

# "Eclipse" The Perfect Range

\$1 Per Week

## The Promised Announcement

In Appreciation of the preference shown by the people of Oregon and of the Northwest, for the "Eclipse" Range, we have planned a contest for the purpose of obtaining several thousand opinions and distributing three valuable prizes

### Read the Requirements

Write us a letter explaining in your opinion why the "Eclipse" excels other makes of Ranges. Tell us just what you think of the "Eclipse." If you've ever found a fault with the "Eclipse," tell us about it. Every person is sufficiently acquainted with this world-famous Range to express an opinion. Whether or not you own an "Eclipse," enter into our contest, which opens Tuesday, October 1, and closes October 31.

### THE JUDGES WILL BE

The "Eclipse" Stove Company of Mansfield, Ohio—to whom we will submit all manuscripts on November 1 for their decision—which decision will be based on logic. Write to us early—before our mails get so crowded. Address all communications to I. Gevurtz & Sons, "Eclipse" prize contest, Portland, Oregon.

LETTERS WILL BE PUBLISHED FROM TIME TO TIME IN THE DAILY PAPERS

### The Prizes

**THE FIRST PRIZE** will be a Gevurtz "Special"—the favorite \$60 Sewing Machine that we sell at \$25.  
**THE SECOND PRIZE**—A beautiful birdseye maple Writing Desk, large size and with lower drawers. A desk we sell at \$20.  
**THE THIRD PRIZE**, a pair of fine landscape paintings, in highly attractive frames. Value \$15. Prizes may be seen any time at the store. If you haven't an "Eclipse" of your own, ask your neighbor what she thinks and write us about it. For additional "Eclipse" prize information phone us or drop us a card.

The Preference of the People

## "Eclipse"---The Economical Heater

The "Eclipse" Saves One-Third the Fuel Expense

HEATS QUICKLY MORE ROOM WITH ITS HEALTHFUL WARMTH. "Eclipse" Heaters are built for hard wear. The sheet steel body is heavier, the lining is of heavier castiron and everything, even to the nicked parts, are of stronger, better build than other makes. There's a separate air chamber in the "Eclipse," which furnishes the economy element. "Eclipse" Heaters

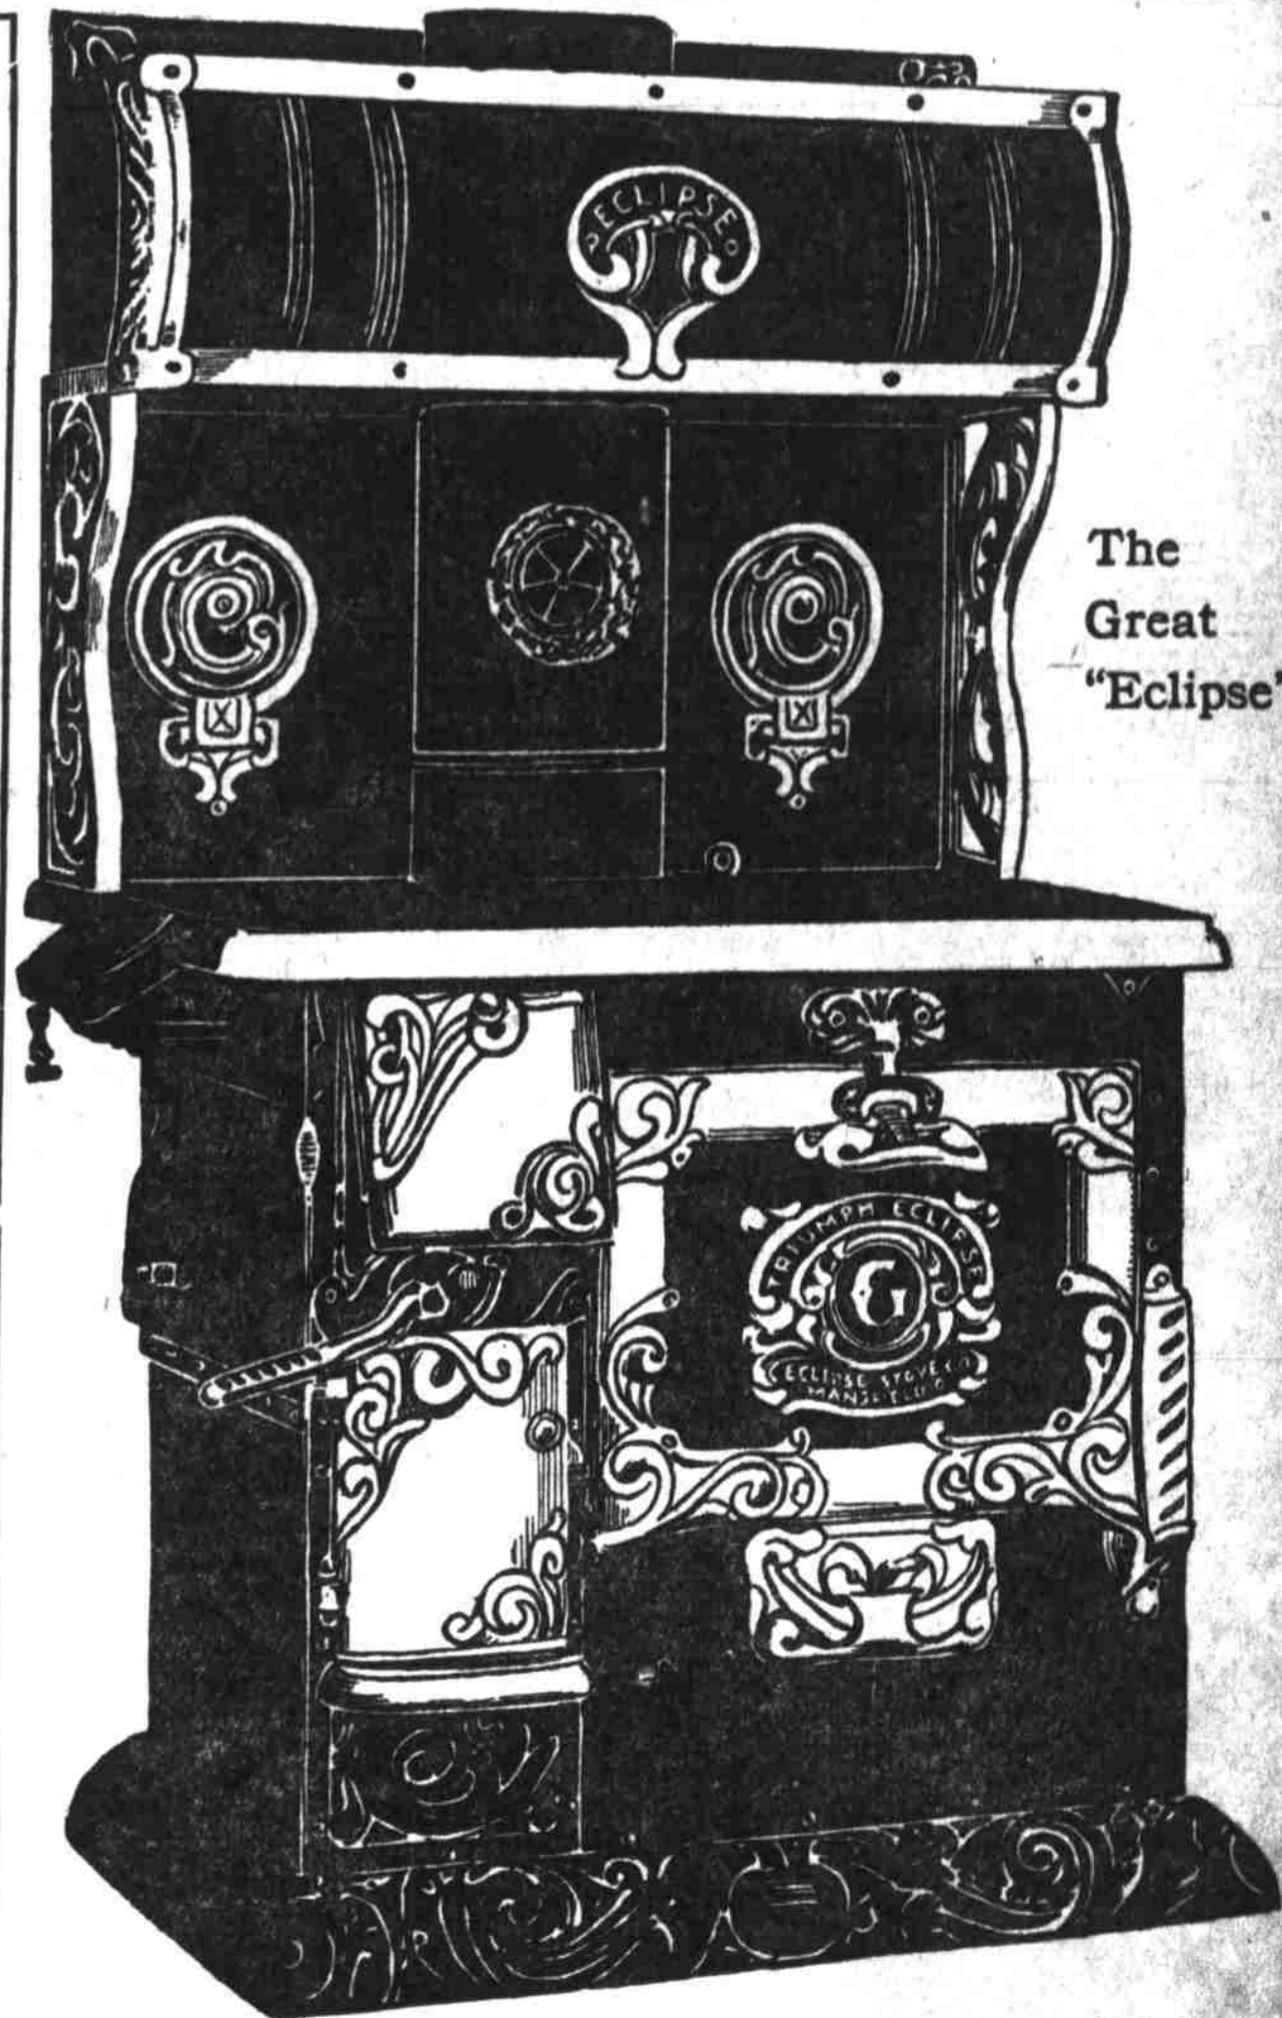

\$10.00

AND UPWARDS

A Word About "Eclipse" Ranges In Range Comparison

ONE OF THE FIFTEEN DISTINCT REASONS OF "ECLIPSE" SUPERIORITY—QUICK BAKING WITH SMALL CONSUMPTION OF FUEL. THE PROOF—In the "Eclipse" the firebox area is just one fifth that of the baking or oven area, while in other ranges the ratio is one to eight, or a much smaller firebox in proportion to the oven. Now, the larger the firebox the quicker the oven heats to a baking point. This means less fuel. It is a vital point in "Eclipse" preference. "Eclipse" ranges sold anywhere on the installment plan. We pay the freight charges to your nearest station.

Our interesting little booklet on "Eclipse" matter sent anywhere free of charge—write for it.

The Great "Eclipse"

\$12.50 Morris Chairs \$6.25

Another One of Our Grand Opportunity Sales

63 Morris Chairs, built of high grade quartered oak, finely polished, claw feet and otherwise nicely carved. Upholstering is of the very best velour. Cushions are reversible and stuffed with genuine moss hair. Chairs that have proven immensely popular at their regular price—\$12.50. We announce this sale for three days—MONDAY, TUESDAY and WEDNESDAY, but fearing the chairs will all be gone before Wednesday we ask that you plan for an early selection.

THIS PRICE, \$6.25 Is way below the actual cost of the chairs—to us.

NOTE—No phone or C. O. D. orders filled. Mail orders will be honored if received before the chairs are sold out. Positively none to retail dealers.

GUARANTEED TO BE STRICTLY HIGH GRADE AND "AS ADVERTISED"
