

54 APPLES BOILING \$10

Oregon Apples Bring Fabulous Prices at Horticultural Society—Local Fruit Eagerly Sought by New York Millionaires.

Ten dollars a box was asked and paid for Oregon apples at the exhibition of the State Horticultural society this morning.

According to the representatives of the eastern houses who have been looking over the display, Oregon's apples are unrivaled by those of any other state.

Millionaires Favor Oregon Fruit. "Apples we get in Oregon go in the tables of the Godefs, the Vanderbilts and the Rockefellers," said a representative of Ray & Hansfield this morning.

Two boxes of Winter Bananas brought \$10. R. H. Wodan's orchard at The Dalles, sold to a local firm for \$15, one box containing 44 apples bringing \$10, and another box containing 44 of the same variety, selling for \$8.

The Haslewood Creamery company bought 44 boxes of creaming apples which will be used for baking—all the cooking apples that won blue ribbons going to this firm.

"There isn't a box of apples left," said Secretary E. R. Lake this morning. "They have been snapped up quicker than lightning, and at prices which show what the name Oregon apple stands for in the markets of the world."

The sessions of the horticultural society came to an end yesterday afternoon, the work before the delegates having been concluded more quickly than was thought possible. The grand finale demonstration of the sprays was held in the West Park boulevard.

At the meeting yesterday afternoon all the old officers were re-elected. They are: Dr. J. B. Ardwell, honorary president; H. C. Atwell, Forest Grove, president; C. H. Lewis, Medford, secretary; C. E. Deane, Clatskanie, vice-president; E. R. Lake, Corvallis, secretary-treasurer; L. T. Reynolds, Salem, corresponding secretary.

A midwinter meeting of the society will be held at The Dalles and next winter's session will be held during the first week in December.

A committee was also appointed to revise the premium lists and to prepare a general increase in subscription rates at an early date. A majority of the publishers appear to be of the opinion that the increase in subscription rates is not warranted.

South Dakota Editors. (United Press Special Wire.) Waterbury, D. S., Jan. 15.—Leading newspaper editors and publishers of South Dakota, comprising the membership of the State Press association, gathered here in force today for their annual midwinter meeting.

HARDWARE MEN MEET NEXT WEEK

Delegates From All Over State Will Hold Second Annual Convention.

Members of the Oregon State Retail Hardware and Implement Dealers' Association will hold their annual convention in Portland, January 21 and 22, at Alsley hall, where it is expected an attendance of several hundred will be on hand to participate in the elaborate program arranged for the event.

Questions of timely interest to the members will be informally discussed at the two days' session, including those particularly pertinent to the management of the hardware business.

With a membership embracing nearly every hardware and implement dealer in the state, a large attendance is assured by the cheap railroad rates offered the members and their wives and families.

10:00—Open session; convention called to order; appointing sergeant-at-arms; roll call; address of welcome; responses; report of the secretary; secretary's report; treasurer's report; presenting names of new members.

10:00—Open session: "A Goodbye to O. M. Scott"; "Buying and Selling"; "The Stock Market"; "The Mistake of the Dealers as Seen Through the Eyes of the Travelling Salesman"; Harry N. Deitchard; "Country Dealer vs. Collector"; E. M. Brannick; "Cost of Doing Business"; Fred J. Bolger; "The Pleasures of the Travelling Man"; John Hardy; "Window Display"; John Hardy.

1:30—Executive session: election of officers; report of committees; discussion of place for 1909 meeting; miscellaneous.

Examinations for Members. Here are some of the questions which the members will wrestle with: What are the benefits derived from discounting bills? Is it possible to conduct a strictly cash business? Can a strictly hardware business succeed, or should we add side lines in order to make a success? Does it pay to encourage the local jobber with your business? Will the proposed parcel post hurt the retailer? In what way can we be of benefit to each other between our regular meetings? Is it more effective to handle and push one brand of goods than to carry several brands? Does it pay to cut the established price on standard articles in order to hold business? Should dealers accommodate their competitors with goods that are out of their business? Does it pay to dress show windows in a small town?

CREDIT MEN TALK OF RECENT PANIC. At a monthly dinner of the Portland Association of Credit Men last evening at the Commercial club, members discussed the phases of the recent money stringency, and suggestions were made for mending the currency laws to lessen dangers from money panic.

Roberts T. Platt, attorney for the Bankers and Lumbermen's bank, talked on "Lessons the West Has Learned from the Recent Panic." He said the trouble just passed should not be dignified by the term panic. His chief cause was the diversion to speculative purposes of money that should have been devoted in legitimate ways to the business needs of the country.

He thought reserve banks should be prohibited from paying interest on deposits of other banks. The result would be that the Eastern and Western money would remain in the West to take care of local business interests. A central bank should be established in New York, with branches at Chicago, San Francisco and Portland, to care for the business of the country.

SPORTING NOTES Local and Otherwise

In his recent fights Joe Walcott has shown that he is about ready to retire for good.

Pitcher Jack Taylor, formerly of the Chicago Cubs, has signed a contract with the Columbus, Ohio, team.

Dave Fultz, the ex-Highlander, says that the practice of college students in visiting the grounds of the local churches is no worse than tutoring or singing in church choirs.

The Rochester Tournament association is making big preparations for the national bowling tournament to be held in Rochester this spring.

The August franchise in the South Atlantic league is for sale. The complete plant and players reserved for next season can be bought for \$4,000.

Danny Hoffman says he will not play in St. Louis unless he receives more money than he was paid last season by the New York Americans.

Al Lawson, president of the new Union league, is a baseball organizer who is making big preparations for the formation of the Central Pennsylvania State, Interstate, Atlantic and the Union.

A good fight is looked for in Milwaukee Friday night when Maurice Sayers and Freddie Gleason are expected to meet together for the windup of the Milwaukee Boxing club's show.

Gene Sullivan, the crack Butte boxer, who is to meet on Tommy Tracey's youngsters tomorrow night, says he feels fit for the go of his life.

Company B, Oregon National guard, got a long lead over the Gold Seals in the indoor baseball game at the Oregon gymnasium last night, winning by a score of 19 to 8.

WEST SIDE HIGH WINS

West Side high school defeated Ringler's East Side Athletic club team last night by a score of 37 to 22, in one of the best games played at the gymnasium this season. High school's team work was the feature of the game and the victory was the result of concentrated play.

STOCKHOLDERS' MEETING

The Butte Boys Consolidated Mining Company holds an enthusiastic annual convention Monday evening.

The annual stockholders' meeting of the Butte Boys Consolidated Mining company was an animated affair Monday evening, when owners of its shares met at the company's office, 200 West Washington street.

The meeting was called to order by President McCorkle, who read the report of the directors and the stockholders were congratulated on the progress made in the development of the property and the promise of the richness of the mine.

The conditions at the mine were briefly referred to, and the following was vouchsafed that the strike in Goldfield, where the company's property is located, is not expected to interfere with the development of the Butte Boys, but work had been continuously prosecuted ever since started about 10 months ago.

The annual meeting was largely attended, unusual interest being manifested in the business sessions.

Before its adjournment the following officers were elected to serve the ensuing year: Director—Dr. M. G. McCorkle, G. W. Bever, George Westerly, M. Bever, T. W. Shanklin, J. E. Purcell and Bert White.

President—Dr. M. G. McCorkle; vice-president, Dr. M. G. McCorkle; secretary, Dr. M. G. McCorkle; treasurer, Dr. M. G. McCorkle.

Mr. Bever returned from the property a few days ago and is enthusiastic over the prospects of a great and profitable mine. He says that work will be prosecuted with vigor until development is complete, and that at least 10,000 feet of lumber at the mine to be used as required. He will return to Goldfield to look after the mine.

The Central Mining company has leased 16 acres from the Butte Boys and the terms of the contract are such that the latter will receive a percentage and no doubt will reap a splendid income from this source also.

Heed My Warning

Don't wait until your whole system is polluted with disease or until your nervous system is tottering under the strain and you become a physical and mental wreck. With special diseases and weaknesses you can make no compromise.

My Direct Treatment for Weakness

Dosing the system with powerful stimulants and tonics in an effort to restore functional vigor can have but one final result. The condition is rendered worse than before. "Weakness" is merely an indication of a low form of inflammation in the prostate gland, and this inflammation is but aggravated by stimulating remedies that excite temporary activity.

Specific Blood Poison

I cured this leprosy disease completely. The system is thoroughly cleansed and every poisonous taint removed. The last symptom vanishes and a sound and healthy state is accomplished by the use of harmless blood-cleansing remedies. Do not submit to the dangerous mineral dosing commonly indulged in. Such treatment merely obscures the symptoms.

Examination and Diagnosis Free. I offer not only FREE consultation and advice, but of every case comes to me I will make a careful examination and diagnosis without charge. No illness man should neglect this opportunity to get expert opinion about his trouble.
