Illinois People Portland-Bound Taken Off at a Station in Idaho.

(Special Dispatch to The Journal.) Boise, Idaho, Sept. 21.-By an unheard of coincidence an entire family. parents and six children, were seized

with an insane mania on a westbound train on the Oregon Short Line today and were taken off at Mountain Home. a station 50 miles southeast of this city. It has so far been impossible to ascertain their names.

They were on their way from Illinois to Portland and appeared to be well-to-do people. The father was so violent that it was necessary to the him down when he was taken to the Elmore county jail. The condition of the rest of the family is not so serious and it is thought that with proper care and rest they will recover.

The only theory advanced to account the strongly simultaneous salesure.

for the strongly simultaneous seizure is that the afflicted ones shared some peculiar and very high nervous suscepti-bility, perhaps hereditary in both lines, and that in virtue of this they were maddened by the heat and dust rising maddened by the heat and dust rising from the vast arid plains the Short Line traverses. At this season the summer's heat on the great Snake river plain has scarcely begun to wane, while the dust is something almost intolerable, as the fall rains are not due for many weeks yet. The phenomenon of sudden dementia due to unaccustomed alitude is not infrequent on the mountain divisions of the transcontinental lines, but the comparatively low-lying plain of southern paratively low-lying plain of southern Idaho could scarcely produce the con-ditions for irresponsible exhibitation. The unfortunates are being well cared for by the authorities of Elmore county.

EARLE'S AFFINITY IS ANNOYED BY GOSSIP

Miss Kuttner Says Artist's Wife in France Will Sue for Divorce.

(Special Dispatch to The Journal.) noyed by her neighbors' curiosity that "There is no truth in the story that Mrs. Earle I is decided not to sue," she said. "Mr. Earle and I will be married. This is definitely settled."

If there be man, woman or child who has trouble with digestion, let him or her adopt the following menu and depend upon relief:

A little fruit. Saucer of Grape-Nuts with

A soft-boiled egg. Slice of hard, crisp toast. Cup of Postum Food Coffee (be sure to boil it 15 minutes and it's delicious)

Let these articles constitute the breakfast, a luncheon or supper, and nothing more.

In a few days the old world will turn around your way, and life seem worth living. Try it.

"There's a reason." Read "The Road to Wellville," in pkgs.

HOME BONDS SUB-SCRIBED AT MEETING

(Continued from Page One.)

were extremely quiet and attentive throughout the meeting. It was obvi-ously a serious business upon which they were bent, and each face bore an expression that went for more than the ordinary interest or curiosity apparent at average public assemblages. Until the meeting was half over no evidence of the temper of the meeting

out.

Mrs. Russell Dale, of Chicago, dislocated left hip and fractured right
femur.

Howes, sister of Mrs.

Jefferson Myers, who is one of the largest depositors, was the first speaker invited to talk. He said that if the depositors not 50c on the dollar as the

would be for the depositors.

"I think 60 per cent and possibly only 50 per cent is as much as we can count on. We know that we have a good many bonds in this bank, but if they are seld now they will be forced down on a bearish market and sold at the lowest price.

the lowest price.
"In any settlement by the receiver, requiring two or three years, these will

Depositors Must Help.

"I believe that by subscribing to this Home Telephone stock and bonds I will get every cent of my money back in three years or less time, with interest, and possibly some profit. I think we all agree that we have every reason-able assurance that this Home Tele-phone company will be a successful in-stitution.

phone company will be a successful institution.

"I don't believe that any business man or banker or newspaper in the state will be against us if we attempt to open the bank.

"It is hard for me to say what is the value of the assets of the bank. There are many notes in it that are said to be bad. If we reorganize those owning notes in the bank may pay up in full and take their pro rata of profits.

"I think the first dividend can't be paid before February, and that would be 15 per cent; the next one would be in August, perhaps, and might be 25 per cent. The next one would probably come in a year and might be another 20 per cent. There is 50 per cent in two years, the best the receiver can possibly do.

"I hope that we can establish a precedent so that all banks in the future in

itor must do it for himself." Statement of Resources. Explaining in detail the basis for the

plan of reorganization proposed by Sen ator Haines and himself, Mr. Myers gave

resources 300,000 Total\$2,027,003 Carrying out the computation to show

Carrying out the computation to show the entire solvency of the reorganized bank, he said that in a settlement of everything on the foregoing basis there would after payment of the foregoing amounts, remain due to depositors a balance of \$275,000 in the bank, and this balance would be secured by all the Moore lands and other uncollected resources of the bank, amounting to about \$829,000; capital stock of the Home Telephone company having a market value of about \$91,000 at 25 cents per share. There have been sales cents per share. There have been sales of this stock at 40 cents.

Senator Haines Speaks,

Senator E. W. Haines was the next Senator E. W. Halnes was the next speaker, saying in part:
"I believe you have a chance to pull out of this failure with whole skins. We must not say, 'Let the other fellow take the bonds. I'll take the cash.' That will never do if we are to get the best out of this thing. I was inclined to believe that the receiver would be the thing that I was inclined to believe that the receiver would be the thing the receiver t not favor this reorganization, but I want to say that he is lending his information and intent to make the bank

DON'T BE FOOLED

When you read the desperate advertising now being done by firms trying to place in the homes of Portland inferior ranges at first-class prices. These ranges are good for only a short time. They will not last and are not worth the price.

LET US SHOW YOU WHY **AXIOMS**

An axiom is a self-evident truth.

1-Wrought Iron Is Stronger Than Cast Iron. Monarch Ranges are made of wrought iron and steel. Other ranges are made largely of cast iron. 2-Rivets in Construction Hold Tighter Than Bolts.

Monarch Malleable Ranges are built with rivets. Ranges with cast iron tops cannot be riveted for the hammers would break them. 3-A Light Weight Range Will Not Stand the

Racket for Any Length of Time. The smallest Monarch Range weighs 400 The same size in other makes weigh pounds. less than 300 pounds.

4-Stove Blacking Is Dirty.
The top of the Monarch Range is ground by emery wheel to a fine polish and does not need blacking. Tops of other ranges are comparatively rough and must be blackened.

5-The only reason other ranges are sold is because people do not know about the Monarch, or do not realize that the best is the cheapest. We will prove this to you if you will call and see a

THE THE THE THE

The makers of the Monarch Range have added to their line Monarch Gas Attachment, which is sold when desired with Monarch Malleable Ranges. These gas attachments are made strongly of malleable iron and steel, riveted together, and are of the same construction as the Range and made to match it perfectly. These new improvements should be of interest to everyone building a new home, and to many who are using old-style ranges.

You'll Come

haven't you all to gain and nothing to lose by having this extra money added to the institution? If he puts his \$300,-000 in this bank he isn't going to allow it to go-down. If his backers find that \$300,000 isn't enough then they are pre-

pared to put up more. Put Good Men at Head. "I don't think we need fear that if we have good men at the head of the new institution that you will withdraw your accounts. I think you will be glad to assist at the re-organization of this institution."

assist at the re-organization of this institution.

"If either the depositors or Mr. Moore fall to make good then the receiver will go on with the bank and will make it pay as much as possible.

"Those who have notes" formation and intent to make the panal pay dollar for dollar.

"Now the bank has \$1,200,000 in bonds and I believe these bonds are good. I do not believe that the stock of the telephone company will be worth anything if thrown on the street now, while if we can keep it I think it is bound to command a good price in a short time. With 10,000 people holding it in this city alone the stock is bound to become valuable and the telephone company to grow.

All to make good then the receiver will go on with the bank and will make it pay as much as possible.

"Those who have notes now in the bank in any event be recalled to pay you back whatever you get out of this find great difficulty in meeting their payments. If it is reorganized they will be given an opportunity to pay bank to pay with. My experience with the receiver for the bank failures and receiverships is that the receiver for the bank does not such the receiver

"I hope there is no depositor in this room that would refuse to walk up here and sign whatever these men asked you to sign by which you could get back 100 cents on the dollar," he declared. "There is no other earthly way for you to get it. Under the plan suggested you take no chance in the world. When Mr. Moore and the others raise \$300,000 and put it into the bank reorganization, what chance is there for you to lose?

"Subscribe for the bonds, and do it as

was responded to by Herman Wittenberg, who said:
"Don't be deceived by the statement that the Home Telephone people will have to protect their bonds and that they will purchase them at full value from the receiver. Bear in mind that the telephone company holds certificates. the telephone company holds certificates of deposit against this bank for

of deposit against this bank \$400,000. Bonds Pay Interest.

"They will, under the receivership, take their pro rata of the money due to depositors, and will then buy in the this city alone the stock is bound to become valuable and the telephone company to grow.

"I am not representing the State Bankers' association, but simply as an individual. I have not a dollar's interest association reduced a report of the work in the matter excepting to help you. I believe you will never receive more than 18 for finvestigation performed by the committee of conjunction with Messrs.

"I will admit that I was skeptical when I talked to Mr. Moore and he told me that when I talked to Mr. Moore and he told me that when I talked to Mr. Moore and he told me that believe you make that amount of money. Now some good men have told me that with the depositors to get them to conthere is no doubt about Mr. Moore being able to raise the extra \$300,000. Now, sent to allow the bank to reopen.

The receiver for the bank does not succeed in paying more than 25 to 50 cents on the dollar.

Easolution is adopted.

Fask Melvin, of the executive committee committees of the depositors and but the receiver's sale. The best pixes for these securities is in your association pay and you can hold them for a favorable market, and get your money out with interest.

That we as members of the Depositors' and will then buy in the bonds at cut-throat prices, whatever they will bring at receiver's sale. The best pixes for these securities is in your on the securities in conjunction with Messrs.

Myers and Haines.

District Attorney John Manning, who coupled a seat on the stage, was invited to speak. He said it appeared to the positors' association, and a further and the receiver's ale. The bonds at cut-throat prices, whatever they will bring at receiver's sale. The bonds at cut-throat prices, whatever they will bring at receiver's sale.
