O. A. C. FIGHTING FOR BIG HONORS

Corvallis Team Playing St. Vincent's College at Los Angeles.

(United Press Leased Wire.)
Los Angeles, Nov. 28.—On the gridiron on Fiesta park this afternoon will occur a contest to decide the Pacific coast football championship, when the two undefeated teams representing the Oregon Agricultural college and St. Vincent's college clash.

Captain Pendergrass of the northern college athletes stated this morning that his charges have become accustomed to the warm climate of Los Angeles, and that they are now in great condition for the fray. He was reluctant to agree to 35 minute halves, however, as he feared that the team would not be able to hold out for such long periods.

A comparison of the two teams by weights and ages shows them to be evenly matched and the contest promises to be a fiercely fought struggle.

"Bill" Fraeger, former Stanford guard, has been selected as referee. The teams line up as follows:

St. Vincent's Position.	Oregon	
Grindle (C).....	R. E.	Emily
Brinkop.....	R. T.	Bennett
Rieschling.....	R. B.	Pendergrass (C)
Phillips.....	C.	Kelly
Bienhoff.....	L. G.	Barbour
Taylor.....	L. T.	Jamison

KAUFMAN IS STILL BIG BETTING FAVORITE

Frisco Fight Fans Say Sullivan Has Little Chance With Heavyweight.

(United Press Leased Wire.)
San Francisco, Nov. 28.—It is evident that the San Francisco betting public that follows the fight game don't figure Jack Twinn Sullivan to have much of a chance against Al Kaufman at the Mission street arena this afternoon.

After going to 8 to 10 Tuesday night, the first sign of Wednesday afternoon betting was the odds sag to 7 to 10, and last evening when the commission accepted were still more brisk it went to 6 to 10. It will hardly drop further, however. At 6 to 10 there are plenty who like Sullivan's chances.

While it is almost impossible to get weights from heavyweight fighters who are not required to step on the scales, it is believed that Kaufman will weigh around the 195 mark. Sullivan now claims that when he fought Hill Squires he weighed 185 pounds and that he will do 165 for Kaufman. If it is true that Sullivan weighed 155 on that occasion it is hard to see how he will be able to scale better than 163 this afternoon.

PORTLAND TEAMS FIGHT IN FOOTBALL

Five Fast Elevens Lined Up in Different Parts of Northwest.

Portland is well represented on the gridiron today, for she has five teams battling under her name.

At Seattle one of the best soccer teams that ever represented this city is doing battle with the association eleven of that city, and confidently expects to defeat the Puget sounders.

In the inland empire, the city is supported by the Hill Military academy and the Portland High school, who hook up with the Pendleton and Baker City High schools respectively. Both Portland teams are in bad shape as a result of injuries received in the games played in this city, but expect to make a good showing.

At Chemawa, the Bunker Hills, a fast amateur team of this city, will play the Indians. The Bunker Hills have lost but few games this season, and as they are about the weight of the Indians, they should give them a hard fight.

Besides the Multnomah-Oregon game there will be numerous games between amateur teams, not so well known, but just as enthusiastic.

STANFORD TEAM TO MEET SOUTHERN "U"

Pomona College May Also Be Taken Into Tri-Cornered Arrangement.

(Special Dispatch to The Journal.)
Stanford University, Cal. Nov. 28.—Stanford has entered into a two years' contract with the University of Southern California for two track meets each year. The first is to be held in Los Angeles the first Saturday in March and the second one at Stanford on the last Saturday of the same month. The same eligibility rules which govern Stanford-California meets will have effect in these meets. If Pomona college will agree to the eligibility regulations it is hoped to have a tri-cornered meet each year. Pomona and Southern California have been at odds for the past few seasons and it is hoped that the two southern colleges will be able to come to an understanding under the new arrangements.

Men's Golf Play Is On.
Competition in the men's championship golf tournament is now well under way. The first round was played off last week and the contestants in the second round are playing this week. The mixed foursome tournament will be held after Thanksgiving. Tennis play has been resumed and the freshman doubles team defeated the second year team by score of 4-4, 4-4 last Friday afternoon. The junior team will play the senior double championship Monday. Today a Thanksgiving tournament will be held on Encina courts. The prize is a loving cup donated by "Baron" Theile of the year. He is entitled to hold it for one year. The cup will come into the permanent possession of anyone who wins it three years in succession.

Interest in Cross Countries.
Much interest was aroused by the cross-country race held Friday afternoon. There were 15 entries and the time of 21:29 is considered exceedingly good. The exact distance was not known but Captain Langman estimated it as about three and three-quarters miles. H. H. Maundrell, the fast miler, captured first, and J. E. Shelton, second. He was followed closely by G. Sweet, a new man, who finished strong and in fine form. This event far out-classed the remaining track events which lacked all interest and excitement.

It has been decided to postpone the inter-city basketball games until next spring. At that time the semi-finals will be played, the first round having been finished last week.

AGED WESTON BEATS RECORD IN WALKING

Ancient Athlete Given Ovation When He Enters Chicago After Long Tramp.

(Special Dispatch to The Journal.)
Chicago, Nov. 28.—Beating the world's record for the pedestrian journey from Portland, Maine, to Chicago, by 27 hours and 25 minutes, Edward P. Weston entered the Windy City yesterday and was welcomed by a host of admirers.

Weston's four-mile stretch down Michigan avenue was a veritable triumphant reception that would have fitted a Roman emperor returning from the wars with his spoils of prisoners and prizes. The great "big-foot" was not in the least fatigued by his 1,375 jaunt and he said he would be ready to repeat the journey next week.

Weston made the same trip 46 years ago when he accomplished the distance in 25 days, 23 hours and 40 minutes. This year he made the trip in 24 days, 19 hours and 15 minutes. His longest day's walk on the present trip was 55 3/10 miles, while his best previous effort was 40 miles.

Weston crossed the Illinois state line yesterday morning and quartered at the Chicago Beach hotel. He left the hotel and crossed over to Michigan avenue and made the last four miles down the asphalt stretch accompanied by an escort of automobiles, carriages, pedestrians and cheering throngs at every occasion. "Marching Through Georgia" was the most popular air to greet the residents along the thoroughfare as the procession passed.

Weston was to have met the city officials in the federal building but through an error the pedestrian and officials failed to connect and Weston went to the Illinois Athletic club where he put up.

MONEY FROM HIDES HIDES ITSELF AWAY

Councilman Would Know Whence Goes Coin From Sale of Coverings.

Councilman Belding believes the city should construct a drying plant as an adjunct to the garbage crematory. This move, he declared at the meeting of the council yesterday afternoon, will do away with the necessity of building a new crematory and result in a saving of \$55,000. It would cost only \$5,000 to put up the drying plant, he said, and the estimated cost of the new incinerator is \$60,000.

Mr. Belding, while on the subject of garbage, also registered a protest against the alleged waste at the crematory in failing to turn in larger proceeds from the sale of hides taken from dead animals. He called attention to the fact that the council in September granted the use of an extra team and wagon, and another man at \$75 per month, the duty of this additional employe being to gather up dead animals and remove the hides. Since July 1, said the councilman, only \$9.25 has been turned into the treasury from the sale of pelts, and the records show the sale of only three horse hides and one cow hide with two sheep skins on hand. On the other hand, it is shown that 29 dead animals have been delivered for cremation.

Mr. Belding suggested that unless the crematory management lives up more strictly to its understanding it would be well to have the services of the additional man and team transferred to the street cleaning department. Mayor Lane promised to investigate the matter at once.

INDIANS EDUCATED INTO SUICIDE HABIT

Civilization Shows Red Man Quick Way to Reach Happy Hunting Grounds.

Suicide among Indians is so seldom that when a case is reported it usually attracts attention. Indians, in their native haunts, are too contented to even think of taking their own lives. But when the red man deliberately kills himself it is usually attributed to some love affair and the modes of civilization and education.

In his 25 years' experience among the Indians, Dr. Andrew Kershaw, superintendent of the Grande Ronde reservation, who is at the Hotel Perkins, has had but two cases of suicide reported to him. The last one was that of Enoch A. Spores, who killed himself in the county jail at Dallas last Saturday.

Some years ago Dr. Kershaw was on the Muckle Shoot reserve when an Indian killed himself simply because he loved her (his squaw) so. But incidentally, it may be mentioned that an Indian, even if he kills himself for the love of a woman, has never been known, with the exception of a few instances, to kill his beloved simply because he is in love with her.

Spores was in prison for the murder of his wife. He had only been incarcerated a few days when he was found hanging in his cell. The white man started the idea of self-destruction to such an extent that he is taking up suicide as a means of hurrying his soul to the happy hunting ground.

UNCIVIL SERVICE SALARY HELD UP

An ordinance introduced by Councilman Belding to pay James McDonald \$700 for his services while acting as clerk and bailiff of the municipal court was laid on the table until the next meeting after it had been introduced before the city council yesterday.

Vaughn objected to third reading, and it will come up at the next meeting. McDonald was appointed to the city court job by the council last year, but Mayor Lane refused to sign his salary warrant because he was not appointed under the civil service rules. The mayor's position was sustained by the supreme court, and McDonald was left without compensation for the time he had worked. Belding urged that the payment would be only a matter of justice in returning pay for services rendered.

Vaughn thought that the figures of the salary claim should be closely scrutinized and Rushlight's motion to postpone for two weeks was carried without opposition.

THANKSGIVING GOLF HANDICAP BEGINS

A large field of enthusiasts, followed by a numerous gallery, was on the Waverly links today despite the cloudy weather engaged in an exciting match for the Thanksgiving handicap. The sport was keen and excitement ran high as favorites passed into the lead.

Many of the pairings furnished exciting contests for the spectators who followed the players over the course to watch the play. Keen sport followed from the first cry of "fore" and the winners were warmly received as they won the final hole.

Those in charge of the handicap were pleased with the interest shown in the game and the handicap bids felt to be one of the most popular sport fixtures of the Rose City.

ASHLAND NORMAL TEAM PLAYS CALIFORNIA MEN

(Special Dispatch to The Journal.)
Ashland, Or., Nov. 28.—Arrangements have been entered into between the Ashland normal school and the Chico normal school eleven of California for a football game to be played some time in December. It is expected that this will be one of the fastest football games ever seen in this section, as the southern school has a good team this year.

Today a game of basketball will be played between the girls' teams of Ashland normal and one from the Grants Pass high school.

In the football game last week between Ashland normal school and American league team of Grants Pass, the locals won by 16 to 0. A return game will be played at Grants Pass.

America and Austria Win.
Italy and Germany went down in defeat at the hands of the Austrians and Americans last night in the tug of war contests for the championship of Oregon. Austria defeated Italy, while the team representing America put it all over their Teuton adversaries. This leaves the championship to be decided by the teams victorious last night and they will get together tonight and pull for the premier honors. Teams wearing the national colors of Italy and Germany will try and pull one another out of the cleats for a consolation prize.
