Regular \$1.50, \$1.75 and \$2.00 Values **89c**

An Event That Eclipses Any Silk Sale Held in Portland in Many Years

THIS extraordinary sensational silk sale is the result of the biggest silk purchase ever made on the Pacific Coast—closing out the entire stock of sample pieces of the largest and most reliable silk importing house in North America, with whom we place enormous silk orders every year and who reserved for us this extraordinary yearly clearance of silks which are ordinarily sold only to one of the great New York dry goods houses. Every individual pattern represents either a staple product that is the best of its kind or some new novelty in highest favor for fall and winter, 1907. Every piece is new and bright as the morning, but the entire lot was closed out to us at less than cost by the importer, who is already preparing his shelves for the next year's business. Considering the enormous demand and constant increase in price of all silks, which is taking place, these silks are offered at the most ridiculously low price we have ever known or heard about.

In order that every Portland woman may examine these silks at her leisure before the sale begins, we are making a great two-day display in our Third street window space. None of these silks will be sold until Friday morning at 8 o'clock.
