Sugar Market Is 50 Higher. After many fluctuations upward and downward and mysterious ones too the jobbing trade is this morning quoting an advance of 5c per hundred pounds in the price of sugar, the product of both refineries being included. For some time the sugar market has been very much unsettled locally and many prices have ruled as a result. Now all prices have ruled as a nesult. Now all prices have ruled as a result. Chicken Market Strikes Low.

Late yesterday afternoon a number of cleanup sales of chickens were made along Front street at 10c a pound. Receipts became so heavy that prices were nominal and in order to move supplies the trade was compelled to sell at lower figures; thus confirming the predictions made in this report during the past 10 days. Today's arrivals of dictions made in this report during the past 10 days. Today's arrivals of chickens were likewise very heavy and if this movement keeps up it will cause prices to strike the lowest figures in many years. It has been a long time since the chicken market has dropped down to 10c a pound but today's market is not firm even at this low level. Therefore the future of prices depends altogether upon the attitude of the shippers. They have the remedy for these low prices in their own hands. If they continue to send larger supplies than are wanted they must expect a low range of values.

Arrivals of ducks have been quite liberal along the street during the past few days and this has caused an accumulation of supplies. Lower prices the result.

The car of oranges which arrived in yesterday was in good shape.
General produce trade is slow.
Dressed veal is higher because of a scarcity. Dressed hogs are just hold-

"Moral Squad" to Be Given Opportunity to Brush Away Cobwebs.

The assault and battery case had its inception there Wednesday afternoon. From the surrounding cir-cumstances the action of Attorney Sweek in the police court this morning In pleading guilty for his client came as a surprise but the lawyer explained that the defendant had been warned to take this action under penalty of being driven from the city by the po-lice.

It has been learned that Acting Detective Inskeep, Sergeant William Jones and Patrolman Tom Kay, were Jones and Patrolman from Kay, were interrogated by Sweek yesterday and although admitting that the reports of immunity granted to the Hotel Richelieu by Kay were in a measure true, yet these officers, it is said, informed the attorney that in face of the "muzzling order" of Commissioner Green they would have to perjure themselves in the police court if called as witnesses for the defense.

According to the story of Trixle Cole, she arrived in Portland at a late hour last Tuesday night and took a room at the Richelieu. The following day hereffects were thrown into the hall. She notified Mrs. McGalliard, the landlady
