Sale of Carpets, Rugs, Draperies

There is certain satisfaction in going to the "best" furniture house. And many are the occasions when you are called upon to answer some such query, "Where did you get that handsome chair?"—or table, or whatever article may be under discussion. Isn't it with a feeling of pride that you can answer, without hesitancy, "I bought it at Gevurtz." Why? Because it's the name that speaks of quality and of merit. The name that is highest in rank of all representative furniture houses of the Northwest. The name that commands the appreciation and the confidence of the people of Oregon—and which respects and repays that trust.

The Rug
Selling Monday
Includes:
\$60 Royal Wilton,
9x12 size, \$43.50.
\$45 Extra
Axminster, 9x12
size, \$32.50.

The Best Furniture House in the Northwest

250 of These HIGHEST
GRADE \$10.00 Couches
on Sale Monday at \$4.50

\$10.00 Sanitary Couch \$4.50

NOTE—We will absolutely refuse to sell or consider orders coming from retail merchants either in or out of Portland on these couches. To guard against agencies, we limit the sale one to a customer.

Way Below the Actual Cost Price

Not the Common
Sort
That Most Stores
Carry.
Read the
Description.

Made of malleable steel frame—and not cast iron (as is included in the makeup of the grade sold at \$8.) Springs are of best oil-tempered steel (which means a more rigid strength.) Wire is extra cold drawn steel. The frame, instead of being put together with screws, has 54 separate bolts. Do not confuse this with the cheaper grade. This shipment just reached us and we are offering it at this tremendous reduction—and at an actual \$500 loss—for the purpose of taxing the capacity of Oregon's largest furniture store Monday. 250 in exact count. Guaranteed to be regular \$10 values. Every one Monday \$4.50

There Are Two
Grades,
\$8 and \$10.
These Are the
Best,
the \$10 Ones.

The Grandest Glory On the Cooking Horizon

"ECLIPSE"

The Range that fills the kitchen and the home with an atmosphere of satisfaction. The Range that proves what other ranges claim. Made from the highest grade metal—cast iron and sheet steel. Put together by masters in stove mechanism.

There are many (exactly 15) features in the "Eclipse" which far excel similar parts of other makes.

There's a 15-year guarantee attached to every "Eclipse." There are far more "Eclipse" Ranges working in Portland today than there are any other make.

All put together, this means "ECLIPSE IS KING," \$35 to \$55. \$1 down, \$1 a week.

"ECLIPSE"

There's a certain stylish look about "Eclipse" cooked food. There's a noticeable healthful color about "Eclipse" cooked pastry. There's a mighty inviting odor from the "Eclipse" cookery. There's a difference between the ordinary and the thoroughbred—so is there the same

difference between other ranges and the "Eclipse." The Blue Ribbon Range—the winner of the highest merit degree conferred by her majesty—"The Cook." \$1 down, \$1 a week.

"Eclipse" Heaters for Wood and Coal. Economical in the consumption of fuel. Quickly heats more room than do other stoves.

"Eclipse"—the high stepping quality, mate of the great range by that name.

Everlasting—ever satisfying. \$10 and upwards.
