STANDING OF THE CLUBS.

The Beavers turned the tables on the eals yesterday and walloped them nearly as badly as they themselves were walloped in the opening game. Pitcher Quick was just as easy Thursday as Pitcher Hartman was Tuesday and Portand bore away the victory by a score of 10 to 6. It might just as well have een 10 to 1, but Bobby Groom eased up in the late innings and allowed the visitors to get a few runs of their own.

Portland certainly has a far better team now than at any time before this season. Raftery and Johnson made good from the first day and are now recognised as strong points in the line-up. But McCredie has made another find that looks fully as good as Raftery or Johnson. He is Ed Kennedy, the new first baseman from the lowa State league. Kennedy played his first game Teusday and showed himself a lusty hitter, very fast on his feet and handy around the bag. Yesterday he played his second game and starred so brilliantly as to leave no doubt of his ability. Kennedy came to bat five times and hit safe four times, once for two bases. He also made several difficult plays at first.

The first error to be registered against any of the new men was chalked against Johnson yesterday. In the first inning Irwin hit him a fast grounder. He got it clean, but threw it low in his attempt to catch Hildebrand at the plate. Donabue took the ball on the scoop, but dropped it. The play was a quick one, and had Donahue held the ball Hildebrand would have been out easily.

Bobby Groom was unsteady at the start. He walked three men and hit one in the first inning, allowing one run. Then he steadled down and until the seventh inning but one hit and no runs were made off him. Portland tied the Beavers began a swatfest which did not end until they had gone to bat for the eighth time. Everybody got a hit and in all 19 safe bingles were knocked off Eddie Quick, the cotton-haired boy who rolled them down the alley for the Seals. The official score:

Boxes Much Like Battling Nelson but His Defensive Work Is Not So Good.

(Pscific Coast Press Leased Wire,) Los Angeles, Cal., Sept. 27.—In the pink of condition and ready for their battle, which will be for the light-

pink of condition and ready for their battle, which will be for the lightweight champlenship of the world. Joe Gans and Jimmy Burns (George Memsle) await the call to the ring of the Pacific Athletic club tonight. Big Jim Jeffries will be the third man in the ring and will receive \$1,000 for his services as referee.

Gans is naturally a heavy favorite, but considering the importance of the bout, the betting has been unusually small. Few of the ring experts are able to rigure how Burns has any chance of winning. He is good at infighting and has a hard punch, but in cleverness and all-around experience. Gans is in every way his superior. Burns boxes on the lines of Battling Nelson. He is just as rugged and is thought to be a harder hitter. But he is not as good in his defense. He boxes in an upright posture and for a clever and scientific fighter like Gans he should be easy to get at. The general opinion is that the champion should be able to dispose of the Chicago fighter in a short time.

The fight will be a 20-round affair, and will be the second time in one month that Gans has defended his title. The colored fighter came out of his recent contest with Britt without a mark, and since then has been training faithfully so that he is in exceilent shape for the battle tonight. Burns also has been training for some weeks and the reports from his quarters are to the effect that he is in the best of condition. The contest will be at 135 pounds, a weight which suits both fighters.

OREGON BALL TEAM MAY TRAVEL SOUTH

University of Oregon, Eugene, Sept. 27.-The University of Oregon expects to have such a strong baseball team next spring that already the students are talking over the prospects of games with Berkeley and Stanford. President Campbell wants to see the team go south if possible, and since so many new, good men have already registered, all of the old players are enthusiastic about a trip.

Who will coach the team is not known. Physical Director Bezdek coached the men last year and put out a good team. Gordon B. Frost, the football coach, is an old baseball player, and possibly he might be induced to take charge of the nine. are talking over the prospects of games

Minor League Managers Decide Kelso Has Another Game to Play.

CUBS ARE SELECTED FOR THE SACRIFICE

If Kelso Wins Frakes and Tigers

The monthly meeting of the Tri-City eague board of managers, held last night, was another of those strenuous sessions which have marked the affairs of this hustling organization since it became evident that the Frakes and Kelso teams would be so closely arrayed for the pennant.

Kelso teams would be so closely arrayed for the pennant.

Last evening the directors met to close the playing season of the league, and as far as possible wind up the affairs of the organization. After three hours of "rag chewing" they decided to close the season September 29, and voted one more game to Kelso in order that the Kelso team might have an equal number of games played with the Frakes. None of the managers was overanxious to take on the game with the Tigers, some pleading disbandonment of their teams, others claming that they had played their full quota of games, and did not propose to play any more, so at length the Cubs were selected as a sacrifice, to the bloodthirsty Tigers and for the second time this season it will be up to them to practically decide the pennant winner in this ease; if they defeat the Tigers the Frakes win the rag, if the Tigers eat up the Cubs the Frakes and Tigers will be tied for the pennant, and the tie will be played off in Portland during the first week in October.

Sweeping aside all precedents established by other leagues in the matter of the pneumatic ball episode at St. Johns, the board deliberately voted to allow the game to stand as played and in favor of the Frakes. Summing the

Johns, the board deliberately voted to allow the game to stand as played and in favor of the Frakes. Summing the matter up, Kelso won a point in the political battle and the Frakes came back with another, placing the two rivals about where they were a week ago. Considerable censure was given the league officials for allowing the Frakes. Brewer game of last Saturday, although it was shown that it was a perfectly legitimate game.

it was shown that it was a perfectly legitimate game.

And so the leaders, likened to two great armies upon the eve of a fearful struggle, rest. In the interim the Cubs, who have demonstrated on several occasions that they are in the same class with the leaders, will try to win a good clean ball game from Kelso, and send theif chances gilmmering.

Manager Smith of the Cubs, stated positively that he would play his own team at Kelso if possible, the same team he has gone through the season with, and would not resort to outside help of professional players. The outcome will be watched with interest by the fans.

come off as advertised.

A dispatch from Stanford university says that the college boat club is desirous of obtaining the services of Coach Dan Murphy for another year, and that the club deferred action in hiring a coach until Murphy could be communicated with at Portland. The fact is that Murphy left Portland two or three weeks ago. He went south leaving the members of the Portland Boat club with the understanding that he expected to resume his position at the university.

British Fighters Coming.

Summers and Moran have crossed the pond before, but for O'Keefe it will be his first visit to America. Moran hopes to get on a bout with Abe Attell, while Summers is willing to take on any man in his class.
