

COGE EARLY COGE LIVING

Financial Situation Will Be Quickly Relieved If Products Are Hurried to Seaboard — \$680,000,000 of European Credit.

Many of the leading bankers of the country are urging the speedy movement of the crops to the seaboard for immediate shipment to foreign countries in order to facilitate the importation of gold from abroad. From all parts of the country the responses to this suggestion have been most gratifying, indicating that this year's surplus crops will be in foreign markets much earlier than usual.

The surplus cotton crop of the south is the most important single unit of credit of the United States in foreign exchange. The most reliable and trustworthy estimate of the cotton crop now being marketed is 12,000,000 bales, two thirds of which is available for export.

European Foreign Credit.
If that estimate be taken as the basis of calculation, the financial resources of cotton in exchange relation should furnish the country with a credit of \$440,000,000. The extent of this movement for the past three months and the weekly rate at which cotton is establishing credit, mainly against Europe, are shown as follows:

Value of crop, (12,000,000 bales at \$55).....	\$660,000,000
Available for export (8,000,000 bales at \$55).....	440,000,000
Already exported (1,520,240 bales at \$60).....	78,220,400
Last week's exports (377,482 bales at \$55).....	20,760,410
Last week's port receipts (340,444 bales at \$55).....	18,735,530
Estimated outgoing this week (410,000 bales at \$55).....	22,550,000

The visible supply of grain in the American markets is 6,000,000 bushels greater than it was at the same time in 1906, 14,000,000 bushels higher than in 1905, 15,000,000 above the visible supply of the country. Judging from these figures, the country's capacity to receive the surplus of wheat, corn and oats to the point of \$5,000,000 a week, provided the surplus could bring the product to the seaboard.

Surplus Cotton Crop enormous.
The value of these three grain crops and their share in the export account for the year ending November 2, are estimated as follows:
Value of three grain crops \$2,532,000,000
Available for export..... 1,400,000,000
Already exported..... 400,000,000
Last week's exports..... 4,000,000
Estimated outgoing this week..... 5,000,000

It will thus be seen that the surplus cotton crop when marketed will bring to the United States \$200,000,000 more than will the combined surplus of the three grain crops; while the combined surplus will give the country a European credit of \$80,000,000.

These facts should reassure the public mind as to the ultimate capacity of the country to finance its business undertakings and to see itself through a time of stress and strain. A weekly contribution of at least \$25,000,000 to the export trade from cotton and grain alone is a power sure to manifest itself on the right side of the account if but a little patience be exercised.

ANDERSON DANGEROUS CHARACTER

(Continued from Page One.)
on the heels of the pair. An order for a plating machine was traced, and a watch kept on the factory that was to supply it.

Anderson and Kuhn were arrested yesterday. Kuhn was arrested at his home, 773 Vancouver avenue, where he has been living with a woman named Miller. Anderson was taken into custody on Ross' island yesterday, where he was found with a furnace in his basement and molding pieces of rabbit bearing the stamp of \$5 and \$10 gold.

This morning the prisoners underwent examination before United States Commissioner Sladen and their bail was fixed at \$2,500 each.

From evidence found on Anderson the authorities are inclined to believe that he is a degenerate of the worst type. In his pockets a diary was found, in which deeds and crimes are mentioned frequently made. These dates run along for months and show that Anderson is a dangerous scoundrel.

Clippings of Albers Case.
Newspaper clippings of the Albers assault were also found in Anderson's possession. There were eight of these items and each had been carefully dated by the owner.

One of Anderson's diaries is with reference to his plans of counterfeiting before he was arrested here five years ago. The second and the one which is considered particularly important by the authorities in connecting him up with the possibly one or more of the assaults, it is said, has admitted that the diary was his.

Anderson is now held by the government authorities for counterfeiting on two charges. As yet the information of the diary has not been conveyed to the local police.

His Description.
Anderson is short, being about 5 feet 2 inches in height. According to the description of the man who attacked Miss Albers, he was rather short of a rugged complexion, is shiftless and untidy, has the appearance of a laborer. Previous to taking up the scheme of counterfeiting he says that he has been employed along the waterfront. For

"DID YOU REPORT BURGLAR TO POLICE?" "NO USE," SAYS VICTIM

In lieu of a police force have a man in the house who measures more than six feet, is the advice of R. C. Wiley of East Ninth and Burnside streets. Mr. Wiley is department superintendent with Wadhams & Co. He stands six feet one inch in his stocking feet.

Sunday morning Mr. Wiley was awakened at 3 o'clock by the sound of someone moving about in the dining room of his home. He got up to investigate, and as he stepped into the room he saw a burglar who was concealed behind the table across from him. Wiley ran around the room and the

two men clinched. The thief was short, and although he struck Wiley a heavy blow with brass knuckles on the breast, he was unable to reach his head. The force of the blow, however, knocked Wiley back for a moment, and gave the burglar time to push a chair before his pursuer and escape through the back door before Wiley could pick himself up again. The thief secured some trinkets of slight value and a small amount of money.

"Did you report the matter to the police?" Wiley was asked.
"What's the use?" he replied.

TEACHERS WILL KEEP CLOSE TAB ON ALL WILY MICROBES

Portland's pretty school "marm" will take a leading part in suppressing infectious and contagious diseases among the school children of the city. They have been instructed to watch students and report to the health warden on the latter's weekly visit to the schools all children with the following symptoms:

Swollen skin, eruptions on skin, scratching, inflamed eyes, inflamed or swollen lids, short-sightedness, swelling of face or neck, excessive discharge from nose or mouth, mouth breathing, nose bleeding, hoarseness of voice, shortness of breath, cough, discharge from ear, deafness, fever, dizziness or fainting, mental dullness or inattention, excessive nervousness, headache, habitual limping, any deformity.

It is hoped in this way to anticipate diphtheria, small-pox, chicken-pox, scarlet fever, measles and other diseases peculiar to children and the purpose of warding off epidemics.

AUTO JUST OUT OF HOSPITAL HITS POST AND GOES BACK TO BED AGAIN

Because his automobile, in the dark, ran into a post that had been driven into the ground by the roadside for the protection of the drain, James V. Hart has asked the county court to pay him the cost of repairing his machine. In dodging another auto that was coming down Vista avenue near the Montgomery drive he bumped into the post, and now he says the post should not have been there.

Mr. Hart's claim apparently lays the foundation for a large number of claims from auto drivers, should it be upheld. Clyde Nichols, assistant to the police, says the county court should be in favor of paying repairs on disabled buzz wagons because it allows a post in the road. Mr. Hart is not very specific as to the damages suffered by his machine, saying only that one axle and his steering gear were badly disfigured. He was going to his home on Portland, when the accident took place, and was even then taking the machine home after a stay in the repair shop. The happening of another accident before he reached home was of course disheartening, and no doubt adds to Mr. Hart's anxiety to recover from court.

The aggrieved automobilist also suggests that one of the commissioners take time to investigate that post. He thinks the post should be discarded in favor of planks and grating.

depends upon the developments of the immediate future.

ASK NEW RECEIVER.
Depositors File Petition for Hill's Removal.

Requesting the removal of George H. Hill as receiver of the Title Guarantee & Trust company, two petitions signed by depositors were filed in the United States circuit court yesterday. The depositors represent a trifle more than \$24,000. The applicant is a disinterested person as receiver is also asked for.

The petitions set forth that Hill, who was vice-president of that company, had an active part in incurring the obligations and liabilities of the concern which brought about its insolvency.

That Hill is under indictment by a grand jury for receiving money when he knew the bank insolvent, is set forth as another reason why he should be removed.

McAllister & Upton appear as attorneys for 18 of the bank's creditors, whose deposits aggregate \$26,314. These petitioners are: E. H. Nichols, P. J. Cuesberry, W. A. Post, John Epton, H. L. Shirvin, Will Murphy, C. Van Norman, Epton, Miss E. Chaney, Louis W. J. Curtis, J. J. Bloom, H. C. Schroeder, F. J. Steinmetz, Ulysses Schauer, Robert E. Little, C. E. Khaman and Godfrey Ehaman. Spencer & Farley are attorneys for six other depositors, whose claims amount to \$17,751.73. Their names and the amount of each follow: McClung & Wetherby, \$11,468.80; J. G. Gordon, \$2,600; C. F. Fischer, \$1,127.45; W. S. and J. D. Hunt, \$1,600; F. L. Schull, \$425; A. Hamerton, \$459.42.

HEARING IS WAIVED.
Officials of Title Guarantee Bank Appear in Court.

In the municipal courtroom this morning J. Thorburn Ross, T. T. Burkhardt, George H. Hill and John E. Aitchison, accused of having received deposits in an insolvent bank while officers and directors of the Title Guarantee & Trust company, waived their preliminary hearing before Judge Cameron and bonds of \$5,000 each. The sureties furnished previously were allowed to stand and the men were allowed to go after not more than five minutes spent before the bar of the lower court.

At the appointed time this morning the four men appeared in the ante-chamber of the municipal court, accompanied by their attorneys Wallace McCamant and John Kollock into the courtroom. The writer feels certain that Judge Cameron, however, decided since the offense charged against the men was a felony and punishable by a penitentiary sentence and a fine that the defendants should appear in person and accordingly the four men crowded through the door just inside the courtroom and stood while the attorneys stated that they would waive their right to a preliminary hearing and the court made the order fixing their bonds.

This action of the defense puts an end to further progress in the case until such time as Governor Chamberlain shall order debarment of the defendants. Circuit court will be in a position to resume its sittings. Deputy District Attorney Hainey stated that the information against the men will be returned just as soon as it is possible for the office to do so after the end of the holidays and the resumption of business by the upper court. Unless

Cure for Drunkenness
Orrine Treatment to Be Used at Home Without Publicity, or Loss of Time From Business.

The best aid to temperance is something that will strengthen the drunkard's wrecked nervous system and cure his unnatural craving for drink. We believe that any man who really desires to be cured of the liquor habit can cure himself by using Orrine. This remarkable treatment has made so many cures that we are glad to sell it under an absolute guarantee to refund the money if it does not cure.

It is in two forms: No. 1, that can be given secretly, and No. 2, for those who wish to be cured. It is not only the most reliable treatment known, but it is also the most economical as it costs only \$1 a box and there is no detestation from the usual duties, while if a cure is not effected, there is no expense whatever. Mail orders filled on receipt of price in plain sealed package. Write for free booklet, The Orrine Co., Washington, D. C., or Clarke, Woodward, wholesale and retail distributors.

PAY CHECKS STOLEN FROM STAGE DRIVER
(United Press Leased Wire.)
Trinidad, Colo., Nov. 12.—Twelve thousand dollars in pay checks for employees of the Carbon Coal and Coke company, an auxiliary to the smelter trust, was stolen yesterday from the stage coach conveying them to the mine. The robbery occurred between Longsight and Cokedale.

Foster & Kleiser Signs

THE CHANGE OF LIFE

Sensible Advice to Women from Mrs. Henry Lee, Mrs. Fred Certia and Mrs. Pinkham.

Owing to modern methods of living not one woman in a thousand approaches this perfectly natural change without experiencing a train of very annoying and sometimes painful symptoms.

This is the most critical period of her whole existence and every woman who neglects the care of her health at this time invites disease and pain.

When her system is in a deranged condition or she is predisposed to apoplexy or congestion of any organ, the tendency is at this period likely to become active and with a host of nervous irritations make life a burden. At this time also cancers and tumors are more liable to form and begin their destructive work.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, melancholia, dread of impending evil, palpitation of the heart, irregularities, constipation and dizziness are promptly heeded by intelligent women who are approaching the period of life when this great change may be expected.

Mrs. Fred Certia, 1014 So. Lafayette Street, So. Bend, Ind., writes: Dear Mrs. Pinkham:— "Lydia E. Pinkham's Vegetable Compound is the ideal medicine for women who are passing through Change of Life. For several months I suffered from hot flashes, extreme nervousness, headache and sleeplessness. I had no appetite and could not sleep. I had made up my mind there was no help for me until I began to use Lydia E. Pinkham's Vegetable Compound, my had symptoms ceased, and it brought me safely through the danger period. I built up my system and I am in excellent health. I consider Lydia E. Pinkham's Vegetable Compound unsurpassed for women during this trying period of life."

Mrs. Henry Lee, 60 Winter Street, New Haven, Conn., writes: Dear Mrs. Pinkham:— "After suffering untold misery for three years during Change of Life I heard of Lydia E. Pinkham's Vegetable Compound. I wrote you of my condition, and began to take Lydia E. Pinkham's Vegetable Compound and followed your advice, and to-day I am well and happy. I can now walk anywhere and work as well as anyone, and for years previous I had tried but could not get around without help. I consider your medicine a sovereign balm for suffering women."

Women passing through this critical period should rely upon Lydia E. Pinkham's Vegetable Compound. If there is anything about your case you don't understand write to Mrs. Pinkham, Lynn, Mass., for advice. It is free and has guided thousands to health.

When a medicine has been successful in restoring to health, actually thousands of women, you cannot well say without trying it, "I do not believe it will help me." It is your duty to yourself and family to try Lydia E. Pinkham's Vegetable Compound.

LAUNCH IS LOST OFF COAST OF ALASKA
(United Press Leased Wire.)
Valdez, Alaska, Nov. 12.—The launch "Three M." with 18 passengers aboard for Michikilgah, Alaska, has been missing for over a week and it is believed that she has foundered with all aboard. A terrible storm has been raging along the coast. Trees have been uprooted and the seas lashed into fury.

TO OUST HARVESTER TRUST FROM MISSOURI
(United Press Leased Wire.)
Jefferson, Mo., Nov. 12.—Attorney-General Hadley has filed information in the supreme court to oust the International Harvester Company of America from doing business in Missouri, for violating the state anti-trust laws.
