TWELVE INNING TIE AT CHICAGO

Neither Chicago Nor Detroit Able to Win First Game in World's Series.

THREE ALL IS SCORE WHEN DARKNESS FALLS

Chicago Spills First Blood, but Detroit Gets Three in Eighth, Only to Be Tied in Ninth—Crawford Stars at Bat—Complete Score.

(United Press Leased Wire.) Chicago, Oct. 9.—Twelve innings, a tie, 3 to 3, a howling mob of 24,000 people and darkness putting an end to the contest is the story of the first game between Chicago and Detroit, winners of the two big leagues, in the series for the baseball championship of the world. The game was replete with sensational situations. It proved that the teams are evenly matched and indicated that this year's world's series will be the greatest ever. The tie means that a least one extra game must be played. Detroit apparently had the game clinched when the ninth inning began, for the score was 3 to 1 in the Tigers' favor. But the American champions became overanxious, lost their nerve, and a passed ball by Catcher Schmidt and a muff of an easy grounder by Captain Coughlin gave the Cubs two and tied it in a hard knot.

Pitchers Evenly Matched. Overall and Donovan were evenly matched in the twirling line. Overall was taken out in the ninth, only to allow Moran to take his place at the bat. Reulbach finished the game and his fast delivery prevented the Tigers from doing anything at all in the growing twilight.

First blood was spilled by Chicago in the fourth inning. Captain Chance went to base on balls, was sacrificed by Steinfield and ran home on King's Texas leaguer, being compelled to slide to beat the throw by Jones. Crawford of Detroit was the individual star of the game, his hitting being a feature. His third single in the eighth inning scored Jones and Shaefer. Crawford went all the way to third on the wild throw in the ninth, but a delivery prevented the Tigers from doing anything at all in the growing twilight.

In the ninth inning Chance hit safe, Donovan soaked Steinfield in the ribs and both scored on the errors of Coughlin and Schmidt. Evers, who got to first on Coughlin's error, might have scored if he had not been caught stealing home and was caught.

SPORT GOSSIP OF BRITONS BELIEVE LIPTON WAS TURNED DOWN BECAUSE HE IS IN TRADE

London, Oct. 9.—Sir Thomas Lipton will not make any further effort to get another race for the America cup, at least for the present. He is convinced that there is no earthly chance to build a boat which can win under the rules laid down by the New York Yacht club, and has given up hope of securing any modification of the rules.

INTERNATIONAL YACHT DERBY MAY BE RESULT

Doherty Brothers Will Go to Australia Next Year and Try to Win Back Davis Lawn Tennis Trophy—Other Sporting News.

By Richard Dahlgren. London, Oct. 9.—Sir Thomas Lipton will not make any further effort to get another race for the America cup, at least for the present. He is convinced that there is no earthly chance to build a boat which can win under the rules laid down by the New York Yacht club, and has given up hope of securing any modification of the rules. There is a strong suspicion here that had the challenger been other than Sir Thomas the rules might have been modified. The feeling prevails that the New York Yacht club men felt that Sir Thomas, being in trade, used the yacht races as an advertisement for his business, and that this really was the cause for the American standing by the letter of the deed of gift.

There is no doubt that British yachtsmen feel keenly disappointed over the whole affair and in their present temper it is not at all likely that any attempt will be made to bring about a race for many years to come. It has been suggested, and the suggestion has met with favor in the British circles, that the America cup is practically beyond competing for, another international yachting trophy be provided, which may be competed for by yachts of all nations under European rules of measurement and under such conditions as will develop a high type of yacht, and which may be competed for by an informed that plans already are under way for the establishment of such a race, and with good chances of success.

The renewed interest in yachting has been stimulated greatly by the German kaiser, the king of Spain and King Edward. The former has a definite object in view in fostering yachting. He is a fine school for sailors, and when the kaiser's naval plans are completed Germany will need sailors, all of whom will be trained in the king and King Edward, however, the interest is solely for the sport. I have it on what seems good authority that the German kaiser has decided to back the move for the establishment of a race which for yachts will be what the Derby is for horse racing.

The success of the recent autobahn race on the Rhine has been so pronounced that it will become a fixture, only that British yachtsmen must be every assurance that next year France and England and perhaps Italy will be represented. Unless Danny Maher changes his mind this will be his last season in the United States. He is worth close to \$1,000,000, has a fine country place and is getting to the place where to keep to weight means a loss of money. The talk about Danny becoming an Englishman is wide of the fact. He rides in England because he can make more money there than in the States, and when he retires will spend most of his time about New York and his old home in Hartford, Connecticut. All stories to the contrary, Maher is still heart whole and fancy free, and declares if he marries at all it will probably be some nice Connecticut girl.

The October Outing contains an article and some excellent illustrations on the American serve in lawn tennis. The Spokane high school football eleven played a game with the University of Idaho last Saturday. The Northwest league may expand to eight clubs next year. Helena, Montana, and Everett want to come in. The club managers, who met last night, would like to get Portland and Judge McCredie has expressed himself too many times on that point to leave any doubts. All the Northwest clubs claim to have a tournament next year, but with the support McCredie has got as a coast leaguer it would be folly for him to change his game.

While at Spokane last Sunday Manager Pomroy of the Frakes team gave out an interview to the effect that he believed that Judge McCredie would be in the Northwest league next year. The impression left by the interview, however, is that McCredie would rather have the city in the Northwest league than in the Coast league. The Aberdeen and Seattle clubs of the Northwest league are playing a series of post season games. Aberdeen won the pennant last year, and Seattle third. The first post season game was played yesterday. Aberdeen winning by a score of 16 to 7.

The student body of Georgetown university is clamoring for the abolition of a college sport. Georgetown town has made a very poor showing in the past few years. J. W. Morton, the English champion sprinter, will likely meet the national cracks in the indoor games of the A. U. at Madison Square Garden, Oct. 26 and 28. Bartow S. Weeks, chairman of the National Championship committee, has called an invitation to the champion and expects a favorable answer.

Farewell, Boshier Bill.
Well, good-bye, Bill. Sorry you must go. But at least, Bill, even if you did lose your car, our respect back with you to Australia. You took your beating like a man. And you didn't mind a college sport. Good-bye, Bill, you didn't four-flush around this country looking for easy marks and soft money. You took on two of the best scrappers we have. And you did your best. Oh, yes; the three-punch affair with Burns was a fake. You proved it by fighting in the college sport. Sullivan, who is at least as good as Burns—some say better. You did fairly well. Bill was well as we expect to see any fighter who wasn't brought up in our atmosphere of freedom and scientific superiority. But say, Bill—just a moment—Aren't you glad it wasn't Jeff—Robert Edgren, in New York World?

Pheasant Hunting at Aurora.
(Special Dispatch to The Journal.) Aurora, Or., Oct. 9.—Many hunters from Portland and other nearby cities, have been here hunting pheasants since the season opened. They have met with fair success, though the birds are getting scarcer every year. One Portland hunter was here the first day the season opened and begged the limit of birds.

CHUNKY FARM HORSES TO RUB NOSES WITH HIGH STEPPERS

Work began this morning on the interior of the Seattle show, where the Portland Hunt club is to give its first horse show. Under the direction of Architect Cederberg, a force of carpenters and laborers began removing the booths and other debris that have been in the building since the exposition closed. Once this stuff has been removed, the work will be the large entry list from Oregon. Oregon breeders are taking a keen interest in the coming show and every mail brings to Mr. Westgate letters of inquiry.

WINTER TOURNEY TO BEGIN IN TEN DAYS

All Local Bowlers Invited to Take Part in Association Matches.

The winter tournament of the Oregon Bowling association will begin within the next 10 days and all those interested in bowling are cordially invited to join in the sport. The games are played in the alleys at 74 Seventh street and the executive committee of the association is desirous of securing the names and addresses of all local bowlers before the beginning of the matches.

The annual meeting of the club was held last night and the officers were elected for the year. J. H. Harbour was re-elected president, and Frank McManis was elected secretary. The new executive committee consists of Harbour, Kruse, B. O. Case, L. J. Andis, R. Hagare and Harry Lamond. This committee will have entire charge of the tournament and will arrange its details. The big tournament will extend over a period of about four months and it is expected that as many as a dozen five-men teams will take part. The entrance fee will be \$15 for each team. The money to be spent in the purchase of prizes. Three first prizes will be given, one for the team scoring the highest total, another for the highest individual average, and another for the highest bowling average.

Later in the season the best bowlers in the city will be organized into four teams and will play a tournament for the purpose of developing talent to be sent to the annual congress of the Western Bowling association.

BIG SCORE PILED UP BY OREGON VARSITY

Makes Twenty-Four Points in Twenty Minutes From Eugene High School.

(Special Dispatch to The Journal.) Eugene, Oct. 9.—In a practice game yesterday the varsity eleven won from Eugene High school by a score of 24 to 0. The game was made in each. The High School has a strong team this year and played a good game, although outclassed by the varsity. The varsity did not use many trick plays and had most of their gains were made on end runs and cross-bucks. Frost feels that the team is doing well, but several of the men are out of the game on account of injuries. Mike Walker is having trouble with his leg and Ward Ray is still out with a weak ankle. Pinkham has also sprained his ankle. Hayward will probably have them all in the game by the end of the week.

MAJOR BETHEL IN BAY COUNTIES TOURNAMENT

Major W. A. Bethel, U. S. A. well known in Portland as a tennis player, having at various times been singles champion of Oregon and of the northwest, is to have a tournament in San Francisco last Sunday. Major Bethel went to the bay city about a month ago, and he will be stationed there for the next year or two. Before leaving he stated that he would join the leading San Francisco tennis clubs and enter all the big tournaments there.

Last Sunday marked the beginning of the annual tourney for the champions of the bay counties. Major Bethel was unlucky enough to be drawn against one of the best players in the first round and was defeated by a score of 6-4, 6-3. Maurice McLaughlin, Melville Long and Carl Gardner reached the semi-finals and will play next Sunday to decide who will meet the title-holder, George Jones. Major Bethel did not play in the doubles.

EAT WHAT YOU WANT

Science Has Now Found the True Way to Cure Indigestion.

A few years ago, when a sufferer from indigestion went to a stomach specialist, the result was a rigid diet list that almost meant starvation. But the first thing to do in the case of indigestion or stomach weakness is to strengthen the muscular wall of the stomach and intestines, so that they will care for the food that is eaten. In no other way can this be done as well as by taking a Mi-o-na tablet before each meal. This restores strength to the stomach, it stimulates the secretion of gastric juices, so that the food is digested readily and its nourishment retained in the system to build up energy and vitality. Do not think the sick headache, heartburn, and the other ailments of the tongue, spots before the eyes, sleeplessness and the many other symptoms that are the direct result of indigestion, will go away of themselves. The stomach must be built up and strengthened by Mi-o-na before you can be well and strong, free from suffering and distress.

In many of the best homes in Portland and adjoining towns, the handy little Mi-o-na tablets, so pleasant to take, yet so effective, have given quick and lasting relief from indigestion and that disagreeable full feeling after eating. The guarantee that Woodard, Clarke & Co. give with every box of Mi-o-na to refund the money unless the remedy cures, shows their confidence in the treatment. They take the whole risk and Mi-o-na will not cost you a penny unless it cures.

VETERAN SOLDIER ON RETIRED LIST

(United Press Leased Wire.) Washington, Oct. 9.—The military career of a veteran soldier came to an end today, when Brigadier-General Edward Settle Godfrey, commandant at Fort Riley, Kansas, was placed on the retired list by operation of the age limit.

General Godfrey comes from Ohio, and was private in the Twenty-first Ohio Infantry during the civil war. He was appointed to West Point in 1863, and upon graduation four years later became second lieutenant of the Seventh cavalry. His first lieutenantcy came in 1868, and eight years later he was promoted to captain. In 1896 he became major of the Seventh cavalry and was transferred to the Seventh in 1897. He was made lieutenant-colonel of the Twelfth cavalry in February, 1901, and in June of that year was promoted to the colonelcy of the Ninth. His promotion to be brigadier-general was during the present year.
