The Olds, Wortman & King Store

Will Supply the Greater
Part of the Smart Things
Women Will Wear at the

Horse Show

The style realms of the world have been invaded and their choicest products captured and brought before the discriminating women of Portland in glorious array. In preparation for this exhibition of well groomed horses and smartly gowned women we have sought diligently among the marts of the world for the most distinctive and desirable things in women's dress. The premier millinery artists of Europe as well as the best in New York have been drawn on to supply an assortment of headwear never equalled in a Portland store. Special attention will be directed this week to a display of women's fashionable apparel for horse show wear. The costume rooms in our style salons will be devoted to the use of those who are bent on the selection of the most tasteful attire possible to secure. The millinery room will give special attention to the sale and display of strikingly exquisite Paris models. The horse show is bound to be an event which Portland will remember with pride. Owners of good horseflesh are enthusiastic in their efforts to make the affair a success. Dressmakers are busy modeling elaborately beautiful gowns and most important of all:

The Olds, Wortman & King Store augments its already magnificent showing of handsome Gowns, Wraps and Millinery by new arrivals rushed through by express from New York. Our Miss Bernard who is now in the East advises us by wire that she has purchased a large number of Paris and American Models which, added to those already here, comprises a showing which surpasses even the magnificent display made on opening days

We invite Portland women to take advantage of the matchless style facilities afforded by this store. Avoid the annoyance and delay of having frocks made for the occasion. Come here and select imported models, but—please come early and make your choice, that we may have ample time to make necessary alterations. We buy and sell more women's fine apparel than all other Portland stores combined. Strictly new styles always appear first in this store. We are recognized headquarters in the northwest for all that is best in the garment line. We buy—and sell—more in this line than do all other Portland stores combined. THIS ENABLES US TO MAKE LOWER PRICES THAN OUR COMPETITORS POSSIBLY CAN.

Royal Worcester Corsets

New gowns had best be fitted over new corsets and the new corsets should be the Royal Worcester. Call and let our fitters demonstrate the advantages of the Royal Worcester in either the "Bon Ton" or "Sapphire" grades, and you will solve the problem of what corset will give the best satisfaction. You will find that the majority of the best dressed women in Portland wear them. WOMEN INCLINED TO STOUTNESS SHOULD BE FITTED WITH OUR "ADJUSTO DOWAGER." All bones and side steels are double and very durable. It can be made smaller or larger in a moment and reduces the abdomen in the twinkling of an eye. Correct form is assured to the wearers of this corset.
