

KUBELIK RESENTS INFERENCE THAT HE IS OF GYPSY ORIGIN

Jan Kubelik, who is proud of his Bohemian parentage, is not ashamed of his country or parents. He is not a Gypsy, but a Bohemian, and although of humble birth, he is not ashamed of his country or parents. The Romany people came from Asia 500 or 600 years ago, he said, and overran Hungary and Bohemia and have roamed about these countries ever since. I do not think that by chance, or otherwise, these Romany people, who are the true Gypsy type, have ever intermarried with people of consequence or become associated with the aristocracy of either Hungary or Bohemia. They are to these countries what the Indians are to America as a social or civilized factor; but Indians were aborigines, and original settlers, while the Gypsies of Bohemia were invaders of the wandering type and have nothing to do with

shall not escape his lungs, and every one is entitled to the benefit that he has never felt better in his life. One beautiful surprise is in store for the boys from "show men" land and that is the wonderful painting of Clarke. Perhaps they will not be used to it early in the game but before it is many minutes old they will be much wiser. Clarke has the ability to execute 50 and 65-yard spirals with amazing frequency. In several games his record has been reduced to an average of from 44 to 46 yards but kicking out of bounds was responsible for this showing. Had even Clarke's efforts lighted on the field his mark for the year would have averaged well toward 50 yards on wet and dry field. He is a wise and able manager of the condition of the oval. Schneider, who kicks for the embryo doctors, established an average of 24 yards in the St. Louis-Washington state college game at Spokane Christmas day, his six tries setting the Missourians 168 yards. This makes an insignificant chance when it is remembered that in 23 tries in the Multnomah-Seattle game Clarke averaged something like 102 yards, a trifle over 44 yards on an average. This was done with a ball so slippery that the punter could hardly hold it. In the lineup it will be noticed how evenly the weight of the college men is apportioned. The heaviest, the Right Guard Hughes—weighs 200 pounds, and the line proper averages 190 pounds, three of the men touching 185 and the center 180 pounds. The two wing backs are exactly even in weight, 170 pounds. Chandler, Multnomah's crack end, is now weighing about 155 pounds, while Kirby tips the scales at 145. Chandler, Stott and Lonergan are lighter than the lightest man of the visiting team, except the middle guard, who weighs 130. Here is the way the teams will line up, with their weights: Multnomah. Position. St. Louis. Chandler (158).....L. B. R.....Kenny (70) Walker (232).....L. T. R.....Lamb (205) McMillan (199).....L. G. R.....Hughes (200) Carlson (170).....C. WALLOWS DAY IN SNOW, THEN DIES

Death in Awful Form Comes to Mountain Mail Carrier in Idaho. (United Press Leased Wire.) Boise, Idaho, Jan. 1.—While attempting to carry the mail from Atlanta to Rocky Bar, in Elmore county, George Wallo was frozen to death. He left on Christmas day and his body was found on a mountain trail. It was his first trip over the mountain mail carrier. He broke a snow-mountain, making travel impossible. McKinney apparently floundered in the snow for two days and nights. He had been dead 24 hours when his body was found. McKinney was 22 years old. He came from Oregon last spring.

FOUND WITH HIS HEAD BLOWN OFF

Mystery Surrounds Death of Bert Brown, Near Pendleton—Theory Suicide. (Special Dispatch to The Journal.) Pendleton, Or., Jan. 1.—Bert Brown, middle-aged and single, was found this morning with his head blown off by a charge from a shotgun, on the road about nine miles south of Pendleton. Browns had been attending a dance last night in Coombs canyon and this was the last seen of him. No trouble occurred at the dance and Brown had not been drinking, consequently mystery surrounds the affair. It is not yet known whether the case is one of suicide or murder, but it is believed to be suicide. Coroner Folsom has gone to the scene and an investigation is being made.

NEW YORK EARTH IS FILLED WITH GARNETS

(Special Dispatch to The Journal.) New York, Jan. 1.—Ralph E. Morgan, a young English mineralogist, who is stopping at 145 East Fifty-second street, was walking up Sixth avenue a few days ago. Passing the subway excavation at Thirty-third street, he looked at the great pile of rocks that had been removed, and then suddenly picked up one of the rocks. "A real garnet," he exclaimed. Investigation proved that the rocks were filled with garnets. Morgan learned that rocks and earth taken from the subway excavation have been dumped at Sheephead Bay, so he went there. He found that the rocks were filled with mica-schist, in which the garnets are deposited. He gathered several good specimens. He says there are millions of garnets in the rock under New York, but, as the stones are not of much value it would not pay to mine for them. George F. Kuns, mineralist for Tiffany, says he found a garnet specimen that weighed 16 pounds at Thirty-fifth street and Tenth avenue a year ago.

NINE HOLDUPS AND NO ARRESTS

Police Record for December Shows Many Crimes and Few Apprehensions. The report of the work of the police department for the month of December, compiled by Clerk Thomas Jefferson Casey and made public today, affords interesting reading for those who are concerned with the suppression of crime and the enforcement of the law. As is usual in such records, the arrests for drunkenness are more numerous than for any other form of crime, as shown in the following comparative table:

Dec. 1907.	Dec. 1906.	Last Month.
Total number of arrests.	3,082	1,635
Arrested for Drunkenness.	1,635	1,479
Of the more serious crimes reported to the police during the month as well as the number of arrests made in connection with the same, a comprehensive estimate may be made by glancing at the following table:

WHITMAN COUNTY MAY FIRE HER ATTORNEY

(Special Dispatch to The Journal.) Walla Walla, Wash., Jan. 1.—Political circles are all agog over rumors that the county board of commissioners at next Monday's meeting may decide to declare the office of prosecuting attorney vacant and appoint a successor to Attorney Rupp. Rupp was elected on the Republican ticket last fall by the efforts of the Exors. Immediately after taking office he applied for a deputy, and his partner, J. H. McDonald, was appointed at a salary of \$60 a month. It is now alleged that Rupp is devoting most of his time to Seattle practice, in fact has entered a big law firm in that city, and is leaving the bulk of the prosecuting attorney's work to his deputy, although he continues to draw his monthly salary of \$125. George Struthers, the Democratic chairman of the board, stated that some action will be taken by the board at the next meeting, but whether it means that Rupp is to be removed or McDonald is to be cut off as deputy, he would not state. In any event, the chairman says he believes the work can be done by one man, as it was under the regime of Lester S. Wilson, the former incumbent.

MUTES WALTZ WITHOUT MUSIC

Strange Party Given by Puget Sound Association of the Deaf Last Night. (United Press Leased Wire.) Seattle, Jan. 1.—Deaf mutes from all over Puget sound gathered for New Year's eve festivities last night at the Labor temple. The occasion was the first annual ball given by the Puget Sound Association of the Deaf, and the program included merry-making of a most unusual character. Waltzes, two-steps and Virginia reels, all without music from piano, clarinet or cello, were carried off in almost perfect time and with a spirit of vim strangely infectious to one familiar with the silent language of the fingers. Except for an occasional outburst of laughter the dance was gone through almost noiselessly. More than 50 members of the association were present, most of them deaf and dumb, although some were deaf only. Members were present from Tacoma, Bremerton, Anacortes and Georgetown, while one man came all the way from Butte.

NEW ARMY PAYMASTER.

(United Press Leased Wire.) Washington, D. C., Jan. 1.—Colonel Charles H. Whipple, assistant pay-

master general of the army, was today promoted to the rank of brigadier general and made paymaster general to succeed Paymaster General Sniffen. The new paymaster general is the son of Bishop Whipple of the Episcopal diocese of Minnesota, who was known generally as "the apostle of the Indians." General Whipple was born in New York in 1848, and entered the army as a major and paymaster in 1861. He has had important duties devolving upon him, including service on the Indian frontier, in the Philippines, Porto Rico and Cuba. He will serve as paymaster general of the army until 1913.

Finds us still making medicines, which our family has been doing for more than half a century. It is our business to make medicines; and we congratulate ourselves, at the beginning of another year, that our painstaking efforts to make the best medicines have been, from the first, rewarded by an appreciative public. Always pure, safe and beneficial, no changes have been necessary in Hood's Sarsaparilla or any of our other medicines to comply with the Pure Food and Drugs Act—practically anticipated by us years ago, in the origination of our formulas. In merit, sales and cures, Hood's Sarsaparilla has far surpassed all other medicines, and the abiding confidence of the people in it is the strongest proof of its unequalled merit as a great blood-purifier, stomach, liver and kidney remedy. After being before the public more than a quarter of a century, its wonderful power to cure all blood diseases, to create a good appetite and dispel that tired feeling, and the confidence of the people in its merit, are demonstrated by the fact that in recent years it has received more testimonials than ever before—40,366 in two years, by actual count. No other medicine has held so prominent a position in the medicine world for so long a time. No other medicine possesses so great merit nor effects such marvellous cures. Grateful for your past patronage and soliciting a continuance thereof, we are, Very truly yours, C. HOOD CO., Lowell, Mass.
