MORGAN TO HAVE OLYMPIC TRYOUT

Famous Multnomah Club Athlete Represents Northwest in the Coast Meet.

E. E. Morgan of the Multnomah Amateur Athletic club has been appointed by the American Olympic games committee as one of the committee of three to represent the northwest associations of the Amateur Athletic union at the tryout to be held in San Francisco in May for the American team to go to London. The other members of the committee are A. S. Goldsmith of the Seattle Athletic club and C. C. Holcell of the Spokane Amateur Athletic club.

It has only been recently that the games committee decided to sanction a Pacific coast meet, it being the original plan to hold but two preliminaries, one in Chicago and the other in New York. However, the distance from the coast to Chicago is so great and the expense so heavy on the athletes that the games committee decided to come farther west. Under this plan scores of athletes will compete who otherwise would be compelled to remain at home.

Morgan Famous Athlete.

Ed Morgan is one of the best-known athletes ever developed on the Pacific coast and one of the most popular members of the Multnomah club. Along with Bert Kerrigan, who holds the coast record in the high jump, and who represented the American team in the Olympic games at Athens in 1906 in that event, and Frank Watkins, another famous winged "M" athlete, Morgan began his athletic career Friday, April 13, 1894, in the First regiment armory. He won the hurdles and the 50-yard dash on that occasion.

Running under the colors of the Multnomah club, he continually won the two hurdle races in the northwest, establishing a record of 16 seconds for the 120-yard high hurdles and 26 seconds for the 220-yard low hurdles.

In 1897 Morgan entered Stanford university and repeatedly won the two hurdle races during the two years he was a student there. He held the intercollegiate record for the short hurdles, making the time in 15 3-5 seconds. His low hurdle record was 25 3-5. In the dual meet with the University of California Morgan won both hurdle events in fast time and secured second place in the high jump, clearing the bar at 6 feet and 10 inches, a remarkable performance in view of his other efforts.

On one occasion in California during a college recess he covered the high hurdles in 15 2-5 seconds, which was one fifth of a second behind the world's record, set by A. C. Kranzlein of the University of Pennsylvania.

Good at Anything.

Morgan has in addition records of 51 seconds in the quarter mile run and 10 1-5 seconds in the 100-yard dash. He won the Reed cup, given for the best all round athlete in the Multnomah club, for three years in succession and by the terms of the donor is now in possession of it. To win this he was compelled to enter into every event. This was in '94, '95 and '96.

Mr. Morgan went to New York in 1899 and only returned to Portland last summer. While in the east he was closely identified with amateur sports and became well acquainted with the officials of the Amateur Athletic union, by whom he was highly regarded for his excellent judgment in matters athletic.

The selection of Mr. Morgan as the Multnomah club's representative is one of good judgment, just now when athletics in the northwest need sifting that the professional element might be eliminated, Morgan may be considered the right man for the place. Arrangements will be made for a meeting of the northwest committee shortly to whip the northwest aggregation into shape.

Edward E. Morgan, appointed member of the committee to represent the northwest association of A. A. U. at Olympic games. Tryout in California next May.

Tryout Is Announced.

New York, Jan. 9.—The Olympic games will be given a tryout on the Pacific coast some time in May, according to an announcement made today by the American executive committee, which will have charge of the great event. A committee from two Pacific coast athletic associations has been named to make preparations. The conditions will be the same that will prevail in Chicago later on.

A Higher Health Level.

"I have reached a higher health level since I began using Dr. King's New Life Pills," writes Jacob Springer, of West Franklin, Maine. "They keep my stomach, liver and bowels working just right." If these pills disappoint you on trial, money will be refunded at Skidmore Drug Co.'s drug store. 25c.

Judge George C. Cameron.

Judge Cameron is a sport for the love of all games but he is particularly fond of association football. Fishing and hunting are to the judge's liking also, and he says that there are lots of good fish outside of the sea of politics.

Judge Cameron has a liking for baseball and is an enthusiastic fan.

"STUMP" STOTT TO CAPTAIN THE TEAM

Star Player Will Be Chosen at Club Dinner Given Tonight.

Plowden Stott, star end and quarterback on the Multnomah club football team, will be elected captain of the winged M football team for next season at the dinner to be given at the Portland tonight unless all signs fail.

Practically every member entitled to a vote, and this means every one who played during the past season, is unanimous in the choice of "Stump." Stott is willing to accept the captaincy, but this will be his last season at football, he desiring to give all of his time hereafter to his law practice.

Stott has been a brilliant football player ever since he entered Portland academy. He was the star quarterback on the Portland academy team which won the scholastic championship in 1901 and 1902 and which furnished to the football teams of several colleges such well-known players as "Weary" Chandler, "Bull" Chalmers, Dave Jordan, Dutch Koerner, Roland Johnson, Porter Frissell, Harry Litt and Bob Williams. Stott was one of the best quarterbacks Stanford university ever had and starred on the Cardinal team for three years.

Frank Lonergan, last season's captain, does not want the position again owing to the attention he is obliged to give his classes at Columbia university. It is desired that the place be given one of the younger players and Stott is far and away the best man for the position.

The dinner will take place at 6:30 o'clock and will be attended by the president, board of directors and the ball players.

HUMPHREY'S BOWLERS ANNEX TWO FAST GAMES

Humphrey's team won the set from Moore's team in the Multnomah club bowling tournament last night in one of the most interesting games yet played. The first game was a tie with 697 each, but in the second Humphrey's team came to the front and captured the next two games and the set.

The score was as follows:

CLEVELAND CAR CO. DESERTS HOME TOWN

The Cleveland Motor Car company, which has been building automobiles at Cleveland, Ohio, for several years, has deserted that city for New York and Milwaukee. The home office and sales department is now located at 1659 Broadway, New York City, where all of the business is now transacted. The 1908 Cleveland is now being built at Milwaukee in the new factory.

Rather than sacrifice quality for the sake of quantity the Cleveland company will only construct 300 cars this year, which will be sold for $3,500 each direct to the purchaser. Branch offices will be established in the large commercial centers and agencies done away with. In this manner it is believed that fully $500 can be saved the buyer.

Cutting down expenses is responsible for the change of locations.

PACIFIC SENDS TWO BASKETBALL TEAMS

First and Second Fives Meet Y. M. C. A. Quintets Tomorrow Night.

Pacific college's first and second teams will play against the first and second teams of the Portland Y. M. C. A. here tomorrow night in the association hall. The game between the first fives will be one of the contests of the state league series.

Both teams are in excellent condition and a good, fast game is anticipated. The Newberg quintet has been strengthened by practice and although they have been beaten in previous games in the state league stand excellent chances of turning the tables in Friday night's game. The whistle will be blown for the first game at 8:15 o'clock and the second game will be called immediately upon the conclusion of the first.

KETCHEL AND PAPKE MAY SETTLE TITLE

Middleweight Signs With Coffroth—Kid Scaler Gets the Frayne Match.

(United Press Leased Wire.)

San Francisco, Jan. 9.—In all probability the next prizefight of any proportions will be on Washington's birthday and will come as near involving the middleweight title as is possible under the conditions.

Stanley Ketchel, through his manager, has signed with Promoter Coffroth for that date and is willing to meet either Billy Papke, Hugo Kelly or Mike (Twin) Sullivan at 154 pounds, four hours before the contest. Coffroth has set his wires to work and if he can land Papke or Kelly the match will be made.

Papke and Walter Stanton, the California middleweights, have been matched for 10 rounds before a Boston club on January 21, but Coffroth thinks he can get Papke to break that date in view of the fact that he would draw more money in San Francisco.

Kid Scaler, the northwest lightweight, has at last secured a match. He signed up with Johnny Frayne last night for a 25-round fight before Coffroth's Colma Athletic club, Friday night, January 24, with Billy Roche as the referee. There was a long-winded dispute over the weight.

CAPTAIN MERRY IS AUTHOR OF BOOK

Captain Thomas B. Merry, the former well-known Oregonian, whose weekly sporting letter to The Journal from the Santa Anita race track, near Los Angeles, is attracting such favorable comment, is the author of one of the best volumes ever written on the development of the race horse in America.

In addition to being the author of the volume, "The American Thoroughbred," Captain Merry is considered one of the best judges of race horses in America and has frequently been an agent of August Belmont Sr., Pierre Lorillard and other famous horsemen in purchasing. For years he wrote for racing magazines under the nom de plume of "Hidalgo," and his stories were the best. At present he is one of the timekeepers at the Arcadia races.

Before becoming a resident of California Captain Merry for years lived in and near Portland, where he numbers many of the old-timers among his staunch friends.

"The American Thoroughbred" is a compact, intelligibly written book, which traces the running horses in America from the earliest English importations. Every site of note is handled in the volume together with his get and the winnings of his progeny. Much editorial comment is revealed in the volume, which makes it indeed interesting to the layman.

Captain Merry's "The American Thoroughbred" is the result of four years of work, during which time every spare moment was applied in research or in writing. Horsemen everywhere have pronounced it the best work of its kind produced in America because of its classification, the subject matter and the plainness of language.

LOCAL KENNEL CLUB STARTS WITH MONEY

January 23 is the date set for the annual meeting of the Portland Kennel club, and officers will be elected who will immediately commence getting affairs in shape for the dog show to be held next spring.

At a meeting of the board of directors last night it was reported that the club would have an available fund of about $700 with which to open the show. The last bench show cleared about $400 and the club will have $300 from various sources. Financially the club considers itself well off.

JOSEPHINE'S TAX AND SALOON AFFAIRS

(Special Dispatch to The Journal.)

Grants Pass, Or., Jan. 9.—The Josephine county court has granted licenses to the Marin and Leland saloons. Remonstrances were made by citizens of the two districts. Both sides were represented by attorneys and both gave testimony by numerous witnesses. The court decided in favor of saloons, as the applicants had sufficient numbers of names of legal voters attached to their applications.

The county commissioners are now working on the tax levy. An attempt will be made to cut it down several mills. The county's assets are nearly $1,000,000 ...gher than ever before.

Free Lessons for Seven.

There are chances for free music lessons for just seven more music-lovers to share in the splendid offer made by the Eilers Piano House. Only seven of the fine high-grade instruments which were secured during the recent financial uncertainty at a tremendous reduction, and which can now be obtained at $264 for the $475 fancy cases and $248 for the plain cases, remain. They have been brought over from our big wholesale warehouse and are among the finest we have ever exhibited. The entire shipment of eight carloads has been disposed of, with the exception of these seven instruments.

A four-months' course of piano lessons goes with each instrument free. The buyer selects any teacher or school preferred. We pay the bill. While the prices for these pianos should be for cash, time payments may be arranged to suit, for the additional simple interest. But if you would secure one of them, you must be quick. All should have been taken by tomorrow night. Eilers Piano House, 353 Washington street, corner of Park.

Y. M. C. A. READY FOR PENTATHLON

Athletes Have Busy Month Before Them With Various "Gym" Meets.

January 31 is the date set this year for the pentathlon contest of the Young Men's Christian association and a score of athletes will engage in the five events, the polevault, high jump, 100-yard dash, mile run and 12-pound shotput.

Heretofore these contests have been very successful but the coming one promises to eclipse all in interest, the number of entrants and the records. Under the pentathlon system each athlete must compete in the five events. The scores are counted by points and it is possible for a competitor to make 100 points in each event. Bronze medals will be given those who score more than 300 points, silver medals for more than 400 points and gold medals for more than 400 points.

Aquatic Tourney Coming.

Another interesting athletic meet at the Y. M. C. A., which will be held January 28, is the aquatic tournament. All of the best swimmers in the association will take part in the competition, which bids fair to be exciting throughout. There will be a 20-yard race, diving for height, 60-yard race, life-saving race and a fancy barrel race.

All of the athletic events scheduled for the month will commence promptly at 8:15 o'clock and the public is invited to attend.

I. O. O. F. LODGES AT THE DALLES INSTALL

(Special Dispatch to The Journal.)

The Dalles, Or., Jan. 9.—The joint installation of the Odd Fellows and Rebekahs was held last evening and ended with a fine banquet. The installation exercises were impressive throughout.

The newly installed officers for Columbia lodge No. 5, I. O. O. F., were: D. D. Bolton, N. G.; Chris McClay, V. G.; O. D. Doane, secretary; George Ruch, treasurer; W. E. Hanson, warden; David Linguist, conductor; A. E. Lake, O. G.; J. C. Brill, I. G.; S. S. Smith, R. S. N. G.; C. R. Egbert, L. S. N. G.; L. H. Arneson, R. S. S.; J. C. Johnson, L. S. S.; George Webb, R. S. V. G.; John Miller, L. S. V. G.

The new officers for Azalea Rebekah lodge No. 99, are as follows: P. N. G., Dora N. Sexton; noble grand, Rose F. Roberts; vice-grand, Laura Blakeney; secretary, Content Elton; treasurer, Ed Hostettler; chaplain, Olive Hunt; warden, Mernie Allen; conductor, Bertha Willerton.

NEW GOVERNMENT OF GRANTS PASS

(Special Dispatch to The Journal.)

Grants Pass, Or., Jan. 9—Mayor Smith's appointments have been confirmed by the council. The new councilmen sworn are: Frank Fetsch, James Tuffs, C. H. Burkhalter and Theodore Cramer. The officers appointed were: City attorney, C. H. Clements; police judge, J. A. Slover; street superintendent, C. H. McLane; night policeman, James Swaringer; day policeman, N. McGrew; fire chief, P. P. Proctor. The councilmen and officers enjoyed a sumptuous banquet after the first meeting.

Brutal Crown Prince.

(United Press Leased Wire.)

Vienna, Jan. 9.—Fresh charges of outrageous conduct are being brought against the Servian crown prince, according to the latest news from Belgrade. Some days ago, it is stated, the prince visited a carpenter's shop in order to make inquiries about his motor boat, which was undergoing repair. The master of the shop was absent, and as the information volunteered by assistants did not satisfy the crown prince he abused and beat them. As a further instance of the crown prince's brutality it is related that recently, without apparent cause, he belabored two footmen with a hammer, one of them being very seriously injured.

Kansas Agriculturists.

(United Press Leased Wire.)

Topeka, Kan., Jan. 9.—The annual meeting of the state board of agriculture began at the capitol this afternoon with a session devoted to routine business. Tonight there will be addresses by Governor Hoch, Mayor Green of Topeka, President A. L. Sponsler of the board and C. F. Mingenback, secretary of the Farmers' Alliance Insurance company. The regular program of papers and discussions will be taken up tomorrow and will continue over Friday.

BANKRUPTED BY EVELYN'S DIARY

Widow Who Kept Boarding School Ruined by Notoriety of Thaw Case.

New York, Jan. 7.—The name of Evelyn Nesbit Thaw figuratively is written across the voluntary petition in bankruptcy filed in the United States circuit court by Mrs. Mathilda Beatrice De Mille.

Evelyn Nesbit Thaw of the saint-like face, the chief figure in the Thaw tragedy, is the blight that has, after a two-year struggle, forced the widow of Henry C. De Mille, the brilliant collaborator of Belasco two decades ago and the mother of two successful playwrights of today, to plead before a court of law to be released from the obligation of her debts, that she may make a fresh effort.

For it was the story of Evelyn Nesbit Thaw, as it was heard from her own lips on the witness stand during the trial of Harry K. Thaw last February, that brought notoriety to the fashionable school at Pompton Lake, New Jersey, in which Mrs. De Mille, the woman of brains and breeding, sought to rehabilitate the fortune crippled by the unexpected death of her husband.

Girl's Story Ruined School.

Yesterday's action was the climax of a string of circumstances that have followed in logical sequence—the story by Evelyn of the life of a chorus girl, among the tender daughters of fashionable families, at the Pompton Lake school; the shock to the fashionable clientele of the school when they learned that their daughters had the artist model as a companion for many months; the vacant schoolrooms and dormitories, where before they had been filled.

Three months after the ending of the first Thaw trial, Mrs. De Mille closed her school. She saw that the struggle against the notoriety gained through the Thaw trial would be in vain.

Forced Into Bankruptcy.

Mrs. De Mille attempted again to win back fortune by coming to this city and starting a play brokerage business, with offices in the Astor theatre building. It is in these offices that she has been toiling for many months, striving in vain against competition as the expected climax came yesterday in the two lines upon the court calendar—the petition of a bankrupt.

Mrs. De Mille called her school the Pamlico. She spent $60,000 in refitting the pretty villa by the lake, and well known among the fashionable set herself, she had little difficulty in filling her classrooms with young girls of the best families.

Stanford White selected this school as the one in which Evelyn Nesbit should be educated.

It was at this school that Evelyn Nesbit, then a trifle over 16 years of age, fell ill with appendicitis, and the notoriety surrounding the operation would have been sufficient in itself to close the doors of the school, aside from what followed.

Kept Cynical Diary.

Evelyn kept a diary while she was at this fashionable school. It was there she wrote of the "little white bed, the virtuous white bed"; where, cynically, she sketched her life as a nun. "These girls have been kept from the world all their lives, and they know very little of the mean side of it." "I wonder how far it is from Rector's?"

In the diary read at the trial, in the direct examination of Evelyn, one line brought a smile in the somber atmosphere.

"Mrs. De Mille was very nice," District Attorney Jerome read from the diary. 'She said, "Come right in,' so I jumped out with the agility of a soubrette and proceeded to go in. When we drove up to the mansion, Mrs. De Mille's son came up, smoking a pipe, and I must confess he is simply a pie-faced mutt. That describes him."

Anti-Saloon League.

(United Press Leased Wire.)

Macon, Ga., Jan. 9.—Scenes of jubilation were witnessed in the auditorium this morning when the leaders of the State Anti-Saloon league assembled for the first convention they have held since Georgia joined the list of prohibition states. The convention met shortly before 10 o'clock with delegates present from every county. Rev. T. D. Ellis welcomed the visitors. Response to the greeting was embodied in the annual address of President W. R. Hammond of Atlanta. President Hammond took occasion to remind his hearers that though a great victory was won when the prohibition law went into effect there was much hard work ahead of the league to see that the law was strictly enforced. The convention will remain in session over tomorrow.

For the Most Complicated
MEN'S DISEASES

DR. TAYLOR,
The Leading Specialist.

My methods are entirely of my own devising and are the results of over 20 years of special medical practice. They are thorough and every cure I effect is therefore PERMANENT.

$10 My Fee in Any Uncomplicated Disorder

I might selfishly limit my practice to men of means only and thus charge big fees for my services, but I want EVERY MAN AFFLICTED WITH DISEASE to benefit by my discoveries for the cure of men's ailments. I have therefore made my professional charges as low as possible. Any man, whatever his circumstances, whether wage-earner or millionaire, may easily avail himself of my skill.

There is no longer any reason for you to suffer another day. My services are at your disposal, and at a nominal fee, and rest assured that if I undertake the treatment of your case I WILL CURE YOU. I have perfected a method of treatment that reaches the VERY CENTER of the disease and that assists Nature to overcome all inflamed or congested conditions and DRIVES OUT of the system ALL THE POISONS OF DISEASE.

What "Weakness" Really Is

"Weakness" in all its phases and in practically every case that comes to me for treatment is merely a symptom resulting from a state of chronic inflammation in the prostate gland. This inflammation may be a lingering result of some contracted disease, or may have been brought on by early dissipation, etc. In by far the greater number of cases the general health of the patient is perfect, there being no lack of either physical or nervous energy. No stimulants or tonics are needed, and if employed would only result in temporary excitement of the functions and positive injury to the tender and already disordered prostate. My treatment is a local one entirely. It removes all inflammation, swelling and tenderness from the prostate gland, establishes normal circulation throughout the parts and restores permanently and completely all neutral functions.

I Cure All the Diseases of Men

STRICTURE — KIDNEY, BLADDER, PROSTATIC GLEET, DISCHARGES, INFLAMMATION AND ALL URINARY TROUBLES COMMON AMONG MEN.

WEAKNESS — CONTRACTED DISORDERS — EVERY CASE

If other physicians have treated you for so-called "weakness," you were helped only temporarily, if at all, and the reason is very apparent when the cause of loss of power in men is understood. "Weakness" isn't a weakness at all, but is merely a symptom of chronic inflammation in the prostatic gland, brought on by early dissipation or some contracted disorder. Our system of local treatment removes this inflammation and is the only treatment that has ever restored or ever can permanently restore strength and vigor.

Of contracted disease we treat is thoroughly cured; our patients have no relapses. When we pronounce a case cured there is not a particle of infection or inflammation remaining, and there is not the slightest danger that the disease will return in its original form or work its way into the general system. No contracted disorder is so trivial as to warrant uncertain methods of treatment, and we especially solicit those cases that other doctors have been unable to cure.
