HUNDRED MORE STALLS NEEDED

Hunt Club Swamped With Applications—Two Hundred Are Finished.

owing to the large list of promised entries to the Portland Hunt club horse show, which will be held in the Oriental building at the Lewis and Clark exposition grounds November 7, 8 and 9, F. O. Downing, who has charge of the stabling arrangements, has found it necessary to order the construction of an additional 100 stalls. Carpenters finished the stable containing 200 stalls yesterday and the arrangements for adding on the additional 100 stalls were made this morning.

That the show will not be wanting in entries is evidenced by the large number of inquiries about the exhibition which reach the Hunt club rooms daily. Breeders and owners throughout the state are taking a keen interest in the show. J. C. Thrall, a well-known horse

Now that the boxes are about all sold, arrangements are being made for placing the reserved seats on sale. The plat of the reserved seats will be ready by the end of the week. The seats will be placed on sale at Powers & Estes' drug store, 143 Sixth street, near Alder, on next Thursday morning.

Next Monday evening the Oregon Yacht club will have a regular Dutch time at the clubhouse. The affair will be strictly "stag," and every member is invited to bring a friend. Secretary Parks states that if members don't have the time of the season their car fare will be refunded.

COLUMBIA AND HILL BOTH FAIL TO SCORE

Football Teams Struggle Against Each Other in Hard Fought Game.

on Multnomah field.

While Columbia at times outplayed the cadets and throughout the game had a trifle the advantage in yardage gained, H. M. H. repeatedly recovered her own punts, three times was within easy scoring distance of C. U.'s gogl and all but won the game by a clever place kick, which the referre would not allow. low, as time had been taken out and his whistle for putting the ball in play had

not been blown when the field goal was

made.

The Columbians played a fierce, snappy game, their fast backs, well protected by good interference, made good gains repeatedly, only to succumb to the cadets' strong defense, and H. M. A.'s goal was never really in danger. They worked the forward pass successfully more than once, and clearly excelled their opponents in that particular play. Genssi, outpunted Loomis decidedly during the first half, and a triffe in the second, for Hill's captain is a new man at punting, and at first lacked confidence.

Ennis, Columbia's speedy quarterback, made one excellent run around end and repeatedly advanced the ball well after punts, but he nearly lost the game after punts, but he nearly lost the game for his team by a number of disastrous fumbles in the back field. "Teddy" Seafert, C. U's plucky little right end, played an excellent game throughout, and gave his much heavier opponents a good deal of trouble, though he was inclined to be over-anxious and just a little off side more than once.

Grussi and Walker played a good game at tackle, but they could not always prevent H. M. A.'s back field from making vardage around them.

For Hill Military Donason, Knettle and Briggs played an excellent game on defense. Knettle blocked one of Grussi's punts and prevented many a good gain

and Briggs played an excellent game on defense. Knettle blocked one of Grussi's punts and prevented many a good gain on his side. Briggs the other tackle, proved to be a most aggressive man in his new position, and kept his experienced and much heavier opponent well entertained throughout the game. Donason played his usual good steady game at center, recovered for H. M. A. three of the numerous punts the Columbia fumbled, and managed to get his 180 pounds of beef into nearly every play.

Loomis, Smead, Donason and Hill were the best ground gainers for the cadets. MacEwan was injured early in the game, and did not do himself justice when running.

Scattle in 1909 has been granted to a Portland concern. They will have the exclusive right for the publication and sale of the official souvenir postcards for the big fair, and have already let contracts for an issue of 5,000,000 of the cards to manufacturers in England. Paris and Germany, whose representatives are now in the city.

The first issue of 5,000,000 will be used before the gates of the fair swing open on June 1, 1909, and they represent a collection of views from actual photographs taken at every point of interest on the Pacific coast, from Alaska to the Mexican border and the Hawaiian islands. The series of Alaska photographs consists of several hundred pictures of scenes and far-northern industries. One series is of Seattle; another of Fortland and Oregon, and so on all along the coast, including every town and city, with general Oregon, Washington and California scenes. The cost of the photographs, all of which are from exclusive plates, will run into the thousands.

Mill Makes Good Run. Elgin, Or., Oct. 17.—The most successful run made by any sawmill in the history of Elgin has just been brought to a close when Galloway Brothers finished a run lasting 137 days, during which time they cut 4,300,000 feet of lumber. This is considered exceptional for a small mill, and averaged about 31,640 per day.

SPORTING NOTES

Local and Otherwise.

Interest in tennis shows no signs of diminishing with the cooler weather. Devotees of the game are still swarming the various courts in the city. The asphalt footing at the Multnomah club will enable the players to carry on the work all winter, the only thing necessary to clear the court of water or snow being a vigorous sweeping.

buyer of The Dalles, came to the clubrooms this morning and obtained entry blanks and classification lists to send to horsemen who are preparing to ship their stables to the show. Mr. Thrall says that breeders throughout the Willamster valley and in eastern Oregon are taking most active interest in the show.

This morning T. S. McGrath, president of the club, received notice from the officials of the Southern Pacific and the O. B. & N. railroad companies that they have arranged for a special freight rate. These rates will go into effect at once and will be good until November

That athletics among women in the west have become popular is demonstrated by the elaborate program arranged by the women of the University of California. They do not intend to be outdone by the men attending the university and have presented to participate. versity and have prepared to participate in all kinds of sports during the coming season. The sports they will induige in are running, jumping, skating, basketball, tennis, rowing and golf.

A number of Judge W. W. McCredie's friends were at the train this morning to see him off for New York, where he goes to look after the interests of the Portland baseball club during the class A league drafting season. The Rose City magnate was exhorted to do his best to give Portland a winning team next year.

The somewhat unsatisfactory score tells the story of one of the most hotly contested football pattles ever fought on Multnomah field.

Wesley W. Coe, the shot putter, who broke the world's record in Portland in 1905, has filed an attachment in the registry of deeds at East Cambridge against Patrick J. Hennon of Andover, in which the amount of damage named is \$10,000. The attachment follows the altered arrest of Coe as he was about to leave for the athletic games in Chicago in September. Hennon declared that Coe owed him for clothing.

Roller-skating is proving as great an amusement this fall as when first reintroduced three seasons ago. Both Portland rinks are crowded nightly by happy skaters, and the numbers, if anything seem increasing as the season progresses.

A good football coach who knows the modern game made necessary under the open play adopted last year can find employment at the East Side Athletic club. Members of the club on the east side are laughing up their sleeves over Multnomah's defeat, for they characterize the system of the winged "M" veterans as being the shade of other days.

\$1000.00 to Be Dis= tributed Tomorrow, Oct 18th, by the Bos= ton Store Cor. 1st and Salmon Sts.

Hours of Distribution Will Be 9:00 to 11:00 a. m. and 2:00 to 5:00 p. m.

Here's the Plan. It's New

Merchandise from every department has been selected and ordered sold at prices as much below actual cost as will show a loss of \$1,000 and the same to be charged to "advertising." The prices in many instances are so ridiculously low as to perhaps cause you to doubt that any merchant could afford to sell new and desirable goods at such prices, but it is an "advertising" proposition, costing me \$1,000, but it will be distributed among hundreds of people who will appreciate it, and they will every one "Boost for The Boston."

The Goods to Be Sold Tomorrow Are On Display in the Windows and On Outside Displays

Quantities of each article offered are limited, and as soon as exhausted will be discontinued. Better come for the morning hours, 9 to 11 o'clock, as many items will be picked up quick. All sale goods, if any, remaining unsold at 11 a. m. will be on sale beginning at 2 p. m.

This will be, undoubtedly, Portland's greatest "bargain sensation" up-to-date, but I'll have other good PAUL STRAIN ones following.
