BRITISH PUGS INVADE AMERICA

Three Champions of Merry Isle Are Due to Arrive in New York This Week.

EACH ONE AFTER AN INTERNATIONAL TITLE

Negro Marvel in Middleweight Division Has Appeared on Horizon and Ancient Bob Fitzsimmons Will Take Him On.

(United Press Leased Wire.)
New York, Oct. 2.—A fine line of British pugilistic talent is due this week from London. There will be three men who will engage in international battles, which may mean the loss to America of some of her titles. Owen Moran, the best 115-pound boy of the British Isles, Pat O'Keefe, said to be the champion waterweight of Ireland, and Johnny Summers, who claims the featherweight championship of all Britain, will arrive under the management of Charley Harvey. Both Summers and Moran have been here. Summers' best opponent, Murphy, the New York lightweight, was beaten by Young Ernie of Philadelphia. Moran, who was here three years ago, kicked Monte Attala, Abe's brother, when he took on Abe. There is little doubt that either would give him a harder fight than any American boy of his weight. Fitzsimmons, whose reputation in the east suffered on his last trip, when he was bested by Tommy O'Toole in six rounds at Philadelphia, is on his way back looking for reparation and coin. He is ready to meet any New York boys of his weight, and he is as good as probably the reparation. He has given up his attempt to get a match with Joe Gans because he could not interest the Frisco promoters.

TIGERS STILL LEAD AMERICAN LEAGUE

Neck and Neck Race to Close Saturday With Chances Favoring Detroit.

(United Press Leased Wire.)
Chicago, Oct. 2.—Detroit and Philadelphia are still neck and neck race for the American league pennant. The Tigers leading by a margin of seven points, having won two more and lost one more than the Athletics.

HOW TO THROW OUT RUNNERS FROM FIELD

(United Press Leased Wire.)
Cincinnati, Ohio, Oct. 2.—Mike Mitchell to date has thrown out 40 base runners who did not sit up and notice the fact that his arm is an up-to-date catapult with nothing to deceive one but a ball player's shift.

HORSE SHOW PROMISES TO BE SOCIETY EVENT OF THE SEASON

Officials of the Portland Hunt club, who are making extensive arrangements for the horse show that will be held in the Oriental building at the Lewis and Clark exposition grounds, are more than gratified with the splendid support given them by Portland's smart set. That social Portland intends to make the show the society event of the season is evidenced by the demand for boxes, and T. S. McGrath, president of the club, who has in charge the disposal of the boxes, says that he is sorry that he has only 50 instead of 100.

BASKETBALL SEASON TO OPEN TONIGHT AT MULTNOMAH CLUB

The basketball season at the Multnomah club will open tonight with the organization of teams for the playing of a club league series. The 40 or 50 men who will take part in the sport will be divided into six or seven teams and a series of games will be played, the schedule being arranged so that each team will play each of the others once. The winner of the league series will be presented with a gold medal, the gift of the club.

SPORTING NOTES

Local and Otherwise.

The San Francisco papers hail Kenny Fenton of Portland as the bright particular star of the Stanford Rugby team.

Bill Squires will not go back to Australia—just yet. He hankers for still another chance. Says he's still young enough to learn, being only 35. Fitzsimmons says when he gets to the east coast, there is talk of giving Bill a fight with Al Kaufmann.

Four days of field trials for speedy dogs began today at Seattle, where the sprints of the Pacific Northwest Field trials club.

Tacoma will probably win the Northwest league pennant, and is now practically an even fern with Aberdeen, which has led the league all season. This week is the final one in the league.

Collegiate lawn tennis players are at odds over the eligibility rules which were framed last October during the playing of the national intercollegiate championship tournament. Under the new rule all freshmen and players who have completed one year of college are eligible, for virtually it is three years and out. There was an effort to put such a ruling against Robert Leroy of Columbia, last year by Wall of Yale, so as to force him out of the competition. Harvard's representative, Princeton, the University of Pennsylvania, Cornell and Harvard stood for the retention of Leroy, who came through the victor.

Edward Payson Weston, the old time pedestrian, has completed his arrangements for his record breaking walk from Portland, Maine, to Chicago, Ill. The start will be made on October 29, just 40 years to an hour, from his start on the same route in 1867.

The time table which Mr. Weston has laid out brings him into Chicago in 26 walking days, and he is content that he will be able to clip many miles from his record made over a generation ago. He says that in his twenty-ninth year, and confessed that he knew very little about caring for the feet under such a strain. Since that time he has found it nearly impossible to record contents and feels sure that he has mastered the problem of proper foot treatment.

BAT WHAT YOU WANT

Science Has Now Found the True Way to Cure Indigestion.
A few years ago, when a sufferer from indigestion went to a stomach specialist, the result was a rigid diet list that almost meant starvation. But the first thing to do in the case of indigestion or stomach weakness is to strengthen the muscular walls of the stomach and intestines, so that they will care for the food that is eaten. In no other way can this be done as well as by taking a M-I-O-N-A tablet before each meal. This restores strength to the stomach muscles and stimulates the pouring out of gastric juices, so that the food is digested readily and its nourishment retained in the system to build up energy and vitality. Do not think the sick headache, heartburn, bad taste in the mouth, coated tongue, spots before the eyes, sleeplessness and the many other symptoms that are the direct result of indigestion, will go away of themselves. They must be built up and strengthened by M-I-O-N-A before you can be well and strong, free from suffering and distress. In many of the best homes in Portland and adjoining towns, the handy little M-I-O-N-A tablets, so pleasant to take, yet so effective, have given quick and lasting relief. It is the only tablet that disagrees with no one.

NEW PLAN TO HEAD OFF PROFESSIONALISM

(Special Dispatch to The Journal.)
A new plan has been evolved this year for the handling of the student body funds for every department in a few incidental traveling expenses will be paid through the student body treasurer. Registrar Mott, who has taken charge of the fund, says that such a plan is a result, he says, of the fact that the money received will be at once turned over to the treasurer, and when the bills are presented, vouched by the manager, the treasurer is authorized to pay them. In this way the managers will have nothing to do with the handling of the money immediately after their gate receipts are collected.

Gopher State Alumni Pulling for Post Season Game With Washington.

(Special Dispatch to The Journal.)
Spokane, Wash., Oct. 2.—Minnesota alumni living in Washington, Idaho, Oregon and Montana, backing J. M. Lillgren, manager of the Evergreen state's football squad and 60 graduates of the Gopher state college now residents of Spokane, are boosting for a post-season football game between Minnesota and Washington in Spokane this fall, and there is every indication that now that arrangements will be completed to pull off the contest at Recreation park at the close of the regular season.

Donald S. Blair, assistant ocellist at the Washington state college, Pullman, a graduate of Minnesota, says that Frank Reed, manager of football for Minnesota, favors the proposition, and if the slight prejudice against post-season games is overcome there will be no difficulty in arranging the faculty and student body of 1,600 from Pullman, and excursions from various parts of eastern Washington, northern Idaho, western Montana, northeastern Oregon and southeastern British Columbia are talked of, while it is expected the Puget sound and Pacific coast cities will also send delegations in the event of a game. Lillgren has received a letter from the board of alumni of Minnesota in the northwest, and they are heartily in favor of bringing Minnesota's team to this city.

An investment that will increase in value 40 per cent in four days is waiting for you at 215 Couch building.
