

SPORTS OF THE DAY

CHAMPAIGN GAME IS CALLED OFF

Multnomah Manager Fears for Safety of Players for Holiday Contests.

There will be no football game Saturday between the Multnomah club and the Chemawa Indians. Manager Jack Woron stated this morning that owing to the two big games with Spokane Christmas day and at Louisville New Year's day it was found impossible to take on the team who are invaluable for the holiday contests might be injured and the chances of the clubmen thus placed in jeopardy.

The Indians have a light, fast team this year and have been excellently coached. They have several games in view up to and during the holidays and expect to win a majority of them.

The winged "M" players are practicing faithfully every night and are fast assuming definite form. The Saturday defeat of Seattle has restored the confidence of the players that they are making of good team and the nightly practice shows the result of this feeling. There is a vim, a determination to play together and help one another out that is immediately noticeable.

SPORTING NOTES

Local and Otherwise.

Those who attend the annual gymnastic exhibition of the Y. M. C. A. Juniors tonight will witness a splendid program. This is parents' night, and fathers, mothers, relatives and friends will be guests while the youngsters will show off in the "gym" pool the exhibition commencing at 7 o'clock and there will be no admission fee.

Joe Thomas will help Owen Moran prepare for his battle with Abe Attell New Year's day. It is to be hoped that Moran absorbs some of Thomas' spirit. For if ever there was a fighter who is brimfull of sand it is Joe. His three fights with Young Ketchell prove this. The big fellow ought to help Moran acquire a confidence comparable to the American system that the Britisher doesn't know.

Following were the results of the M. A. C. billiard tournament last night: Hutch beat Holbrook, 56 to 26; Sigler beat Brigham, 60 to 42; Wickerman beat Sigler, 60 to 42; Wickerman beat Sigler, 60 to 23; Wickerman beat Brigham, 60 to 47.

The best lawn tennis ball for American courts will be found this year, as tests will be made for this purpose. The tests will be made on a court recently purchased in the open market. An effort will be made to have balls of the same quality sold in every part of the country as well as Newport. This will be welcome news for the local clubs.

John Middleton, the man who gave the northwest the only true application of the new football rules with the University of Idaho eleven, has again undertaken something new. He is now married in Spokane yesterday to Miss Elvia Wagner, a girl from Ylliska. The popular coach and his bride began their romance back at Simpson college in Iowa, several years ago. Middleton will coach Idaho again next year at an increased salary.

Walter Miller, the marvelous jockey, has already ridden over 1,100 mounts on American tracks this year. Over 100 have been the first, over 200 second and over 160 third. This is a remarkable record and no wonder the boys are finding it hard work to keep down to 160 pounds, as called for in his contract. Horsemen believe that no American jockey has ever lived out a faster life than Miller, and this is half of his success. His spirit finishes remind one of Garbison and the times he has that wonderful figure eclipsed.

Manager Billy Brown of the Seattle Athletic club wants to arrange a home and home series of bowling games with Multnomah club. Guess he can be accommodated all right. Anything Seattle bowlers Multnomah will welcome on either side. There are some of the best bowlers in the country at the club and a team could be picked which would make an interesting contest for the Blue Diamonds; perhaps as interesting as the recent football game here.

SWARTHMORE'S TREATMENT OF ECCENTRIC QUAKERESS' GREAT OFFERING.

There is one college in the world which places athletics above mere money and has won thousands of friends and hundreds of prospective students by it. When Miss Anna T. Jeans of Philadelphia bequeathed \$3,000,000 to the institution on condition that it give up intercollegiate contests, particularly football, the college authorities shelved the proposition until the next meeting.

CLASS TEAMS ON LONG RUN TODAY

Sickness Makes Changes in Personnel of Contesting Fives at Oregon.

(Special Dispatch to The Journal.)

University of Oregon, Eugene, Or., Dec. 10.—Owing to sickness and various other causes the teams which will take part in the interclass cross-country run today have suffered important changes. The senior team may not run at all but if it should it will be composed of Kuykendall, Zacharias, Swift and George and Frank Sullivan. The junior team will be Reid, Talbert, Trow, Wood and Bond. The sophomore team will be weakened by the loss of Stiever, but even then it will be the strongest out and should win easily. Those who run will be Lowell, Morgan, Nicholas, Jones, Downing.

MERSEREAU ROLLS HIGHEST AVERAGE

Captain James' team took three straight games at the Multnomah alleys from Moore's squad last night, Mersereau getting the high average of 199. Benham rolled the highest score, 214. Following is the result:

JAMES' TEAM.		
Mersereau	193	179
Benham	214	185
Atkinson	150	152
Benham	134	142

Balley	174	137
W. Healey	160	98
Wells	140	116
H. Healey	100	100
	674	571

SPURT GIVES SERIES TO ROSE CITY TEAM

An unexpected spurt on the part of the Rose City bowling team on the Oregon alleys last night won two of the three games from the Oregon club. In the first game Rath and Raymond began in the sixth inning, which accounts for their lead.

ROSE CITY.		
Parker	171	137
Prughaupt	185	175
Hanson	212	166
Rath	60	143
	601	747

BAT NELSON PULLS IN HORNS FROM MEMSIC

(Called From Lensed Wire.)
San Francisco, Dec. 10.—George Memsic spent the best part of an hour last night waiting for Battling Nelson to put in an appearance, but the Dane is evidently over his haste for a match and was conspicuous by his absence. The agreement by Memsic to come down to the ringside weight demanded by the Chicagoan and the offer to bet \$500 on the prize, was no bait for Nelson, who has, to all intents and purposes, pulled in his horns and quit. Memsic announces his intention of leaving for Los Angeles tonight.

Memsic is not the only lightweight seeking Nelson's scalp. Jackie McFarland is after the Dane not only heavy and wants to bet \$5,000 on the side. He declares that he will pin Nelson down to 111 at 6 o'clock, but as Nelson walks around the streets weighing about 152 that weight should not bother him.

The Australian colony is still loyal to Bill Squares, whose third appearance on American soil will happen Friday night in Bakersfield, when he is scheduled to go 20 rounds with Jim Flynn.

MINUTE MEN POSTPONE SOUTH PORTLAND GAME

Acting under advice of Coach Kennedy, Manager Guy King of the Bunker Hill football team has decided to postpone the South Portland game until later in the season. Members of the Bunker Hill eleven are suffering old bruises and will not play until the men are again in fighting form.

SEATTLE GAME IS OFF WITH LOS ANGELES MEN

(United Press Lensed Wire.)
Los Angeles, Dec. 10.—Seattle's High school has canceled its scheduled Christmas day football game with the Los Angeles high school team. Faculty objection is given as the reason. All negotiations with Seattle were declared off last night when a message was received by Lester Henry from Principal Steiger of Seattle stating that it would be impossible to give the team permission to play in Los Angeles.

This Day in Sport Annals.
1866.—At Chicago. Northwest Baseball association held its annual meeting, 25 clubs being represented.
1872.—John Taylor, a former champion pigeon shooter of America, died at Greenville, New Jersey.
1883.—At Lynn, Massachusetts: C. O. Reed put up a three-pound dumbbell from shoulder to arm's length 6,000 times in one hour without rest.
1887.—At Dieppe, France: Jim Smith and Jake Kiritie fought 105 rounds to a draw for the world's championship.
1888.—At Gloucester, New Jersey: Miss Annie Oakley broke 50 clay pigeons straight, 15 yards rise.
1902.—At Boston: "Jimmy" Briggs of Joe Bernstein fought a 12-round draw.
1903.—At Butte, Montana: James J. Jeffries' champion heavyweight pugilist failed to knock out Jack Munroe in exhibition bout.

CHOICE OF FENDERS STUMPS COUNCILMEN

City Dads Grow Discouraged Trying to Select Suitable Life Preserver.

Members of the special fender committee of the city council will meet Tuesday afternoon and select a fender for the streetcars operated in Portland. For months the councilmen have been testing and investigating fenders for the purpose of selecting the best one for Rose City cars.

Chairman W. T. Vaughn stated this morning that there would be no more tests conducted and any person having anything to say upon the subject of fenders will have to appear before the committee at its next meeting.

Councilman Vaughn favors the Eclipse fender manufactured in Los Angeles, although not so strongly as he did before the tests were conducted. Mr. Vaughn said that the tests blighted the hopes of many fender men because of the severity of the tests.

Mr. Baker and Mr. Driscoll may have preferences in the line of fenders tested but if they have they kept them quiet. Neither man has expressed an opinion as to what type he prefers and much speculation is indulged in by persons as to which fender will be selected.

President Joseph of the Portland Railway Light & Power company will attend the meeting to watch out for his company's interests. If an ordinance is passed requiring a fender the railway company will be put to an enormous expense in equipping its cars.

First Great Holiday Sale.

The Chicago Clothing Store, 69-71 Third street, is now holding its first great holiday sale. Coming, as it does, on the very threshold of Xmas, when every one has many things to purchase, they are able to offer the public many inducements which are nothing short of marvelous. Probably nowhere in the entire west is there gathered under one roof such a countless and varied profusion of practical gifts. The season of the year when inventory taken is fast approaching a time when they usually run up their achievements for the past year, and they have therefore marked every article in the house, regardless of cost, with a view to reducing the immense stocks. See their special holiday announcement in tonight's Journal.

Sase, Lasting CURES For MEN

In Uncomplicated Disorders My Fee is \$10

Pay Me When I Have Cured You

The Leading Specialist
DR. TAYLOR

Under my treatment every bit of relief is a part of a permanent cure. That is the only kind of relief I treat for. I, of course, do everything that should be done to ease pain or remove distressing symptoms, but my treatment proper is always directed toward the accomplishment of a thorough and lasting cure. It is one thing to relieve and another thing to cure. Sometimes relief appears to be a cure—for a little while. Then, sometimes, the patient is sorry he was relieved, for there are cases in which treatment that seems to benefit wonderfully brings ultimate injury. My methods are beyond a doubt the most speedy, permanent and safe—methods which cannot possibly produce undesirable results.

WEAKNESS
Functional weakness in men is in reality a comparatively simple ailment, and is but a symptom of local disorder, a state of chronic inflammation of the prostate gland. No stimulating treatment, whether internal or locally applied, can do more than excite temporary activity. By my system of local treatment I restore absolutely normal conditions throughout the organs involved, which promptly results in complete and permanent restoration of strength and vigor. This treatment is original with me, and is the only radical and certain cure yet devised.

VARIICOCELE
Varicocele is a relaxation, knotting and twisting of the organic system. It stagnates the local circulation and interferes with the process of waste and repair. Neglect brings derangement of functions and injury to the general health. Most physicians resort to surgical operations and hospital treatment. I cure Varicocele without operation, pain or detention.

CONTRACTED DISEASES
I have reduced the time required for curing contracted disorders about one half. This is an important achievement. It replaces danger with safety. It forestalls chronic complications. It removes the infection and inflammation before that vital center, the prostate gland, can become involved. To many men it means the difference between perfect health and a lifetime of misery and functional weakness. My method is mine alone. My treatment is original. In some features it resembles the ordinary. In its chief essentials it is different. In results it is entirely different. It is safe, prompt and thorough.

The above, together with Organic Weakness, Nerve Debilitation, Lost Vigor, Specific Blood Poison, Stricture, Piles and Reflex Ailments constitute my specialty and are the only diseases I treat.

WEAKNESS Every case treated by other physicians has been treated by you for so-called "weakness," you were helped only temporarily, if at all, and the reason is very apparent when the cause of loss of power in men is understood. "Weakness" isn't a weakness at all, but is merely a symptom of chronic inflammation in the prostatic gland, brought on by early distipation or some contracted disorder. Our system of local treatment removes this inflammation and is the only treatment that has ever restored or ever can permanently restore strength and vigor.
