STANFORD WILL PLAY PORTLAND

Assurances Received From Coach Lanagan Indicate Rugby Game Here.

Portland rugby enthusiasts are practically assured of a game between Stanford university and a picked team in Portland for "Stump" Stott, the great Stanford star now living here has received letters from Coach Lanagan and Dr. Angell, chairman of the faculty athletic committee, stating that all the students do also. Stott is now waiting a reply from the manager of the Stanford team which will undoubtedly announce that the Victoria game has been called off and Portland substituted.

Stanford does not want to play more than four games on its vacation trip and in order to play Portland one of the Canadian games must be dropped. The Stanford players prefer playing three games with Vancouver than splitting to play with Victoria.

Probably January 4. The Portland game will be played either January 4 or 11, the date has not been definitely decided because of the failure of the Stanford manager to write to the local players. In speaking of a lineup for a Portland team to play against the collegians, Stott stated today that Moore, Kuykendall and Clark, all stars on the Oregon university team this year would doubtless be in the lineup. There are a great number of rugby players in Portland who will doubtless try for the team that will play for the Stanford.

In addition to these men, the Stanford squad will consist of about 60 players. A few of these would be loaned just to make the play exciting. Which ever way the team is made up it will surely be strong enough to make the game exciting for the southerners. The following is from the San Francisco Examiner relative to the game: "As the plans for the northern trip of the varsity rugby team mature there is a steady call for more games. Ex-Captain 'Stump' Stott, who is now practicing law in Portland is gathering a rugby team composed partly of old Stanford men and partly of English players, and with this team Stott expects to give the 'varsity' a good exhibition game.

Interest in Game. "Much interest is manifested in rugby in Portland at present and a good attendance is promised. This is in great part due to the number of Stanford players from Portland, whom their townspeople desire to see in action. It is probable that Chalmers, the wonderful player in four intercollegiate contests, will be seen at his old position of center three-quarters. "This game will be played January 4th and the coaches deem four games enough for the holidays the Victoria contest will be called off. There will be three matches with Vancouver's picked team. "All the varsity candidates have signified their ability to make the trip this year, so the team will not be handicapped, as last year, by so many subs. Even then the varsity won one game and tied another out of the four games played."

SHOWS GREAT SKILL AT PUNTING

Carl Wolf, Portland Boy, Who Has Made Great Record as Fullback at Corvallis.

THE WOODFOOT ALLS WONDERFUL TEAM

Los Angeles Newspapers Devote Columns in Praising O. A. C. Football Men.

Few visiting teams have won the fulsome praise accorded the Oregon Agricultural college after its victory over St. Vincent college Thanksgiving day, at Los Angeles. By the Los Angeles newspapers. The following from the Corvallis Times not only tells of the work done by the Aggies but shows their clean sporting spirit evinced while playing a strenuous game under difficult and strange conditions.

Included in the various reports are stories about the great showing made by Wolf, the Portland boy who was laureate as fullback upon the Corvallis team this year. The Los Angeles Times called him the star of the game and said he was largely responsible for Corvallis' victory. "Tore Through Like Cyclone. The first clipping quoted by the Corvallis Times is from the Los Angeles Times. "St. Vincent's came on the field first in their mole colored suits. Presently there came a yip and a yell, and the Oregon boys from Oregon trotted rapidly across the field like a circus team. Although the weight of the two teams was about the same, the Oregonians looked much more like a circus team. From the minute the ball was put in play the first time, they tore through the St. Vincent line like a cyclone on fire. The crash and impact with which they hit the line was terrific. It is a wonder some of them were not smashed to smithereens. Football experts say the Oregonians played ball in every way better than did the Los Angeles men.

The heat was simply fierce, and so was the football. The Oregon Aggies didn't bother much about fancy football. They got their husky backs humped up, and if a six-story flat had been in their way they would have jumped over it and chewed up the bricks. They wore striped black and yellow sweaters, and when they started down the field in a team play it looked like a menagerie broken loose.

Enormous Crowd Attended. "An enormous crowd attended. There were 40 automobiles lined up on the field. The Oregon boys had one consistent friend. He had a seat in the middle of the grand stand, and he kept up a constant cheering howl. 'Ac-tuar' 'em up, 'em up!' The Los Angeles coach was boiling with rage at the end of the first half. "The already beaten boys of St. Vincent's threw themselves wearily on the ground in a circle around them. They had been playing like demons, but the husky farm boys from Oregon were simply tearing them into ribbons. They were mauled up, exhausted and discouraged. The score was 14-0 in favor of Oregon. The Oregon men had made one goal and kicked one field goal. For a full minute Hempel, the state coach, sat on the bench and looked around the circle. And such a look! The young Californians forgot their names and kicks, and looked down ashamed. "Kick to nothing." Words failed him.

WOLF IS FAST ON FEET AND IS COMER IN GAME

Portland Boy Gets Large Credit for O. A. C. Victory in the South.

Carl Wolf, the Portland boy who has made such a great record in football this year as the punting fullback of the Oregon Agricultural college, is the son of Mr. and Mrs. E. Wolf, 439 Sherman street. Wolf is a natural athlete and one of the fastest fullbacks on the coast. He can run the 100 yards in less than 11 seconds and weighs 182 pounds. His work has never been amateurish, even when he played on the Bishop Scott academy football team in his kid days. Wolf's playing in Portland was confined to a college player and went to Corvallis. His friends were not surprised to learn of his success. "Wolf played a great game at Los Angeles Thanksgiving day and Los Angeles newspapers gave him credit for winning the game for Corvallis. He has developed into a wonderful punter and will doubtless make the All Northwest team next year. The Portland lad is about 20 years of age and is a machinist by trade, at which he works in his summer vacations. He is in his sophomore year at Corvallis and has two years more of football before his college career closes.

KETCHEL IS FAVORITE IN BAY CITY BETTING

San Francisco, Dec. 6.—Stanley Ketchel was made a 10 to 8 favorite in the betting over Joe Thomas tonight. The first odds were established at 10 to 5, but the victory of Ketchel in the last encounter of the two middleweights was what caused the change in the price. Betting has not opened up as brisk at it will the first of next week, but it is figured that Ketchel will hold possibly an even stronger favorite than he opened.

December 6 in the Annals of Sport.

1805.—At Blythe, England, Harry Pearce defeated Jim Belcher in 18 rounds for championship and \$2,500. Pearce, who was never beaten, died in 1869. 1865.—Northwestern Baseball association formed at a meeting held at the Briggs House, Chicago. 1870.—George Lavigne ("Saginaw Kid"), pugilist, born at Bay City, Michigan. 1886.—At Pittsburg, G. NO MAN NEED BE WEAK I HAVE THE CURE AND I HAVE PLACED IT WITHIN THE EASY REACH OF EVERY MAN. BE HE WAGE-EARNER OR MILLIONAIRE. I AM THE ONLY PHYSICIAN WHO DARES TO POSITIVELY GUARANTEE A CURE IN EVERY CASE. DR. TAYLOR The Leading Specialist. \$10 MY FEE IN ANY UNCOMPLICATED MEN'S ILLMENT

The methods I devised 20 years ago for treating men's diseases proved a radical step in medical science. Those methods have enabled me to cure diseases that were formerly regarded as incurable. In working out my methods I held the theory that "WEAKNESS" for instance, was not a constitutional or functional ailment, but a prostatic affection, and therefore merely local. I reasoned that its constitutional effects were simply the results of a tremendous waste of energy, due to inflammation of the prostate gland; that, being true, A LOGICAL TREATMENT COULD ALONE EFFECT A CURE. I therefore devised the CORSET Method Treatment. I employ today with such marked success. Indeed, I employ never known this treatment to fail to effect a complete and permanent cure in a comparatively short time. My treatments for other diseases peculiar to men are also along original lines and are equally as successful. Hence, I reiterate that no man need be WEAK or AILING. My Special Treatment is an open door to many vigor and all the pleasures of life. My man may avail himself of my services. It has been and is my life's work to aid afflicted men, alleviate their suffering and restore them to health and vigor. I have therefore placed the charge for my services within the easy reach of any man, no matter what his circumstances. To PROVE my confidence in the results of my treatment and as an act of good faith

I AM WILLING TO WAIT FOR MY FEE UNTIL YOU ARE CURED No man could be fairer than that. I take all the risk. You take none whatever. You have everything to gain and absolutely nothing to lose. VARIICOELES, SPERMATORRHOEA, LOST VIGOR, ORGANIC WEAKNESS, CONTRACTED DISORDERS, STRUCTURES, SPECIFIC BLOOD POISON and FILES I also treat and cure promptly and thoroughly. If you cannot call, write for Diagnosis Chart. My offices are open all day from 9 a. m. to 8 p. m., and Sundays from 10 to 1.
