INSURANCE MEN IN SESSION AT RICHMOND

(United Press Leased Wire.)
Richmond, Va., Sept. 17.—The thirty-eighth annual convention of the National Association of Insurance Commissioners, which assembled here today for a three days' session, marks an epoch in the history of insurance in America. It has brought together several hundred of the foremost representatives of life, fire and accident com-

panies and of fraternal societies. Addresses on all the main features of insurance will be delivered by men who stand at the head of the insurance world. In addition to the annual address by President Adams of New Hampshire, President Kingsley of the New York Life will speak on "The Future of Life Insurance"; F. L. Hoffman, statistician of the Prudential, on "Government Regulation of Insurance in Germany"; Miles M. Dawson on "The Functions of Actuaries in State Supervision"; S. H. Wolfe on "Fidelity and Surety Reserves"; President Bland of the United States Fidelity and Guaranty on "Limitations of Risks to Be Assumed by Surety Companies," and Com-

missioner E. E. Rittenhouse of Colorado on "Pooling the Public." Commissioner Crouse of Maryland will review the life insurance legislation enacted in the various states within the past two years, and George A. Bangs of North Dakota will speak on fraternal insurance. A number of important committee reports also will be presented to the convention.

OIL TRUST HEARING RESUMED AT NEW YORK

(United Press Leased Wire.)
New York, Sept. 17.—The taking of testimony in the government's suit to dissolve the Standard Oil company of New Jersey was resumed today before Judge Franklin Ferris, of St. Louis, who was especially appointed to take the testimony. Contrary to the reports sent out some time ago it is not expected now that John D. Rockefeller, H. H. Rogers or other Standard Oil magnates within this jurisdiction will be called upon to personally take the stand. The

testimony to be taken will be almost wholly of a documentary character, and will be reported back to the United States circuit court at St. Louis, where the government's suit to dissolve the so-called "oil trust" was brought.

YOUTH TAKES HORSE AND EVADES SHERIFF

(Special Dispatch to The Journal.)
The Dalles, Or., Sept. 17.—Clyde Cribbins, a youth 13 years old, has been arrested for stealing a horse from Mr. Barnett of Lexington. He rode the ani-

mal to Rock Creek, about 60 miles distant into Gilliam county and sold it for \$10. The animal was worth \$200. The boy acknowledges taking the horse but gives no reason for the act. When arrested his pockets were full of candy and he was enjoying a feast of good things bought with the \$10, oblivious of everything around him. He evaded arrest in Arlington by getting on an east bound train and the marshal thought he had gone east, but the boy stopped at Heppner Junction and boarded No. 1 going west, but was overhauled in this city and placed in jail.
