# ODAY'S MARKETS

With Early Delivery Staring Them in the Face Short Sellers of Hops Are Now Freely Offering 9c to the Growers

# HOP TRADE TO

Increase in Transactions Expected-Nine Cents Is Now Freely Offered.

Latest market features:
Hop buying to become lively
Dressed meats still very firm.
Eggs selling at various prices.
Poultry market is dangerous.
Cornmeal advanced 20c,
Walnut prices opened much higher.
Provision prices are changed.
East inquiring for Oregon wheat.
Flour market gaining strength
Potatoes are quite slow sellers.
Trade says onloss are too high.

Hop Buying to Become Lively. Present indications are that trading in hops will show a heavy increase within the next few days. Nine cents is now said to be freely offered but only one sale, the purchase of 100 bales by Harry L. Hart has thus far been confirmed at that price and the trade says this is all that was made up to yesterday. However, the indications are that 9c will be paid in a number of instances today because the dealers want the hops and are out in the country after them. Practically every large buyer sent agents out in the country this morning bright and early so as to be the first one in the field.

There is no disposition among the

There is no disposition among the growers to let their hops go under 9 and 10c for good stock and dealers are beginning to come up to the asked figures. Harry L. Hart, one of the most prominent buyers in the state, went up the walley this morning and says that prominent buyers in the state, went up the valley this morning and says that he will probably take in several lots during the trip. Mr. Hart says that there will be something doing in hops soon; some surprises being promised in the way of purchases and prices.

Early Sales Must Be Covered. It is stated that early sales of hops must be covered by the local trade with-out delay, as the eastern buyers are al-

out delay, as the eastern buyers are already clamoring for their purchases. It is reported that this will bring forth a number of offers at top values.

E. N. Young, who was in the city this morning, stated that the crop this year on the west side ranges from 20 to 50 per cent smaller than last year. Mr. Young states that the vards in the vicinity of Independence have the best quality in recent years because they were properly sprayed. He also stated that some very poor quality is shown in some districts, thus confirming all recent remarks made in this paper.

Walnuts Open With Reavy Advance.

Walnuts Open With Heavy Advance. Walnuts Open With Heavy Advance.
Watnut prices are now open for the season of 1907-8, and are fully 4c a pound higher than the exorbitant figures of a year ago. It was believed by all that the extremely high values quoted by the California association a year ago would not be duplicated for many seasons but this year the values have not only met them, but actually show the sharpest advance ever made at the opening of one season when compared with the previous one. In this city jobbers are asking 17½c a pound in single sacks.

Another Boost in Bean Values.

Another Boost in Bean Values.

In all lines of the bean market, with the exception of Mexican reds, values are higher today. The firmness is especially noticeable in large whites and pinks but all grades are showing considerable strength. One of the principal reasons for the advance today is that the crop in Michigan is considerably damaged and eastern buyers have already invaded the California market. The spot market for beans has been firm for some time; more especially for large whites and pinks, and this damager whites and pinks, and this pickled tongues, 70c each. Another Boost in Bean Values.

large whites and pinks, and this dam-age news from the east has set the trade crazy. It was expected that when the new limas came in that prices would recede in that grade, but the great strength in all other lines is now ex-pected to hold up the limas to present better figures

Small Hams Higher, Others Down. The Union Meat company today advanced the price of small hams %c a pound and cut the value on the larger sizes the same amount. Picules are down %c, while standard lard is advanced. No other changes in provis-

Dressed meat-market remains in fine shape with small arrivals of fancy yeal. Some obtaining 1/2c advance for small Chicken market is showing very

heavy receipts today. While some dealers have been receiving an advance of late over the printed list this has hurt the market and today chickens are on Eggs are selling at all sorts of prices
—some talking of 30c for strictly fresh
Oregons, while others say they are able
to obtain 32%c.

Potato Market Is Slow. There is a very slow demand in potatoes at this time; both local and outside. Some small buying is still reported but at a lower range of values. While some dealers are still trying to obtain \$2.25 for best onlons, their sales are nominal and most of the

sales are nominal and most of the stocks moved are at \$2. Few fine peaches are shown in market today. Pineapples from Honolulu are in larger supply. Five dollars a dozen for Front street prices:

# HELP TO TRADE

Dismisses Alton Case Causes Reversal.

STOCK MARKET GAINS. Amalgamated Anaconda N. Y. Cen.... Reading ..... Atchison anadian S. Steel ..... STOCK MARKET LOSSES. Colo. So. 1st .... Gt. North pref. 16 Penn.

Leased Wire Overbeck & Cooke Co. New York, Sept. 24.-After a very dull though weak opening the stock market strengthened but was still dull late in the day. The recovery was

caused by the report that Judge Landis had whitewashed the Alton by dismissing the rebating case today.

The rumor that the Westinghouse and General Electric companies had purchased about 25,000,000 pounds of copper at 15c was also an aid. Metal quotations today are 15c librations. ations today were steady at 15@15½c for Lake, 14½@15c for Electro and 14% @14% of for castings. London was lower early in the day or Americans. Official prices

Southern Idaho-Fair tonight,

warmer east portion; Wednes-

Leased Wire Overbeck & Cooke Co.) Chicago, Sept. 24.—There was a sharp

took place during the morning with more or less long wheat coming on the market and quite a lot of short selling at the same time. On the break the market ran into extreme duliness. Shipping and export business started fresh buying, causing shorts to cover. There was some talk of selling at Minnespolls by Chicago leaders. It was certain that a number of muthinest bounds. tain that a number of northwest houses were among the best buyers of wheat here late in the session.

At St. Louis there was a big demand for cash wheat. No 2 hard sold at \$1.02.

Bradstreet's report of grain visible

supply:
Wheat East of Rockles, decreased 116,000 bushels; Canada, decreased 676,000 bushels; Europe and affoat increased 6,500,000 bushels; total increase, 5,708, 000 bushels.

Corn-Increased 1,402,000 bushels. Oats-Increased 1,766,000 bushels.

Weekly Visits to Every District.

Portland's schools will be inspected every week by a corps of young physicians under the direction of Dr. Esther C. Pohl, city health officer, without

ther C. Pohl, city health officer, without cost to the city or district.

At its meeting last evening the school board accepted Dr. Pohl's proposal outlined soon after the opening of school. Mrs. Millie R. Trumbul, of the board of charities, also offered the school board the free assistance of a number of nurses who will aid the physicians in preventing infectious discases in the schools.

physicians in preventing injectious diseases in the schools.

This is considered a distinct achievement and at the same time an original one. The idea was advanced by Dr. Pohl after a thorough canvass of the situation, and its practicability immediately struck the members of the

At the meeting of the board last evening City Superintendent Rigler in-formed the members that after the February examinations additional high school room would be needed. Whether an annex will be constructed on the cast or west side or an entirely new

east or west side or an entirely new high school building erected, remains to be worked out later.

The school board intends a vigorous enforcement of the compulsory education law and truancy will be prosecuted. Children between the ages of six and 14 years must be kept in school unless physically unable; also, all children between the ages of 14 and 16 years who are not regularly employed in useful pursuits.

break in wheat values early owing to the extreme bearishness of opening cables. The latter recovery and strength was due to the good cash call.

The bulls and bears both had a turn at the market today. The weakness Residents of Rose City Park applied for a teacher on half pay to teach the 15 pupils in that suburb, and the matter was referred to city Superintendent | F. B. HOLBROOK CO.

# SHAKE ALASKA

Two Severe Shocks Are Felt at Skagway-Davidson Glacier Is Moved.

(United Press Leased Wire.) Juneau, Sept. 24. - An earthquake shock was felt at 4 o'clock this morning at Juneau, Halnes, Skagway, Sitka and other points along the coast.

Skagway, Alaska, Sept. 24.—A second and more severe earthquake shock occurred shortly before 6 o'clock this morning which thoroughly aroused the inhabitants, but did no damage.

At noon a dispatch was received from William H. Seward that Davidson Glacier, one of the historical ice fields of the north, had moved forward.

### VALUABLE ESTATE FIGURES IN CONTEST

Widow and Son Arrayed Against Young Daughter and Trustees.

The contest of the will of Frank Zan, or Zaninovich, was begun before Judge Webster in the county court this morning. An estate valued at about \$25,000 San Francisco, Sept. 24.-Official is involved in a contest in which the Wheat—December, \$1.63 \( \)4. Widow and a son of the deceased are ar-Barley—May, \$1.49; December, \$1.45 \( \)4. rayed against the 8-year-old daughter

and the trustees under the will. Zan drew the will October 12, 1905, is the office of Teal & Minor in this city. The next January, at Wickenburg, Ariz, he died and the will was probated. It was found that a small bequest only had been left to the son, D. A. Zan, and the widow had an income for a term of years, while all the re-mainder of the estate was to go to the

daughter, Regina. daughter, Regina.

The contestors allege that at the time the will was made, and for years previous, Zan's mind was unsound, and that he was incapable of making the will. Testimony is being heard this afternoon

#### FLORENCE-COOS BAY AUTOMOBILE LINE

Thomas Wolfe of Florence is in Port-Thomas Wolfe of Florence is in Portland to purchase an automobile for a line which he and two other residents of Florence will establish between that place and Coos Bay, driving the machines up and down the beach on the sand. They expect to make the trip between the two points in two or three hours, the distance being only 40 miles. Another auto will be added to the line if it proves a success. This will give quicker transportation facilities to Coos Bay than are enjoyed at present. One can leave Eugene on the stage in the can leave Eugene on the stage in the morning, reaching Florence that night and arriving at Coos Bay before noon

# Nature's Food FOR WEAK NERVES

If your nerves are weak they need energy-nourishment. Drugs don't give that.

The man who tries to cure a nerrous ailment by doping the stomach with drugs is working against nature. Drugs poison the nerves-decrease their energy. What the nerves want is nourishment-something that gives new power. Electricity is nature's food for the nerves. It's the power that runs the human machine. Nearly every ailment can be traced to a lack of electric energy. When the body has a full supply of this force there can be no pain or sickness.

Electro-Vigor pumps a stream of electric life into the nerves while you sleep. It fills them with new energy-new vim. It removes the cause of pain and sickness by giving to every organ and tissue the force which builds health. Electro-Vigor is an electric body

battery, which makes its own power and is always ready for use. It is not an electric belt and requires no charging. Electro-Vigor does not shock or blister. The only sensation is a soothing glow, which quiets the nerves and induces sleep. I give a free test to those who call.

Every mail brings letters of praise Since using your Electro-Vigor I am wonderfully improved in health. It has made my back strong and I am not bothered with nervousness.

W. H. CARLEY.

Murphy's Cal. After three months use of Electro-Vigor the losses are completely stopped and my power has returned. I will indorse your treatment at any time. EDWIN L, ROSE.
