issued the patent for the convention which led to the organization of the Ohio company, and over the threshold of which the famous old soldier went to lead that company to the great northwest. The house is a public monument to his memory, admirably restored and filled with a valuable historical collection.

Today's commemorative began this morning with a representation of the departure of General Putnam and his company for the west. It was followed by three or four teams of oxen, each team, one two-horse carriage and General Putnam's horse. They took four cows and one bull. They started from the Rufus Putnam house and passed through the village and back, pausing for breakfast before the church.

This afternoon a public meeting was held in town here at which President Carroll D. Wright of Clark college presided. The principal address was given by Professor James K. Houser on the subject of "New England and the West." His address was preceded by words of commendation by representatives of the Western society of Boston and the Ohio society of New York.

BLACK POPE PLANS VISIT TO AMERICA

Successor to Father Martin Will Cross Ocean to See the Jesuits Here.

(United Press Leased Wire.) Washington, D. C., Sept. 14.—The inter-state commerce commission will meet in Chicago Monday to take testimony in several important cases. The semi-annual session of the Mexican congress will be opened Monday evening with the reading of the message of President Diaz.

NEWS FORECAST OF COMING WEEK

Interstate Commerce Commission Begins Session at Chicago Next Monday.

The appeal in the case of the state of North Carolina against the Southern railway, in which the railroad company was fined for selling tickets at government in excess of 2.14 cents, will be heard by the supreme court at Raleigh on Tuesday.

THE ALLEN PREPARATORY SCHOOL

Question OF THE HOUR,

discussed with earnestness in hundreds of homes, and dealing with the future material welfare of thousands of young people, pertains to school matters. What course shall be taken? What will be the best in the end?

LET US REASON TOGETHER

We may be able to help you solve the important question under consideration. These are facts—ours is a growing institution. We occupy 2 floors 65 by 100 feet, and have a \$20,000 equipment. All schoolrooms are large, well ventilated, perfectly lighted, warm and comfortable. Our building is new, plumbing is modern, general conveniences are first-class in all respects. Our faculty is composed of bookkeepers, stenographers, lawyers and others who have practiced what they teach, know business requirements, and instruct accordingly. Supervision of the work of students is close, their progress rapid and substantial. Reports are mailed to parents at intervals of two weeks. This is an incentive to regular and punctual attendance, earnest application to study, and correct deportment. It also conveys valuable information to parents, and enables them to cooperate with us to impart business-like habits to young people.

ITS LEADING CHARACTERISTIC

The dominant feature of the Portland Business College is quality of instruction. No school in America outranks it in this respect. Reputation for thorough work brings us many more calls for office help than we can meet. A position is certain for each student as soon as competent.

WE TEACH THE FOLLOWING BRANCHES

Spelling, Grammar, Writing, Arithmetic, Correspondence, Commercial Law, Bookkeeping, Banking, Business Forms, Business Practice, Corporation Accounts, Office Work, Short-hand, Typewriting, Letter Copying, Mammifolding, Mimeographing, Legal Forms.

Office open from 8:30 until 6 o'clock, and at any hour in the evening by appointment.
