"French types, not the California, are the ones that do best in Oregon, or at least in Yamhill county. The nuts grown in Yamhill are the Mayette, Franquette, Parisienne, Parny, Proeparturien and Mammoth Ford. The latter is more of an exhibition nut, and not the best for commercial purposes. It is very large, but without the proper flavor. Eighteen of tness nuts side by side on exhibition in Portland at the Willamette apple show measure 36 inches in length."
