

SUBURB ITCHES FOR IMPROVEMENT

Sellwood Board of Trade Elects A. N. Wills President—Much Work to Do.

At the annual meeting of the Sellwood board of trade last night in Strahlman's hall, East Thirteenth and Spokane avenue, Councilman A. N. Wills was elected president, L. J. Hicks of the Hicks-Chatten Engraving company was elected vice-president and J. W. Campbell was made secretary for the ensuing year. Hereafter all meetings will be held in Strahlman's hall each Monday evening. Much work is before the association, and much has been accomplished by the board of trade in the past. It is five or six years old, one of the oldest on the coast side, during which time D. M. Donoghue has been president continuously. Mr. Hicks has been secretary of the organization during the past year.

L. J. Hicks, New Secretary of Sellwood Board of Trade.

and has always taken an active interest in the work of the board. Mr. Campbell, the new secretary, has also been a regular attendant.

Little business was transacted last night beyond the election of officers. There will be new committees appointed to take up the work at the next meeting. A discussion of the division of the school district came up, but nothing further than has previously been an-

nounced was made public. A location for a new schoolhouse has been secured by the committee and submitted to the board of education. Action will be taken looking toward the procuring of the car manufacturing plant proposed by the Portland Railway, Light & Power company for Sellwood or the near vicinity. It is stated the company intended building one of its clubhouses for employees either in Sellwood or Milwaukie, and a special effort will be made to get that for Sellwood. Street improvement was discussed, and a protest made because of the continued use of open cars on cold days on the Sellwood line.

LUMBER COMPANY'S BID REJECTED

(Washington Bureau of The Journal.) Washington, D. C., Nov. 5.—The Cascade Lumber company's bid on 60,000,000 feet of standing timber in the Yakima valley has been rejected, together with all others, by the secretary of the interior. Protests by lumbermen against the cruiser's estimate of the amount standing caused inquiry with the result that the secretary determined to dispose of it in another manner.

MATE JOHNSON DIES OF INJURIES

(Special Dispatch to The Journal.) Astoria, Or., Nov. 5.—Walter Johnson, first officer of the schooner Anna M. Campbell, who was severely injured yesterday through the breaking of a sling of lumber which fell on him, died this morning in the hospital.

WHEN HER BACK ACHES

A Woman Finds All Her Energy and Ambition Slipping Away.

Portland women know how the aches and pains that come when the kidneys fail make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of diabetes, dropsy and Bright's disease. Doan's Kidney Pills permanently cure all these disorders. Here's proof of it in a Portland woman's words: "Mrs. A. S. Cummings of 244 Clackamas street, Portland, Oregon, says: 'Kidney complaint and backache have clung to me for a long time and often I suffered severe attacks of it. Sometimes it was a dull, heavy aching over the kidneys and again sharp, acute pain in the small of the back. The kidney secretions passed too frequently and often with pain. I had tried several remedies with poor results and was finally induced to use Doan's Kidney Pills. They helped me very quickly and, continuing their use, I soon found relief from the aches and pains and the action of the kidney secretions was also strengthened to a great extent. I recommended Doan's Kidney Pills in our papers three years ago. I am always pleased to say a good word for this remedy and am glad of this opportunity to confirm my former testimony. For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember, the name—Doan's—and take no other.'

IS MURDERED IN FIGHT WITH THUG

Chicago Burglar Kills James W. Alaway, Los Angeles Commission Man.

(United Press Leased Wire.) Chicago, Nov. 5.—In a desperate struggle with a burglar early this morning, James W. Alaway, a commission merchant of Los Angeles, was shot and killed in the home of his brother Edward, in Austin, a suburb. The murdered man retired early last night and before dawn this morning his brother was awakened by shots which followed the sounds of scuffling. Rushing to the apartments of his brother, Edward saw James stagger and fall. He was shot by a burglar, was all the wounded man said, and a moment later he was dead. Two of the burglar's bullets struck Alaway, one going through the left arm and the other penetrating the chest near the heart. The dead man lived at 2110 Park Grove avenue, Los Angeles. All over the room were evidences of the struggle. Upon being awakened by the burglar, Alaway undoubtedly made an attempt to capture him, a fierce struggle and Alaway's death following. After firing the fatal shots the burglar escaped through the window by which he had entered the Alaway residence. The Alaway home was one of eight houses in Austin, a suburb, ransacked by burglars last night and early this morning and it is supposed that the man who murdered Alaway was involved in all.

GOMPERS NOT AFRAID OF LOSING HIS JOB

President of American Federation of Labor Secure in Executive Seat.

(United Press Leased Wire.) Washington, D. C., Nov. 5.—At the general headquarters of the American Federation of Labor in this city the officials are busy preparing for the annual convention to be held at Norfolk next week. Apparently no one at headquarters is worrying much over the story sent out from New York last week to the effect that a fight is to be made at the Norfolk convention to knock out the reelection of President Gompers and the present members of the executive council. That there is some disaffection in the ranks of the labor organizations affiliated with the federation is not denied. But it is believed to be confined almost wholly to the socialist element which has always been more or less opposed to President Gompers and his policies. It is believed that he succeeded in effecting his removal from the presidency for a year. The present revision of the movement is said to be due largely to the action of President Gompers and the executive council in suspending the United Brewery Workers of America for ignoring an order to surrender jurisdiction over the engineers, firemen, cooper and drivers in the United Brewery Workers. Several other labor organizations, especially the unions with German members, have declared their sympathy for the Brewery Workers and have formed a league with the avowed intention of getting President Gompers's scalp if possible. But in the opinion of practically all of those well-informed as to the situation President Gompers is too strongly entrenched in his position to be ousted by the disgruntled element. With the exception of one year he has filled the office of president of the American Federation of Labor for 20 years and on the whole the vast army of workers affiliated with the organization appears to be well satisfied with the way in which he has conducted its affairs.

NOT WIFE, HENCE CAN BE WITNESS

(Special Dispatch to The Journal.) Chehalis, Wash., Nov. 5.—Judge Rice opened the regular November term of the Lewis county superior court here today. The docket was shifted somewhat by an unexpected turn in the state case against John W. Roberts for criminal assault. Prosecuting Attorney Harmon had introduced the name of Mrs. Roberts on the subpoena as a state witness. The defendant's attorneys objected to this when it developed that the woman heretofore known as Mrs. Roberts had never been married to Roberts at all, and thus is not precluded from testifying against him. It is said the woman's testimony will be very valuable for the state.

WASHINGTON'S FINANCES

(Special Dispatch to The Journal.) Olympia, Wash., Nov. 5.—The monthly statement of State Auditor Clausen for October shows a balance on hand in the state's general fund on November 1 of \$129,521.91, as compared with \$164,378.81 on hand on October 31. The receipts for October were \$290,339.81, October disbursements were \$244,795.71.

The FUEL-SAVING FEATURES of BUCK'S HEATERS ARE of IMPORTANCE TO STOVE BUYERS

The heating of the home is a most important item—both from a standpoint of economy and satisfaction.
