Big Seattle and Portland firms have buyers here to purchase horses. Some of the finest horses in the state will be offered at this sale. The sale will open at 2 o'clock at the fair pavilion. J. M. Bentley will be the auctioneer.

The next sale will be held February 6.

ORIENTAL LINER AMONG OVERDUE

Arabia Should Have Reached Columbia River Two Days Ago.

HOPE FOR STEAMER GOTO MARU IS SLIM

Speculators Venture the Guess That Possibly the Arabia Is Towing Disabled Japanese Tramp Across Ocean Into Port.

The oriental liner Arabia is two days overdue from Hakodate, Japan. She should have arrived here yesterday morning. The cape line went down this morning, so there is a possibility of the big liner being off the bar.

Ordinarily the Arabia makes the run from Yokohama to the Columbia river in 17 or 18 days and the voyage from Hakodate should therefore be made in 16 or 17 days, that port being a day's run farther north than Yokohama, and consequently nearer Portland by way of the great circle route.

The Arabia took on 1,500 tons of sulphur at Hakodate and is supposed to bring a large quantity of fireworks from China, this being the time of year when Celestials in all parts of the world stock up with crackers and bombs to be exploded during the holidays now approaching.

Terrific storms are supposed to have delayed the Arabia and it is expected she will come into port with a tale of a hard voyage. For several weeks the north Pacific has been swept by hurricanes and gales and few ships have reached port without loss of gear or rigging. The Japanese steamer Goto Maru is 58 days out from Japan to San Francisco and there is little hope of her reaching port.

The Arabia's failure to arrive on time has given ground for the belief that possibly the Portland liner has picked up the Japanese tramp and is towing her to port. The Goto Maru is as large a craft as the Arabia and would prove a valuable pickup.

APPROVES BID.

Colonel Roessler Recommends Letting of Contract for Boat.

Recommendations have been forwarded to the chief of the department of the United States engineer corps to let the contract for the building of a stern wheel river steamer for the government engineers to the Willamette Iron & Steel Works, the lowest bidders.

Bids were opened by Colonel S. W. Roessler, United States engineer corps, December 20 and the specifications call for completion of the craft not later than July 1, this year. It is to be of the following dimensions: Length, 160 feet, 10 inches; molded breadth, 34 feet; depth at stem, eight feet, seven inches; depth at stern, seven feet, six inches. Besides being equipped for towing the boat is to have apparatus for dredging and blasting.

The boat is intended for work on the upper Columbia and Snake rivers.

VOYAGE ENDS ROUGHLY.

Bark Bayard Has Exciting Experiences Near Astoria.

(Special Dispatch to The Journal.)

Astoria, Or., Jan. 11.—The French bark Bayard, which arrived last evening 150 days from London, with a cargo of cement, was off the Columbia river 12 days, and during the recent severe gales lost a number of her sails.

In crossing in over the bar she was swept by several huge seas, that washed two of the crew across the decks, badly bruising them. The after skylight and binnacle was smashed and the cabin flooded. Just after dropping anchor the chain parted and anchor and several fathoms were lost and the mate was injured by a glancing blow of the chain.

DYKE AROUND ISLAND.

Brown & Haggard Will Put New Dredge to Work Soon.

Joseph Supple will complete in a few days a dipper dredge for Brown & Haggard to be used in building a dyke around an island near Skamokawa on the lower Columbia.

The island contains about 20,000 acres and by excluding the water the soil can be made greatly productive.

The dredge is built on the clam shell style and is of good size, the dimensions of the hull being 20x80 feet.

YOUNG SAILOR DIES.

Hans Jensen of Bark Reinbek Succumbs to Typhoid.

(Special Dispatch to The Journal.)

Astoria, Or., Jan. 11.—Hans Jensen, able seaman of the German bark Reinbek, who was taken to the hospital on the arrival of the vessel yesterday, died this morning of typhoid fever. All of the officers and men except the captain have been down with the same disease but have recovered.

ALONG THE WATERFRONT.

The steamer George W. Elder left for San Pedro and way ports last night.

David B. Ogden, United States engineer corps, visited Lewis river yesterday to look into the manner of logging and steamboating there. It is understood that a controversy is causing trouble between the conflicting interests.

The steam schooner Nome City bore up against the draw rest of the Morrison bridge on her way down the river yesterday afternoon but no serious damage resulted. The Nome City leaves for San Francisco tomorrow night from Linnton.

Captain Louis Melbert is here from Paris to take command of the French bark Pieri Loti when she arrives here from Europe via Hobart. The bark is now 80 days out from Hobart. The captain now in command of the vessel will be sent home.

Victor Brandt, who was connected with the immigration service for some time, has resigned to engage in business for himself.

The steamer Sarah Dixon was pressed into service towing vessels in the harbor this morning. She shifted the French bark Ville de Mulhouse to Martin's dock and the Buccleuch to Oceanic dock.

The steamer Alliance will be at Couch street dock late tonight and she will sail for Coos Bay Monday.

WEAK MAN
I Want to Make You Strong

MY FEE ONLY **$10** You Pay When Cured

DR. TAYLOR,
The Leading Specialist.

I want to impress it upon every weak man that I can make him strong, vigorous, healthy, alert and free from every taint of disease and weakness. I have limited my specialty in practice to only a few of the more important disorders, so that I could KNOW these thoroughly. My experience along this one path for twenty-five years qualifies me to say positively that such troubles as **Spermatorrhoea, Lost Vigor, Varicocele, Hydrocele, Gonorrhoea, Syphilis, Stricture and "Weakness"** can be cured perfectly—so as to stay cured. Of course, I use different methods than the ordinary physician. Most of these are original with me and were devised for just such cases as the ordinary courses of treatment fail to reach.

The Scientific Treatment of Weakness

Dosing the system with powerful stimulants and tonics in an effort to restore functional vigor can have but one final result: The condition is rendered worse than before. "Weakness" is merely an indication of a low form of inflammation in the prostate gland, and this inflammation is but aggravated by stimulating remedies that excite temporary activity. I employ the only scientific and fully effective treatment for "weakness," which effects a permanent cure by restoring the prostate gland to a sound and healthy state. I obtain complete results in every case I treat. Interesting literature and a beautifully engraved chart free if you will call.

EXAMINATION FREE

I offer not only FREE consultation and advice, but of every case that comes to me I will make a careful examination and diagnosis without charge. No ailing man should neglect this opportunity to get expert opinion about his trouble.

If you cannot call, write for Diagnosis Chart. My offices are open all day from 9 a. m. to 9 p. m. and Sundays from 10 to 1 only.

WEAKNESS
If other physicians have treated you for so-called "weakness," you were helped only temporarily, if at all, and the reason is very apparent when the cause of loss of power in men is understood. "Weakness" isn't a weakness at all, but is merely a symptom of chronic inflammation in the prostatic gland, brought on by early dissipation or some contracted disorder. Our system of local treatment removes this inflammation and is the only treatment that has ever restored or ever can permanently restore strength and vigor.

CONTRACTED DISORDERS EVERY CASE
Of contracted disease we treat is thoroughly cured; our patients have no relapses. When we pronounce a case cured there is not a particle of infection or inflammation remaining, and there is not the slightest danger that the disease will return in its original form or work its way into the general system. No contracted disorder is so trivial as to warrant uncertain methods of treatment, and we especially solicit those cases that other doctors have been unable to cure.

Our Fee $5 to $30 OUR FEE NEED NOT BE PAID UNLESS CURED.

CONSULTATION CONFIDENTIAL AND INVITED—A personal thorough and searching examination is desired, though if inconvenient to call, write us a full description of your trouble. Our office hours are from 9 a. m. to 8:30 p. m., excepting Sunday from 9 to 12. Address or call on the
