

FIVE CENT FARE OUT TO WHITEHOUSE

United Railways Company Asks County Commissioners for Franchise for Electric Road Over County Road to Clackamas Line.

Promises to Haul Rock and Gravel Free to Macadamize the Thoroughfare and to Ballast Its Roadbed for 10 Feet on Sides.

The United Railways company, of which W. L. Benham is president and Joseph M. Healy, H. Wittenberg, W. D. Haffins and Morris Thompson are principal backers, has applied to the county commissioners for an electric railway franchise on the Whitehouse road from the south end of Macadam street to the Clackamas county line.

The company states that if the franchise is granted it will operate under a five-cent fare, that it will haul free of charge all crushed rock and gravel necessary for macadamizing the Whitehouse road clear to the Clackamas line, and that it will furnish rock from its own quarries along the proposed route at actual cost to the county.

As a further inducement and compensation for the franchise, the company offers to ballast the road at its own expense for a distance of 10 feet on either side of the road, but that it will be extended down the valley and that a franchise probably will be applied for in Clackamas county within a short time.

The Whitehouse road strikes the county line near Elk Rock, a place of great natural beauty, and it is suggested that the promoters of the road may have this in mind as a pleasure resort and temporary terminus.

This is the first suburban franchise applied for by the United Railways, which is now operating on Front street from the steel bridge south to the original city limits. Lines are proposed to Hillsboro and other outside towns, but it has not been decided as to whether the franchise will be asked for on a public or private rights of way may be preferred.

The company in its application promises to operate first-class cars of the pattern now to be used by the United Railways, and to look on with favor, for if the conditions are fulfilled, it would give the county a splendid road for the cost of the material and necessary work in laying it.

DECISION OPENS DOOR (Continued from Page One.) maybe I could subpoena him for a witness in the Hall case.

Judge Hunt leaves Montana. "It is understood," Mr. Henev was told, as he rose to conclude the interview, "that the defense is going to object to the venire of jurymen that has been drawn."

People Deposit Money. (United Press Leased Wire.) New York, Jan. 11.—More people crowd the corridors of the savings banks of New York these days to deposit money than there were during the panic of 1907.

Clearer brain and steady nerves always follow the use of Postum in place of coffee—sometimes in a very marked manner.

Caffeine—the drug in coffee, interferes with digestion, and if continued is sure to show in some fixed disease.

The perfect poise of mind and body—the power to accomplish something worth while, makes a lot of difference with ones earning capacity.

If it's worth while to you, try the change to Postum—say, two weeks. You'll know "There's a Reason."

Read "The Road to Well-being" in page.

SEEKERS WANT TO FIND PLUNDER

Man Who Says He Is Great Tells Prosecutor He Knows Where the Bank Gold Is.

(United Press Leased Wire.) San Francisco, Cal., Jan. 11.—As the result of a report circulated several days ago to the effect that J. Daisel Brown, manager of the California Safe Deposit & Trust company had cached a large sum of money in the hills of Lake county, where his summer home is located, the district attorney's office has been in receipt of numerous offers of aid to discover the hidden treasure.

"Dear Sir—I was reading the other night about a certain cache in Lake county for the manager of the bank. Now, I will say and explain to you. I am a graduate from the New York Institute of Science, Rochester, New York, and I have diploma of my work and I am a great man. After I read the paper I went to a lady that I have developed in telepathy for that work. I put her in a deep sleep and told her to follow the trail where the automobile went. She described like this:

"I see him in an automobile crossing the water of the bay. I see him coming over the hill. I see a glimpse of the lake. I see the house. He is coming over the hill towards the house. He is driving by the back of the house. I see him with a little white satchel in his hand. I see him stealthily going back to a thick brush and I see him kneeling down and I see him come to the back porch."

"Now let me have a trial. I can help you very much. This is no fake. It is the science of telepathy. Of course, everything will be secret. Respectfully yours, Professor M. Bourie, Oakland, California."

PANIC RESULTS IN 16 DEATHS

Scare at Harvey Institute, England, Claims Big Number of Child Victims.

(United Press Leased Wire.) London, Jan. 11.—Sixteen persons, a majority of them children, lost their lives this afternoon in consequence of a panic that occurred in the Harvey institute at Bursley.

A dispatch giving meager details of the unfortunate occurrence was received in London today. It says that 16 bodies had been recovered and that it is possible that others may die from injuries.

SAYS HENEY HAS HARMED JUSTICE

Congressman McKinlay Declares Prosecutor Made Mistake in Schmitz Case.

(United Press Leased Wire.) Washington, D. C., Jan. 11.—Several California congressmen are not surprised that Schmitz had been declared guilty of extortion by the appellate court. They did not care to discuss the matter for publication with the exception of Representative Duncan McKinlay.

MULAI HAFID RULES MOROCCO

Pretender Has Been Proclaimed Sultan and Trouble Will Likely Follow.

(United Press Leased Wire.) Paris, Jan. 11.—Government dispatches confirm the report that Mulai Hafid has been proclaimed the sultan of Morocco at Fez. The priests announced they will declare a holy war at the moment the new sultan mounts the throne.

DEPOSITORS START SUIT AGAINST BANK

(United Press Leased Wire.) San Francisco, Cal., Jan. 11.—J. A. Mize, representing himself and his wife, Alele E. Mize, brought suit against J. Daisel Brown, W. J. Barnett, James Treadwell and R. D. Fry for \$4,954, which they had on deposit at the time the California Safe Deposit & Trust company closed its doors. They also formally sue these directors for \$18,800, which it is claimed was embezzled by the four defendants named. Should they secure this latter amount they will receive their sum of \$4,954, the remainder being divided among other depositors not appearing in the present suit.

INSPECTORS LOSE OUT

(United Press Leased Wire.) Washington, Jan. 11.—The recent defeat meted by the government in the so-called land fraud cases in Colorado may necessitate the dismissal of a large number of inspectors and others engaged in the government work. It is reported that the government may discontinue the investigation being directed from Denver.

BACK MARK AGAINST

Licenses of Nearly Dozen Saloons Will Be Hauled Over Hot Coals at Next Meeting of Liquor License Committee.

When the liquor license committee of the city council meets January 20, the members will have a list of more than 10 saloon-keepers to consider whether their licenses shall be revoked. These places have been complained against by Captain Bruin, whose allegations put the resorts in a class outside the pale of the law. Some of them are charged with harboring thugs and robbers, while others are complained against for allowing women to frequent them.

Further, the charges are all of sensational nature and if proved will allow the committee but one course of action. It is to close the saloons. Captain Bruin is charged with harboring thugs and robbers with Fallon's knowledge. As to the Denny saloon across the street from the chamber of commerce building, Captain Bruin reports that the place caters to the trade of disorderly women and that a man was recently shot and killed in the rear.

Hochfeld's saloon, First and Madison streets, is alleged to have been a place for the worst class of the street. It is alleged to be a place where a burglar, and a place where minors could purchase liquor. The Nob Hill cafe, Washington and Madison streets, is another where minors have been able to secure liquor according to Bruin who reported that the proprietor was recently shot and convicted for this crime.

Despite the fact that Fred Fritts breaks the law every day in the year by running a theatre in connection with his saloon at Second and Burnside, and, despite the fact that Fritts has been arrested repeatedly by the police, the man has succeeded in escaping conviction by interference by the authorities. A different tale is expected when the liquor license committee gets through with him. Captain Bruin has furnished as a list of witnesses against this resort, Municipal Judge Cameron, Clerk Frank Hennessy, Detective Sergeant Batty, and Detectives Coleman and Alden.

WAR ON WHITE RACE

(Continued from Page One.) case of heavy fogs and assaults by large squadrons of torpedo boats. To offset this weakness the mine system has been especially attended to and the mines are badly needed at San Francisco and here but the system of planting them and working them has been extensively practiced and with proper apparatus the bay of San Francisco and the mouth of the Columbia could be made impassable for warships of an enemy.

"In an open warfare it is more the Columbia could never be reached without disaster to an enemy's ships. The inventor says that the mines are not only good for the bay, but they are good for the coast. San Francisco is in the best defended cities in the world. Here the danger lies in the numerous sections of the Pacific coast, which are hard to defend, such as San Diego and San Pedro. San Diego could make a good defense, but a light fog and a dark night would give an enemy opportunity to creep up close to the shore and destroy the city. Monterey bay, Ventura and other places along the California coast are absolutely unprotected and except for a mobile artillery party without the assistance of a large staff of troops they would be open to attack."

"Puget sound is a very hard place to defend. At present the government is making preparations to strengthen the defenses of Bremerton navy yard. The channel in the sound is too deep for torpedo and weather conditions there would give an enemy chance to slip in and attack Seattle with Port Townsend as a base."

MILWAUKEE TRANSFERS LAND IN TWO STATES

(Special Dispatch to The Journal.) Olympia, Wash., Jan. 11.—Secretary of State Nicholas has received notice from the Milwaukee railroad of the transfer of all realty of the company in Montana and Idaho, to a subsidiary company, the Milwaukee Land Company. The Continental Timber company has been filing transfers of its timber in this county to the land company for two months. It is understood that a new company will immediately start the colonization of these lands on a systematic plan.

WILL NOT PUT GUARD ON ARMY BASIS YET

(United Press Leased Wire.) Washington, Jan. 11.—The house has passed a bill extending until January 1, 1910, the time when the state militia will be put on an equal standard with the standing army.

ORDINANCE TO STIFLE POOLROOMS

Councilman Belding wants to put the poolrooms out of business to the extent that small boys and young men cannot be lured into the place where they learn vice, including all forms from petty stealing to highway robbery. The poolrooms of the past few months are replete with testimony showing that scores of youths of the city owe their downfall to frequenting poolrooms.

PENDLETON ELKS WILL GIVE DANCE

(Special Dispatch to The Journal.) Pendleton, Ore., Jan. 11.—The Elks lodge of Elks is planning the most elaborate dance and program ever given in eastern Oregon, for February 8, in this city. Over 200 extra electric lights will be placed in the hall, a carload of evergreens will be brought down from the hills, and everything will be made complete and festive, consisting of vocal and instrumental music, will be in progress in two large halls, the Eagles building simultaneously.

BEFORE A MEAL

A dose of Hostetter's Stomach Bitters will be of great benefit to anybody. It will sharpen the appetite and promote the flow of gastric juices, thus preventing all indigestion, and everything usually follows with good stomach or disturbed digestion.

What Do They Cure?

The above question is often asked concerning Dr. Pierce's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription."

The answer is that "Golden Medical Discovery" is a most potent alterative or blood-purifier, and tonic or invigorator, and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels, bladder, etc., and is especially valuable in the chronic or ulcerative stages of these affections. It is often successful in affecting cures.

"The Favorite Prescription" is advised for the relief of one class of ailments, namely, women's ailments, and is especially valuable in the treatment of all the ailments incident to woman's life. It is a powerful yet gently acting invigorating tonic and nerve. For weak, over-worked women—no matter what the cause—the "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A long conference between Ruef, Special Agent Burns and District Attorney Langdon, in the latter's office, the final answer was given. For three hours Ruef had not altered a single demand.

If only one man is sent to the penitentiary as a result of these graft prosecutions, that man will be Abe Ruef. Such was the public declaration made several weeks ago by Assistant District Attorney Henry when it became known that Ruef was relying on the position in which he found himself introduced to demand his own freedom as the price of his testimony against the "higher ups" among the defendants in the graft cases and it is this policy which dominated the attitude of Langdon and Burns at the conference yesterday.

GERMAN SOCIALISTS DEMAND SUFFRAGE

Make Demonstration Before Parliament Building and Police Are Called.

(United Press Leased Wire.) Berlin, Jan. 11.—The most intense excitement has been aroused here by an interpellation presented recently by the Prussian landtag by a liberal member, demanding the introduction of manhood suffrage in the election of members of the lower house of the Prussian landtag.

Last night no fewer than 35 Socialist mass meetings were held in Berlin, as well as many others in the country districts in connection with the movement. Before the landtag convened, Socialists to the number of 1,000 marched in procession before the parliament building. This demonstration assumed a somewhat threatening aspect and a large body of police was called to the scene.

HOG CHOLERA IN PALOUSE COUNTRY

Disease Makes Its First Appearance in That Region—Hundred Die in First Ten Days.

(Special Dispatch to The Journal.) Palouse, Wash., Jan. 11.—Cholera among hogs has appeared in the Palouse country, for the first time in its history. John Skeen, who lives on the Averill ranch, a mile west of Palouse, has recently lost 73 head out of a herd of 85. Thirty died in one day. Dr. Neilson of the state college, one of the best veterinarians in the state, was called and pronounced the disease as hog cholera. The farm joins that of Mr. Skeen, has recently lost 14 fat hogs.

DRIVER THROWN OFF STAGE; NECK BROKEN

(Special Dispatch to The Journal.) Ontario, Or., Jan. 11.—O. E. Pollock, a stage driver, was killed last night between Vale and Westfall by being thrown from the stage coach. His neck was broken. He was about 45 years old, an old resident of this county, and well known. He leaves a family.

KILLED BY LIVE WIRE ON TELEPHONE POLE

(United Press Leased Wire.) Oxnard, Cal., Jan. 11.—Harry Garner was electrocuted while working at the top of a telephone pole in changing the wires of the Pacific Telephone company. His limp body was left suspended 20 feet in the air and it was 10 minutes before it could be rescued. A telephone wire had been made alive by contact with heavy live wire. The line at some unknown and break point.

O. R. & N. SUEDFOR DEATH OF RUSSELL

(Special Dispatch to The Journal.) La Grande, Ore., Jan. 11.—Russell, administrator of the estate of J. Don Russell, who was killed at Perry, a few miles north here on the railroad, has commenced a suit against the O. R. & N. for \$7,500.

ABE RUEF WILL GO TO PRISON

Curly Boss Fails in Attempt to Purchase Total Immunity.

(United Press Leased Wire.) San Francisco, Cal., Jan. 11.—Abe Ruef's last bluff has been called and the fate of the imprisoned ex-boss is settled. He has been given a last opportunity to accept the proffered leniency of the graft prosecution in return for his testimony against the other indicted bribe givers. His refusal to accede to any terms short of absolute immunity, and as a result all negotiations between him and the prosecution are at an end. Ruef is to be prosecuted without mercy and if it lies in the power of the prosecution to secure them he will be given enough sentence to keep him in the penitentiary for life.

At a long conference between Ruef, Special Agent Burns and District Attorney Langdon, in the latter's office, the final answer was given. For three hours Ruef had not altered a single demand.

If only one man is sent to the penitentiary as a result of these graft prosecutions, that man will be Abe Ruef. Such was the public declaration made several weeks ago by Assistant District Attorney Henry when it became known that Ruef was relying on the position in which he found himself introduced to demand his own freedom as the price of his testimony against the "higher ups" among the defendants in the graft cases and it is this policy which dominated the attitude of Langdon and Burns at the conference yesterday.
