A purchase made by our buyer while in New York recently brings these suits to us at a figure which enables us to make the premier suit offer of the season. Spot cash secured them for us at a tremendous concession in price. They're exceedingly smart styles. Coats are tight, semi or loose fitting and in single or double-breasted effects. The skirts are the very popular pleated models. The materials are fancy English mixtures, fancy broadcloths and serges. There are no plain or solid colors in this assortment. Shades are brown, blue and gray and they come in stripes, checks and mixtures. Coats are trimmed with straps of self material, fancy buttons or silk braid. Some numbers have collars of velvet or cloth in colors that contrast pleasingly with suit material. The Friday price on these in some cases is less than half the regular value. They are all sizes and plenty of every style--in fact there are over 350 suits to choose from. Come and select one of the most effective tailored costumes you have ever seen for
