

# LOVE FEAST REPORT OVER ROOFS BY MOTHER

### President Diaz of Mexico in Presence of Every High Official of Mexican Govern- ment Recognized Value of American Secretary.

(United Press Leased Wire.)  
Mexico City, Oct. 2.—The meeting yesterday between President Diaz of Mexico and Secretary Root, which took place in the presence of all of the high officials of the Mexican government, developed into a love feast, in which the most cordial sentiments were voiced by all.

Secretary Root expressed his delight at meeting personally the man whom he considered directly responsible for promoting among the Latin-American nations. He also declared that he hoped for a continuance of the present cordial relations between the two nations. President Diaz, in reply, declared that all Mexicans recognize the value of the American secretary of state's efforts to bring about a better understanding between the United States and all Latin-American countries.

In the evening a splendid banquet of state was tendered Mr. Root.

### DOGS LOSE TRAIL.

(Continued from Page One.)  
too late to catch it. It was their evident intention of getting on this train. A huckster who was at the station verified this report and said that he noticed the men running and that after the train pulled out the men halted and then walked away and disappeared in the darkness. He could not get a very good description of them.

### Air of Excitement.

There is a strange air of solemn determination about Baker today. It broods ill for the man who murdered Harvey K. Brown, about the assassins come within reach of the Baker people. The feeling of horror and intense anger over the cowardly killing of a popular man has increased rather than decreased, as the facts in the case have become known.

Brown fought the gamblers and saloonmen, but it is sure that these elements made no combined effort to do him harm, in fact he had many friends among the liquor dealers who rather admired him for his stand. Some persons think, however, that he might have been possible that several of the tough characters of the city plotted to kill him after the fashion of the murder of Sweeney and that they were carried away by a spirit of hatred engendered by the active fight Brown had always made.

Mrs. Brown is in a very precarious condition. The shock has completely unnerved her and the family physician will not allow any but the most intimate friends to visit her. Mrs. Brown, it is said, firmly believes that her husband was marked for death by the Western Federation and she does not put entire faith in Swain's theory although she has the greatest respect for her husband's old friend and has confidence in his good judgment.

Governor Chamberlain has been communicated with but as he is on a trip east it is not thought that the message will reach him before tonight. It is the intention of the authorities to ask for a large reward for the capture of the culprit.

Brown told several of his friends when he was on his way to the Salem jail a few weeks ago that he was afraid that something would happen to him. He was reticent about whom he suspected, but it is known that he was quietly working on a theory that he expected to make some disclosures before long. Whether these disclosures were to have referred to links in the evidence in the Sweeney case or whether the ex-sheriff had gained information concerning men here in Baker who had fought him, physical and otherwise, cannot be surmised. Brown did not talk much about his affairs and was given to making indirect answers to questions in the matter of some that were calculated to throw one off the track.

### GENERAL McCASKEY RETIRES FROM ARMY

(United Press Leased Wire.)  
Washington, Oct. 2.—Brig. Gen. William S. McCaskey, lately in command of the Department of Texas, was placed on the retired list today by operation of the War Department. Gen. McCaskey comes from Pennsylvania and was one of the first 75,000 men enrolled as volunteers in the Civil war. He served as a private throughout the war, was engaged in all the battles of the Army of the Cumberland and was on Sherman's marches to the sea and through the Carolinas to Washington. At the close of the war he entered the regular service and in the Spanish war was present at the battles of El Caney and Santiago.

### SWIMMING TEST FOR NAVAL OFFICERS

(United Press Leased Wire.)  
Washington, Oct. 2.—Naval officers are much interested in the swimming test announced by the War Department. Secretary Newberry, in which he is quoted as saying that swimming test may be demanded of navy officers just as a horseback ride has been ordered to test the horsemanship of army officers. Newberry's idea is to have captains and admirals dive from shore and swim to their ships.

### Dyspepsia

is an indication that the stomach and other digestive organs are weak, tired or debilitated. It causes no end of aches and pains and is most common where people bolt their meals and hurry and worry as they do in this country.

### Hood's Sarsaparilla

cures dyspepsia. It has "a magic touch" in this disease.

# TUMORS COMPLETED

### Overwhelming Proof that Lydia E. Pinkham's Vegetable Compound Succeeds.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy, Tumor.

The growth of a tumor is so insidious that frequently its presence is wholly unsuspected until it is well advanced.

So called "wandering pains" may come from its early stages or the presence of danger may be made manifest by excessive monthly periods accompanied by unusual pain, from the abdomen through the groin and thigh.

If you have mysterious pains, if there are indications of inflammation or displacements, secure a bottle of Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, right away and begin its use.

The following letters should convince every suffering woman of its virtue, and that it actually does conquer tumors.

Mrs. May Fry, of 836 W. Colfax Ave., South Bend, Ind., writes:

Dear Mrs. Pinkham:—  
"I take great pleasure in writing to thank you for what Lydia E. Pinkham's Vegetable Compound has done for me. I also took the Blood Purifier in alternate doses with the Compound. Your medicine removed a cyst tumor of four years' growth, which three of the best physicians declared I had. They had said that only an operation could help me. I am very thankful that I followed a friend's advice, and took your medicine. It has made me a strong and well woman and I shall recommend it as long as I live."

Mrs. E. F. Hayes, of 26 Ruggles St., Boston, Mass., writes:

Dear Mrs. Pinkham:—  
"I have been under different doctors' treatment for a long time without relief. They told me I had a fibroid tumor, my abdomen was swollen and I suffered with great pain. I wrote to you for advice, you replied and I followed your directions carefully and today I am a well woman. Lydia E. Pinkham's Vegetable Compound expelled the tumor and strengthened my whole system."

Mrs. Perry Byers, of Mt. Pleasant, Iowa, writes:

"I have been under different doctors' treatment for a long time without relief. They told me I had a fibroid tumor, my abdomen was swollen and I suffered with great pain. I wrote to you for advice, you replied and I followed your directions carefully and today I am a well woman. Lydia E. Dear Mrs. Pinkham:—  
"I was told by my physician that I had a fibroid tumor and that I would have to be operated upon, I wrote to you for advice, which I followed carefully and took Lydia E. Pinkham's Vegetable Compound. I am not only cured of the tumor but other female troubles and can do all my own work after eight years of suffering."

Mrs. S. J. Barber, of Scott, N. Y., writes:

Dear Mrs. Pinkham:—  
"Sometime ago I wrote you for advice about a tumor which the doctors thought would have to be removed. Instead I took Lydia E. Pinkham's Vegetable Compound and to-day am a well woman."

Mrs. M. M. Funk, Vandergrift, Pa., writes:

Dear Mrs. Pinkham:—  
"I had a tumor and Lydia E. Pinkham's Vegetable Compound removed it for me after two doctors had given me up. I was sick four years before I began to take the Compound. I now recommend Lydia E. Pinkham's Vegetable Compound far and near."

Such testimony as above is convincing evidence that Lydia E. Pinkham's Vegetable Compound stands without a peer as a remedy for Tumor Growth as well as other distressing ills of women, and such symptoms as Bearing-down Sensations, Displacements, Irregularities and Backache, etc. Women should remember that it is Lydia E. Pinkham's Vegetable Compound that is curing so many women. Don't forget to insist upon it when some druggist asks you to accept something else which he calls "just as good."
