Providence, R. I., Nov. 2.—The present campaign in Rhode Island has been to a considerable extent a duplication of that of last year when James Higgins, a Democrat, was elected. He has made a popular governor, has been renominated, and the indications are that he probably will be reelected. The Republican candidate is Frederick H. Jackson, the present lieutenant-governor of the state. The Republicans, while not sure of the governorship, are confident of electing the remainder of their ticket.

Interest in New York.

(United Press Leased Wire.)

New York, Nov. 2.—The present contest for county officers in New York has excited almost as much interest as usually centers in a mayoralty election in the metropolis. The interest is due chiefly to the fact that the Republicans have fused with Hearst's Independence league on the county ticket. Perhaps the fusion arrangement would not attract so much attention except for the fact that it was brought about by Her-
