

BLIND AND DEAF

Gambling at Milwaukie Club Continues—Sheriff and District Attorney Have Eyes That See Not and Ears That Hear Not.

Up at Milwaukie the clink of the chips and the whir of the wheel goes merrily on while Sheriff Beattie and District Attorney Hedges, into whose hands the enforcement of the law has been given by the people of Clackamas county, pass the Milwaukie club with unseeing eyes and ears into which the sound of the rattle of chips or the call of the croupier can never penetrate.

The city officers of Milwaukie, who are desirous of greater municipal income, are not making any noise that would sound like a lid and consequently the man who has the tip can win or lose up there, as the cards, or the dealer, may decide.

People here in Portland who remember how it happened that the Milwaukie club was set among the whispering firs of the little village up the river in the first place smile at the contentions made by the sheriff and district attorney of Clackamas county. They remember how Tom Word sailed into the old Portland club, notified the other of the Milwaukie club, and shut the place up, putting armed men on guard to see that the den was kept closed. Remembering these things people here are skeptical at the statement made by the two Clackamas county officials that they have as yet found no evidence to show that the club is running.

"How can Mr. Beattie and Mr. Hedges close the Milwaukie club?" repeated Tom Word this morning when asked what procedure would have to be taken to put a stop to gambling at the resort.

"How can they close the place? Why by just going up there and telling the proprietors to shut it up and then seeing that the mandate is obeyed. There would be no trouble in shutting the club if such a thing was attempted."

"If the Milwaukie club is running now in defiance of the law and the expressed wishes of the greater part of the residents in that vicinity, it is doing so because the officials of Clackamas county are derelict in their duty and neglectful of their oaths of office. It is the way a prominent attorney put the proposition this morning.

"There is absolutely no doubt but that the sheriff and the district attorney have ample power to close the club under the common nuisance clause of the statutes. The supreme court of the state has no hold and there is absolutely no reason why any official should hesitate to enforce a law so clearly defined and established as in this case.

"In my opinion, if Sheriff Beattie and District Attorney Hedges are allowing the Milwaukie club to operate gambling games there they are violating their oaths and are heedless of their duty as public officials sworn to uphold the law."

HUMANE SOCIETY WILL PROSECUTE

Brutal Teamsters Will Be Hauled Up for Acts of Cruelty to Horses.

Many cases of overloading teams, especially at the approach of the Steel bridge, were reported to the Oregon Humane society during September and the result will probably be that the members will take steps to regulate these affairs by a means of a city ordinance.

During the month 105 cases of cruelty to animals were reported, each of which was investigated. Fifteen horses were humanely disposed of and 12 helpless cats and dogs were put out of business in the same manner.

YOUTHS HAVE CHUTES OF OWN INVENTION

The rising generation at Mount Tabor is having a barrel of fun with a shoot the chutes built by themselves down the south side of the hill. The chute consists of a track of young fir trunks reaching from the top of the hill to its base, a distance of about 150 feet. The "cars" or "boats" are made of two sticks of green fir nailed at either end of a three-foot board and with a sort of a "hook" fitting into the space between the "rails." So far no one has been injured and the inventors say it is perfectly safe.

Portland Day at The Dalles.

This is fair and carnival week at The Dalles, and tomorrow, Wednesday, will be Portland day. The O. R. & N. will sell round-trip tickets for a fare and a third. The first train leaves Union depot at 7:15 a. m. and the last at 3:30. A fine program arranged and a good time assured. Purchase tickets at the city ticket office, Third and Washington streets.

Tomorrow and Thursday are the last days for discount on west side gas bills. In the future the reading of meters on the west side will commence on the 11th of each month instead of the 15th, as heretofore, to accommodate the increase in consumers.

Alabama State Fair.
(United Press Leased Wire.)
Birmingham, Ala., Oct. 8.—A great crowd turned out today at the opening of the Alabama State fair. Improvements in the grounds and the construction of new buildings has helped to make the present exhibition the best ever held here. The exhibits in all departments are numerous and of a high class. The entertainment program is especially notable, including as it does a number of track and field competitions, automobile contests, an airship exhibition and a program of horse races that will take place on the splendid mile track.
