THERE IS ONLY ONE MELVIN.

Master Adept.

My practice and professional reputation are built upon "honor." Reasonable charges, fair dealings, faithful service and speedy success for my clients have won for me the largest practice in the state of California. My superior knowledge and power give me advantages which warrant me in guaranteeing safer, surer and more rapid results than can be obtained elsewhere.

For many years a practicing clairvoyant, known from ocean to ocean as the marvel of two hemispheres, press and public recognize Professor Meivin as the foremost and most able clairvoyant and spirit medium now before the public. Where others fail he succeeds with ease and he positively will NOT accept fee for his readings unless you are perfectly satisfied and receive the information you desire. Marvelous demonstrations of second sight, that must be seen tion you desire. Marvelous demonstrations of second sight, that must be seen to be believed, so be sure and consult him at once. Elevate thyself. Know thy future. Positively no equal on earth in his profession. By his wonderful powers he will give you names, tell you what you called for, tells you what you want to know. If not correct, Free, Free. So positive am I of my power to tell the past, present and future that I will make NO CHARGE, NO CHARGE, unless you obtain the information you desire and find me superior to all clairvoyants, palmists and mediums in this city.

There are many so-called clairvoyants who make great claim of what they can do for you, when upon investigation and every action would convince any sensible person that they are incapable of helping themselves. There are also counterfeit dollars, imitations of the genuine; there are good doctors and bad ones, and a few honest lawyers, Judge me by my work. My extensive patronage and great many imitations. Judge me by my work. My extensive patronage and great success are the envy of all competitors. I am never idle. My motto is, "Work and win." I help my patrons to success in attaining their various ambitions. That is why I have so many of them and why each one recommends me to their friends.
