THE OREGON DAILY JOURNAL, PORTLAND, SATURDAY EVENING, SEPTEMBER 21, 1907.

eral sales to be made at sc a point within the last 24 hours. The sales were for small amounts but were large enough to show which way the wind is blowing. This seems ta be a good wind for the growers as no longer are the shorts so independent. While be-fore harvest they were not willing to even advance the bare cost of picking the hops, they are today freely offer-ing 8½ and even 9c for good goods. There are reports of 10c a pound being paid for excellent quality but these cannot be confirmed as all the bear dealers are in a clique to keep the prices paid from being known. One of the newest schemes of the bears is to publish a report of a big production everywhere except in this state and even the production of this state is boosted for about 20,000 hales more than legitimate dealers will ad-

state is poosted for about 20,000 bales more than legitimate dealers will ad-mit. These dealers change their es-timates every time the wind changes its course. One day the crop is the shortest in years; the next day it is about the best in years. Then for each successive day the record is gone over in the same way. in the same way

### Elaber, Wolf & Netter Report.

**Elaber, Wolf & Hetter Report.** Klaber, Wolf & Netter, supposed to be one of the largest short sellers of hops in this city, are out with another statement showing the great crop everywhere. Not only does the firm give this year's estimate fully 20 per cent higher than dealers who are not said to be short, but the figures of last year, especially for Oregon, are so badly padded from other dealers' points of view that they are scarcely to be recog-nized. The firm gives Oregon 160,000 bales for last year, but the crop never reached over 150,000 bales. The fig-ufes of the hop company are said to have been received from railroad sources and their figures are compiled from first of year to first of year and not from crop season to another. In this way the railroad figures do not clearly reflect the crop. clearly reflect the crop. Klaber, Wolf & Netter's figures fol-

Is No. 13,885. The Portland Meat company has just been reorganized, with Charles Bruhn, of the Frye-Bruhn company of Seattle, one of the weatchiest packers in the north-west, as the leading spirit in it with Mr. Zimmerman. Mr. Bruhn only ar-rived in Portland this morning from Se-attle, and spent the morning at the comitle, and spent the morning at the com-

attie, and spant the morning at the com-pany's offices arranging plans for en-larging and improving the plant. It is claimed by Mr. Zimmerman that he has the right to operate his plant within the city limits as he had an ordinance passed while he was a mem-ber of the city council giving Louis Zimmerman—himself—such a right.

### Stands on Old Ordinance.

ilseases.

The

tion.

ure.

This ordinance was later repealed and

This ordinance was later repealed and an August 1 last Zimmerman was ar-rested charged with a violation of the ordinance. He applied for a writ of habeas corpus against Chief of Police Gritzmader to compel him to release him, but the writ was denied. Later Zimmerman appeared before Magistrate Cameron in the municipal court and claimed that the court had no jurisdic-tion as he had appealed the question of the legality of the repeal of his or-dinance to the supreme court. It is believed that if Zimmerman, Bruhn and their men are again brought into court on similar charges they will

into court on similar charges they will make the same plea unless Magistrate Cameron decides against them previusly

This morning Mr. Zimmerman de-clared that he believed he had a perfect right to operate within the city, as his ordinance said that he would be given that exclusive privilege and the council could not legally rescind it.

## Wait Upon Supreme Court.

"There is no one in South Portland who does not want this packinghouse here." said he this morning, "and until the supreme court decides on the legal-ity of the question they have no right to interfere with my business or ar-rest me and my men. So long as the people who live near here have no ob-jections the police needn't step in." Mr. Bruhn arrived this morning and declared that the company was going

declared that the company was going ahead to make what improvements

alread to make what improvements it thought necessary. "I think Portland is going to be n splendid place for a large packing-house outside of the one that Swift & Co. say they are going to build," said he "We are planning to spend about \$5,000 for sheds and platforms immediately and the entire plant has just been thoroughly overhauled and renovated. just been renovated.

## Increase Capacity.

Be a Perfect Man "Our capacity at present is 40 cattle, 60 hogs and 100 sheep a day and as time goes on we will increase the plant when business makes it necessary. We have organized with a capital of \$100. 000 outside of the plant and buildings

My treatment for Specific Blood Polson forces the very last taint of virus from the system, and all this is accom-plished without he use of dan

I have conclusively demonstrated the fact that derangement of the mascu-line functions is a curable ailment. That there has been considerable di-versity of opinion upon this point among the profession is but an evi-dence that functional weakness has not been thoroughly understood and has been unscientifically treated. Though commonly regarded as a nervous disorder, it has never yield-ed when treated upon this theory. I have ascertained by the closest observation in thousands of cases that only in rare instances is the general constitution or nervous sys-tem involved to any noticeable de-gree whatever, and that "weakness" in all its phases is merely a symp-tom of nervous disorder. In by far the greater number of cases the functional derangement is due to a single case, a chronically inflamed condition of the prostate gland, brought on by early dissipation or lingering as a result of some im-properly treated contracted disorder. Such cases may show temporary im-provement under atimulating pro-cesses of treatment, but ultimate re-lapse is certain to follow all such methods. The only radical cure is the absolute removal of the ab-normal condition responsible for the functional disorder, and this I posi-tively accomplish through carefully directed local measures. My treat-ment is entirely distinctive and original. No other physician em-ploys like methods or approaches my success in curing. The results I ob-tain are thorough and lasting, and strength and vigor are restored in My colored hart affords an interesting study in men's WIII be sent free success in curing. The results I ob-tain are thorough and lasting, and strength and vigor are restored in the full and normal degree. upon applica-

The farmers in the southern end of Adams county are further ad-vanced with their harvesting than in the northern part. Northward from Fletcher there are many fields yet un touched, and the farmers are getting anxious. In parts of southern Adams county considerable grain is being sold, and several cars of wheat will be shipped this week, but it is thought that soon there will be a shortage of cars and grain buyers will be taken off the market. Total sales for day, 157,700 shares. New York Cotton Market. Open. High. Low.

## EGGS FROM NEBRASKA COMING TO OREGON

## By Hyman H. Cohen

From faraway Nebraska, some 1,600 miles from Oregon, there is a revival in the egg business, due to the heavy pur-chases being made from Pacific coast points including Portland. Haines struck tim with the for and the knifed his assuliant. The parties live in the country 20 miles from The Dalles. 1327 125 % 121 % 120 % 121 %

points, including Portland. Eggs are now coming to the Portland market from Nebraska by express with charges of \$4.45 a case or about 9c a dozen. These eggs are brought to Port-land within 4 days of the time they are gathered, thus putting them in ex-erths. In the the sum of the time they are gathered, thus putting them in ex-the sum of the time they are gathered. The sum of the time they are gathered. The sum of the time they are gathered. The partles in the form the country for the partles from the balles. Little liners in The Journal cost only a cent a word. Fifteen words or less 15 cents an insertion. Phones: Main 17173; A-3230. 87 28 are gathered, thus putting them in ex-actly the same class as the local goods because a large, per cent. of the home stocks do not reach this market for over a week after they are gathered. Even with this high express charge the shippers of the eggs are able to maintain a handsome profit and while the shipments by express are an experi-ment they will likely be continued dur-ing the winter months, when eggs al-ways reach an exhorbitant figure on 21 3/2 75 21 45 3/2

here and have two acres of ground with the privilege of securing more if we de-sire it, so that we have plenty of room for expansion."

The plant has been recently painted inside and out and the capacity of the cold storage cellars has been largely increased. The present owners promise to run it in the most modern manner and declare that it will be no menace to the city or the comfort of those in its neighborhood.

## CLATSOP LARCENER UP FOR ONE YEAR

(Special Dispatch to The Journal.) Astoria, Or., Sept. 21 .- An information

was returned yesterday in the circuit court against J. H. Andrews, charging him with larceny from the person. He is the man who is charged with having stolen \$70 from Louis Fennel, a logger, while they were on a steamer coming from Grays River. Andrews was given until Tuesday to plead, John Doe Wah, a Chinaman, was charged by District Attorney Hedges

# COW GETS WASCO

## MEN IN TROUBLE

(Special Dispatch to The Journal.) The Dalles, Or., Sept. 21.--Walter Hill was yesterday held in \$500 ball to appear in circuit court on a charge of assault with intent to kill. He fur-nished cash ball and was given his liberty.

The assault was committed on Rube Haines, whom he cut in the face, shoul-der and side. Haines came to this city with inten-

tion of having Hill arrested on the charge of stealing a cow, which resulted in a quarrel between the parties, when

### Buying Is Stopped.

(Special Dispatch to The Journal.) Kahlotus, Wash., Sept. 21.-Consider

man as you used to be; physically, mentally and otherwise? Do you know why? Failing power, loss of vitality and drains are the most frequent cause. It stands you in hand to stop those drains on your very vital force itself. Go to a specialist who can cure these allments unledly and surely. Come to us quickly and surely. Come to us.

## SEEK HELP WHERE IT IS CERTAIN TO BE FOUND.

This institution has built up its splendid practice more by the recommendations given it by its PERFECTLY SATISFIED PATIENTS, who have received the benefit of its modern, scientific and legitimate methods, than in any other way. If you are not a perfect man—come to us. Isn't it worth the little time it will take when you are CERTAIN that you will have the benefit of HONEST, SINCERE physicians. A consultation costs you nothing EXCEPT your own time.

We cure safely and promptly WEAKNESS, LOST MANHOOD, SPER-MATORRHOEA, SPECIFIC BLOOD POISON IN ALL STAGES, VARI-COCELE, HYDROCELE, GONORRHOEA, GLEET, OR ANY OF THE DISEASES COMMON TO MEN. Personal attention given all patients

## WE CURE WEAKNESS

This is to men who lack courage, whose nerves are shaky, whose eyes have lost the sparkle, whose brains are muddled, ideas confused, sleep restless, confidence gone, spirits low and easily depressed, who are backward, hesitating, unable to venture because they are afraid of failure, who want somebody to decide for them, who are weak, run down and restless. It is to men who have part or all of these symptoms and want new life, new energy. We especially solicit those cases in which many so-called treatments have failed, or where money has been wasted on other methods of treatment. Don't experiment when our direct method offers a certain means of cure by local treatment. offers a certain means of cure by local treatment.

## WE CURE VARICOCELE

Varicoccle causes congestion of the blood in some of the most vital blood vessels of man. It causes a dull heavy, listless feeling, which is often mistaken for nervous debility or general decline. Varicoccle re-sults from partial paralysis of the delicate nerve fibers that control local circulation of the blood. The muscular conting of the veins is deprived of nervous control and become inactive, weakens and relaxes. The blood vessels expand from the pressure within. The circulation becomes slug-gish and clots form in little nooks and pockets that constantly enlarge gish and clots form in little nooks and pockets that constantly enlarge as the relaxation continues. We have cured thousands of complicated cases where others have failed. Our offices are well appointed and equipped with the most mod-ern appliances and the latest inventions essential for the proper and up-to-date treatment and cure of special diseases. You may consult us privately in confidence. You will be examined in a thoroughly scientific manner and our diagnosis and advice will be cheerfully given to you absolutely free of charge. After this if you de-sire to be treated we will cure you and make you well and strong as

sire to be treated we will all ments are, call or write to us today, stating No matter what your allments are, call or write to us today, stating your case plainly in your own way, and receive the benefit of a modern, skillful diagnosis. able trouble is being experienced by the

grain shippers in getting cars to trans-

port their wheat to Portland and the

coast. As a result of not being able to

move the wheat which has been puts.

move the wheat which has been put-chased, several of the local warehouses are out of the market entirely. The wheat crop throughout this part of Franklin county has been nearly all cared for, and the farmers are now plowing and seeding. The farmers say from present indications this will be one of the most favorable years for fall sown grain in the blatory of the district.
