WEATHER REPORT

Since yesterday a new storm has moved in from the ocean and advanced to Alberta. It has caused general rains in western Oregon and western Wash-ington and a southerly gale along the coast. Warnings for this storm were ordered displayed last night at 5:30 and a maximum wind velocity of 68 miles from the southeast occurred at North Head this morning. The southern Head this morning. The southern Recky mountain storm has decreased in energy and moved southeastward to New Mexico. This disturbance has caused general rain or snow in north-caused general rain or snow in northrado, Texas, Oklahoma, Kansas and western Nebraska. The north Pacific western Nebraska. The north Pacific high pressure area has contracted in Barea and moved southeast to Nevada. A large high pressure area central over the lake region controls the weather in the sector of the sect the eastern states. The indications are for general rains in this district during the next 36 hours, with high southerly winds. Temp. Tem
