ENGAGEMENT CAUSES STRIFE

Miss Aimee Newman Will Marry Editor Despite Mother's Wishes.

The engagement of Miss Aimee Newman of Fresno, California, to Horace J. Brown, a member of the editorial staff of the Sacramento Star, has caused a great deal of excitement in Jewish circles here. The announcement was made by Miss Newman herself, and she let it be known that her mother was bitterly opposed to the match and had forbidden Mr. Brown the house.

Miss Newman is very well known in Portland, where the family formerly resided. Mrs. Newman was active in the Jewish council, and her daughter was active in musical circles. The prospective bride is a pianist of exceptional ability. She spent the past summer here visiting her sister, Mrs. Julius Louis, who is prominent in social circles. Miss Newman's brother, D. L. Newman, is a wealthy and prominent merchant of Fresno.

Mr. Brown was formerly city editor of the Fresno Tribune, and it was during his stay there that the attachment was formed while Mrs. Newman was away on a protracted visit. The relatives oppose the match openly and say her marriage to a Gentile will not take place with their consent, but Miss Newman declares she will marry Mr. Brown anyway. Mrs. Louis, her sister, will not discuss the engagement.

MISS CAMERON GAINED HONORS IN A HURRY

played in the west, and when she left San Francisco five years ago with the intention of becoming an actress she received the usual discouragement from her relatives and friends. She declared to them, however, that she would soon surprise them by coming back to California as a star. She will not quite make good her boast this season, as "The Three of Us" is a play in which no one is actually starred. But to return home after only five years on the stage, as the leading woman in the most successful play of last season in New York, is triumph for Miss Cameron. Another year will probably see her a full-fledged star, as her talent and her beauty are of an uncommon order.

All Eastern manufacturers, including the piano makers, need money—and need it at once. The sudden tightening of the financial situation, although it can be temporary, means quick action. The enormous sums which are required to meet the payrolls for thousands of men must be met on the minute due, and everything kept running right up to the mark as usual. Of course, things will resume their normal condition in a short time, but the present emergency demands the immediate movement of vast sums to the industrial centers—without a day's loss of time.

The prosperous condition of the west and the Pacific coast in particular means a tremendous help in solving present conditions, and the city of Portland, with its immense surplus wealth, has been given a tremendous advantage over all other Pacific points. In an offer to the public, which means a chance to save materially in the purchase of a piano, for all those who have ready cash, who can embrace the opportunity at once.

Within the past 48 hours a number

of leading piano makers wired Eilers Piano House to assist them in tiding over the present temporary trouble by anticipating the payment of invoices not yet due, with immediate cash, for which they are willing to pay a big premium. This means a big extra discount in the wholesale cost, and in order to take advantage of this in the fullest possible extent, Eilers Piano House has decided to offer a special extra discount on the retail price of every instrument sold immediately for cash. This extra discount will apply with a very few exceptions, to every new instrument in stock. To begin to enumerate the makes and styles of pianos included in this great special sale would be almost impossible, without taking several columns of space. Suffice to say, that in addition to the saving of \$100 to \$200 which the House of Eilers enables every purchaser to make under ordinary conditions, there will be an increased saving of perhaps half as much again. This will be the most important piano sale probably ever inaugurated in Portland. It will be short and sharp. It means quick

action on the part of every piano seeker who would save a full third of the usual cost. It means ready cash. And it means, too, the same liberal and complete Eilers guarantee, as though the instrument selected had been sold at full regular prices. Remember, the Eilers guarantee covers quality and value, and is in every case backed by the strongest and greatest piano selling organization on the Pacific coast. In considering this great opportunity, refer to some of the most remarkable bargains, as noted in our Sunday and succeeding announcements. This special discount will also apply to many of these instruments regardless of the fact that they were already listed at unusual reductions. Pianos, Player Pianos, Players, Orchestral, Organs, etc., are all included in this most remarkable and decisive special sale. But the key note is promptness. If you would take advantage, lose no time. Come today, look through the splendid stock, and see what ready cash will do. Eilers Piano House, 353 Washington street, corner of Park. The House of Highest Quality. If you live out of town, write for particulars without a moment's delay.

Nevertheless, it is that spirit that has characterized the growth of Rose City Park; that has improved it and brought it to its present marvelous state of excellence. It's that spirit that extended the car line, graded the streets, built the sidewalks and sold half the lots in six months. It's the spirit that prompted a score of people to buy and build there; the spirit that brought to Rose City Park a class of people with determination, foresight and a home-loving disposition. A New Departure

The cost of interments has been greatly reduced by the Holman Undertaking company. Heretofore it has been the custom of funeral directors to make charges for all incidentals connected with a funeral. The Edward Holman Undertaking company, the leading funeral directors of Portland, have departed from that custom. When casket is furnished by us we make no extra charges for embalming, hearse to cemetery, outside box or any services that may be required of us, except clothing, casket and carriages, thus effecting a saving of \$25 to \$75 on each funeral.
