Clearing House Certificates Will Not Be Accepted for Money Orders.

(United Press Leased Wire.)

San Francisco, Nov. 9 .- Postmaster Arthur G. Fisk, this morning issued a warning to all employes of the post-

"The attention of clerks in this de-partment is called to section 977 postal laws and regulations, which reads: "Postmasters must not receive or pay out in the transaction of money order business any money that is not legal tender by the laws of the United States. except national bank notes and silver certificates."

The above quoted provision of the postal laws and regulations forbids the use in the transaction of postal business of any medium of exchange issued by individuals or private institutions. It was stated by one of the officials of the postoffice department this morning that the above order was issued by Postmaster Fink especially for the pur-uose of preventing any of the clerks from accepting the clearing house cer-tificates for the postoffice department as this would recognize the certificates as legal tender by the government.

ARCTIC BROTHERHOOD TO EXTEND SCOPE

(Special Dispatch to The Journal.) Tacoma, Nov. 9-The Arctic Brotherhood, of Alaska and the Yukon territory, yesterday took the first definite

tory, yesterday took the first definite step towards the construction of its building at the Alaska-Yukon-Pacific exposition at Seattle. A large committee was appointed which was given full power to act.

The question of subsidiary camps or camps outside of Alaska or the Yukon territory was fully discussed. It was decided to let the members generally have a chance to express themselves and the grand recorder was instructed to communicate with all the subordiniate camps. The sentiment of the 60 or 75 delegates of the brotherhood present is decidedly in favor of subsidiary camps. The matter is meanwhile passed over for another year.

Members of the brotherhood here desire to have subsidiary camps established at Seattle, Tacoma, Portland, one of the British Columbia cities, and perhaps at Everett or Bellingham.

The per capita tax was reduced, on account of there being sufficient funds in the grand camp now to carry on all present and prospective expenses, from \$11\$ to 50 cents per annum.

The one class gets a little more theory, the other a little more practice. I can't see very much difference in the actual results."

STORK TOOK NAME TO WISCONSIN TOWN

H. J. Blocki of Sheboygan, Wisconsin, is at the Hotel Portland. Sheboygan was derived from the Indians. Here is the way it originated.

In the early days an Indian went to town one day greatly excited. He was looking for the doctor. His squaw needed attention.

"Sheboygan," he said.

Ever since that day the Wisconsin town has retained the name. At least this is what Nathaniel E. Clarke, clerk at the Hotel Portland, says.

Keep Bright and You Will Keep Busy

ELECTRIC LIGHT is the magnet that draws trade. The bright store is the "hypnotic eye" of business. People can no more resist the attraction of a brilliant, Electrically lighted store than they can resist the clarion call of a brass band.

Is your competitor with the Electrically illuminated show windows, bright interior and sparkling Electric Sign getting an advantage over you? The moth never flutters around the unlighted candle! Up-to-date stores nowadays consider show-window lighting a necessity, whether they remain open after dark or not. Competition forces modern methods.

A show window brilliantly illuminated with Electric Light will make many a sale "the night before." Electric Light compels attention, makes easy the examination of your display, shows goods in detail, and fabrics in their true colors.

And don't neglect the Electric Sign. It is soliciting "tomorrow's" business every moment it is lighted-burning your name in the public mind. It is a solicitor that never becomes weary-never stops work-costs little.
