## Miscreants Pull Trolley Pole Off on Hill Causing Collision in Which Several Women and Children Are Badly Hurt.

(United Press Leased Wire.)  
San Francisco, Nov. 8.—With a roar that was heard for blocks around, three trolley cars crashed together at the intersection of Eddy and Pierce streets at 10 o'clock this morning and several women and children narrowly escaped death in the wreckage. The police are looking for miscreants who pulled a trolley pole from the wire of one of the cars, which was at the top of the Eddy and Pierce streets hill and which resulted in the three cars crashing together. Two motorists have been booked on charges of battery and it is possible that two men will be arrested for pulling the trolley pole from the third car as the first car was descending the hill.  
Car 1518 had reached the top of the Pierce and Eddy hill. Car 1540 was stationary at the foot of the hill, while car 1541 was approaching from Steiner street.  
As car 1518 reached the top of the hill two men pulled the trolley pole off. The car immediately started down the hill. Women and children, the motorist and the conductor of the trolley car jumped for their lives and were hurt. At the foot of the hill the car crashed into 1540, completely demolishing the forward end of the car. The momentum of the two cars carried them into 1542, which was approaching, with a deafening crash.  
The motorist of all cars escaped injury. By jumping the passengers in the two cars at the bottom of the hill were cut by broken glass and considerably shaken up.  
The following were the most seriously injured:  
Mrs. B. Machouillard, lacerated wound on the scalp and probably fracture of the skull. May die.  
Mrs. James King, fracture of the right thigh, abrasions and contusions of the right arm.  
Mrs. James Keefe.  
Mrs. Peter McGlade, cut by flying glass and suffered from the shock of the collision, probable internal injuries.  
Mrs. K. Oestrick, East Oakland, suffering from shock.

# PORTLAND DIRECT WIRE TO LEWISTON

(Special Dispatch to The Journal.)  
Lewiston, Ida., Nov. 8.—A direct Portland wire has been brought into Lewiston by the Western Union Telegraph company, and will be in service by the first of the month. The line will string a wire across the river by suspending the wire from the tops of the towers. It will follow the new Lewiston-Bipar road, and its installation will greatly facilitate the service between this city and Portland, heretofore all messages were sent via Spokane.

# Dairyman Gored.

(United Press Leased Wire.)  
Bellingham, Wash., Nov. 8.—Peter Zorn, a dairyman living six miles from this city, was probably fatally gored by a bull last evening. Internal injuries may result in his death. He was leading the animal with a rope attached to a ring in its nose. The pain of a sudden jerk angered the bull, which threw Zorn to the ground. The bull's horns had been sawed off or Zorn would have been killed instantly.

# TO PRETENDERS

A Wholesome Word for Guidance.

Just a word to you, "Collier's" and other glaring examples of Modern Yellow Journalism and Cigarettes.  
Environment gives you a view-point from which it is difficult to understand that some people even nowadays act from motives of old-fashioned honesty. There are honest makers of foods and healthful beverages and there are honest people who use them.  
Perhaps you are trained to believe there is no honesty in this world. There is, although you may not be of a kind to understand it.  
Some of you have been trained in a sorry class of pretenders, but your training does not taint the old-fashioned person trained without knowledge of pretense and deceit.  
These letters came to us absolutely without solicitation. They are from many thousands from people who have been helped or entirely healed by following the suggestions to quit the food or drink which may be causing the physical complaints and change to Postum Coffee or Grape-Nuts food.  
You are not trained enough to know the technical reasons why the change makes a change in the cells of the body. Your knowledge, or lack of knowledge, makes not the slightest difference in the facts.  
You can print from old and worn plates all the cheap snake medicines which will produce and sell them as best you can, but such acts and your "learned" editorials are not commercial, and seek only "dollars" and much by pretense.  
When you branch out into food values you become only ridiculous.  
Stick to what you know. The field may be small but it is sure to be profitable.  
This first letter is from the president of the "Christian Nation," a worthy Christian paper of New York: "New York, Oct. 5, 1907."  
Postum Cereal Co., Ltd.,  
Battle Creek, Mich.

# TRIED TO COMMIT SUICIDE WITH RAZOR

(Special Dispatch to The Journal.)  
Astoria, Or., Nov. 8.—The banking situation of this city is just the same as for the past week. No excitement or unusual features have developed. All money for immediate needs is being paid out on demand. The Portland postoffice has accepted Portland drafts for department collections here, instead of coming to the bank. One will amount to several thousand dollars per day that Portland has been draining out of Astoria.  
The local banks have sent to Portland for a supply of clearing house certificates, and with these will pay checks drawn on Portland.  
The failure of the Portland Title Guarantee & Trust company of Portland caused quite a little uneasiness here, as a number of Astorians have accounts there.

# PIONEER WOMAN OF LEWIS COUNTY DEAD

(Special Dispatch to The Journal.)  
Chehalis, Wash., Nov. 8.—Mrs. Minnie Young is dead at the family home in Chehalis. She has been ill for some weeks. Her son, C. D. Young, is county commissioner for the Chehalis district. She is survived by her husband, George L. Young, two sons and two daughters, in the valley here for over 40 years, coming to Lewis county at an early day from Massachusetts.

# Venue People Incorporate.

(Special Dispatch to The Journal.)  
Chehalis, Wash., Nov. 8.—State Senator J. A. Veness and his associates, of Winlock, have filed articles of incorporation of the J. A. Veness Lumber Co. The capital stock is \$300,000. Senator Veness, wife and daughter, as well as the incorporators, are named as trustees. The milling interests of the company are those recently purchased from the Winlock Lumber company at Capitola, two miles south of Winlock. A general timber and sawmill business will be transacted.

# BANKS REFUSE TO RENT BOXES

## Safe Deposit Vaults Are Withdrawn From Public So Money Will Circulate.

(United Press Leased Wire.)  
San Francisco, Nov. 8.—Safe deposit boxes in San Francisco are no longer for rent. Whether this is the result of a tacit agreement on the part of the bankers in their desire to keep money in circulation, or means that every box has been gobbled up by numerous depositors cannot be said with any degree of certainty.  
Yesterday there was a big demand for the boxes. Those who wanted them to put away the receipts of the day, others wanted them to store valuables.  
The heads of the banks deny that they have entered into an agreement to shut up their vaults to the public. They say that an unusual demand for the boxes they had made resulted in the renting of all the boxes.

# OLD FOLKS HAVE NEW FORM OF AMUSEMENT

## Patton Home Inmates Have Musical Concerts Three Evenings Weekly.

"The talking machine purchased by Dr. D. H. Rand and his friends for us old folks at the Patton home, who can't talk much ourselves, has given us a great deal of amusement and entertainment," writes Charles Watgus to The Journal, in behalf of himself and his grateful companions. "We all think the money well spent, and the 'family' returns to the donors its most gracious thanks."  
The rule is to have music three evenings a week, and we hear from 15 to 20 records at the very oldest. The mother superior presides. The machine, with a cabinet containing 37 records, was brought here June 26 last, and it has been the favorite source of entertainment to the family ever since. Some day we will ask for new records, but not until we get tired of the old ones."

# TOMORROW AND MONDAY WILL BE THE LAST DAYS FOR DISCOUNT ON WEST SIDE GAS BILLS.

Tomorrow and Monday will be the last days for discount on west side gas bills.

# EAST SIDE STREETS SOON WHITE AS LILY

Assurance is given the business men of the east side by Walter McMonies that power brooms will be put on the paved streets of that side of the river at an early date. Mr. McMonies is intimate with the east side street department, and says they have promised him that the east side streets will soon be cleaned every evening.  
Barns on the east side have been completed and brooms purchased. Much dissatisfaction with the condition of east side streets has been voiced repeatedly, but was always silenced with the promise that the city could not put power brooms on the plan.  
Holiday avenue has been paved for more than a year. Williams avenue for a shorter period and part of Grand avenue for nearly two months, and neither of the three has ever had the experience of being swept with a broom of any kind.

# SITUATION EASED FOR ASTORIA BANKS

(Special Dispatch to The Journal.)  
Astoria, Or., Nov. 8.—The banking situation of this city is just the same as for the past week. No excitement or unusual features have developed. All money for immediate needs is being paid out on demand. The Portland postoffice has accepted Portland drafts for department collections here, instead of coming to the bank. One will amount to several thousand dollars per day that Portland has been draining out of Astoria.

# HAWAIIAN JAPS READY FOR WAR

## Subjects of Mikado Assure Him of Their Willingness to Take Up Arms.

(United Press Leased Wire.)  
San Francisco, Cal., Nov. 8.—A special cable to the Call from Honolulu says:  
"Should the emergency arise, we offer ourselves courageously to the state thus to guard and maintain the prosperity of our imperial throne."  
This was the message delivered to the emperor of Japan in Tokyo on Sunday by a special messenger sent by the Japanese residents of Hawaii, accompanying the message which pledged in such unequivocal terms support to the home government in the event of war.  
The messenger, in an extravagant phrase, the loyalty of the emperor's subjects in these islands and acquainting his majesty with the progress they had made in learning in assimilating the benefits of the white man's civilization and in material prosperity.

# SMALLER WAGE FOR MILLMEN, MAYBE

(Special Dispatch to The Journal.)  
La Grande, Or., Nov. 8.—Unless money loosens up the Palmer Lumber company of this place will be forced to pay a smaller wage scale temporarily rather than close the mill. The men engaged in the mill seem willing to work for less until things are adjusted. Some of the lumbering camps in the mountains have closed down.

# ROSENTHAL'S FIT THE FEET.

Rosenthal's fit the feet.

# TWO NEW CARRIERS FOR PORTLAND

Postmaster Minto received information from Washington today that two carriers had been allotted for service in Portland. The men will be added to the office November 15. One will work out of the Sellwood office and the other out of the main office.

# COLLISION COULD NOT BE AVOIDED

## Dredge's Fog Bells Were Not Heard, Testify the Gatzert's Officers.

Captain F. D. Sherman testified this morning at the investigation before local inspectors Edwards and Fuller that the effect of the collision between the steamer Bailey Gatzert and the dredge Portland on November 6 would have been the same as it was even had the steamer been under quarter speed. Captain Sherman was at the wheel when the collision occurred, and said the dredge was running under half speed.  
Inspector Edwards examined the witnesses very closely on the speed point, but Captain Sherman maintained that even if the steamer had been traveling at less speed the collision could not have been averted because the dredge's fog bell was not heard. Evidence will be introduced late this afternoon or tomorrow to show that the bell was sounded and at regular intervals in accordance with the law. He said he did not know of the dredge's presence there until Roy Morison, the lookout, shouted "dredge ahead, sir." It was then too late to stop, although the engines were reversed.  
Captain Sherman testified that running half speed the Bailey Gatzert

# Women Avoid Operations

## When a woman suffering from female trouble is told that an operation is necessary, it, of course, frightens her.

The very thought of the hospital, the operating table and the knife strikes terror to her heart. It is quite true that these troubles may reach a stage where an operation is the only resource, but a great many women have been cured by Lydia E. Pinkham's Vegetable Compound after an operation has been decided upon as the only cure. The strongest and most grateful statements possible to make come from women who by taking

# Lydia E. Pinkham's Vegetable Compound

made from native roots and herbs, have escaped serious operations, as evidenced by Miss Rose Moore's case, of 307 W. 26th St., N. Y. She writes: "Dear Mrs. Pinkham:—Lydia E. Pinkham's Vegetable Compound has cured me of the very worst form of female trouble and I wish to express to you my deepest gratitude. I suffered intensely for two years so that I was unable to attend to my duties and was a burden to my family. I doctored and doctored with only temporary relief and constantly objecting to an operation which I was advised to undergo. I decided to try Lydia E. Pinkham's Vegetable Compound; it cured me of the terrible trouble and I am now in better health than I have been for many years."  
This and other such cases should encourage every woman to try Lydia E. Pinkham's Vegetable Compound before she submits to an operation. Mrs. Pinkham's Standing Invitation to Women  
Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. From the symptoms given, the trouble may be located and the quickest and surest way of recovery advised.
