

WOULD RATHER BE POLICEMEN

Fire Chief Campbell Says Firemen's Wages Are Too Low.

Chief David Campbell is mourning the loss of three of his best men, all due to the difference in wages of policemen and firemen.

"I consider the salary proposition unfair," declared Chief Campbell, "in that firemen have as arduous duties, longer hours and are required to pass as strict a civil service examination as the policemen.

"I believe the firemen who have to remain on duty 24 hours at a stretch are entitled to an much pay as the policemen who have eight hours of duty and are qualified for patrolman as well as for fireman.

The men who had a grade of 9.1; A. A. Cooper, 8.19; Jack P. Van Overn, 8.17.

WOMAN KILLED AT SCRANTON

Girl Jumps to Death From Window of Factory When Scared by Fire.

Scranton, Pa., Jan. 17.—One woman was killed, another is missing and several were seriously injured as the result of a fire which destroyed the building occupied by the Imperial Underwear company today.

NEW NOTCHES CUT IN ANATOMY OF MASONS

Eighteenth and Twenty-First Degrees Conferred Upon Large Class.

The eighteenth and twenty-first degrees of Scottish Rite Masonry were conferred on a large class of candidates this forenoon at the cathedral of that order.

Arthur C. Callen, F. W. Frazil, W. C. Bristol, George B. Sellers, H. T. Hudson, Joseph McClelland, Philo Hooker Jr., John L. Wright, F. E. Manchester, R. B. Josselyn, E. F. Baylor, H. W. Fries, A. V. Green, W. L. Masters, William A. Pomeroy, J. K. Locke, B. P. Stevens, J. O. Elrod, H. C. Harmon, Clyde Evans and John H. Montgomery, Portland; W. L. Souders, A. Lombard and J. W. Hatfield, Eugene; John B. Messick and William Pollman, Baker City; J. D. Billingsley, Ontario; L. J. Mahon, McMinnville; C. F. Halbur, Junction City; E. A. Sawyer, Pendleton; D. H. Preston, Athena; C. K. Cochran, William Morrison, Moro; E. B. Barker, Condon.

WOMAN Baffles

surprise. After Evelyn Thaw had been sworn Attorney Littleton conferred with his associates and then withdrew her, stating that he was not ready at that moment to examine her.

It is probable that Mrs. William Thaw, mother of the defendant, may testify today. She arrived at the courthouse accompanied by her son, Josiah, and appeared to be very ill.

Miss Alice C. Fletcher of Washington, a friend of the Thaw family, was the first witness to testify this morning. She said Harry Thaw was very nervous when he was a child and that he was subject to violent outbreaks of temper.

Miss Fletcher testified that in December, 1902, Harry Thaw told her that he was suffering from a terrible disease of the eyes and that he wanted to die. He talked so incoherently, the witness declared, that she could hardly understand what he meant.

When Attorney Jerome began his cross-examination of her Miss Fletcher said she was connected with the archaeological bureau at Washington. She is one of the best-known scientific women in the United States. The district attorney had far from an easy time of it when he asked her to testify.

"Did you form any impression that his various senses were any different from those of any other person?" Jerome asked.

"I can only tell you how he acted," Miss Fletcher replied. "I had no way of telling anything about his senses."

"Was his perception different from the perception of anybody else?" queried the prosecutor.

"I am sure I cannot answer that question," the witness replied. "The psychology of perception as you understand it may differ from my view of the matter."

Miss Fletcher baffled the district attorney by the cleverness she displayed in oral fencing. In the meantime Littleton's face was wreathed in smiles.

Miss Fletcher explained the anxiety of Mrs. Thaw over the mental condition of her son by stating that Mrs. Thaw confided to her the boy was not responsible for his acts. Jerome started to propound a case based on suppositions and referring to a man like Thaw being in love with a chorus girl when Judge Dowling interrupted by saying that such questions were incompetent. The witness said that no chorus girl had been mentioned in the proceedings. After the witness testified that Thaw had told her that his loved Evelyn Nesbit more than any woman whom he had ever known, Miss Fletcher was excused.

After her brief cross-examination in the Thaw family for six years, testified that Harry Thaw was a peculiar child; that his face was moody and subject to fits and that he would throw himself on the floor and writhe and yell until he was exhausted. After a little more with the witness was excused. It was at this juncture that Evelyn Thaw was called to the stand. In passing her husband she smiled sweetly at him and returned the greeting. She wore a long blue coat, a skirt to match and a broad white collar and a big mushroom hat. The spectators were disappointed when Littleton announced that he was the wife of the defendant sworn in, that he was not ready to examine her. A few unimportant witnesses were then called to the stand. Almost directly after court convened after the noon recess Mrs. William Thaw was called to the stand.

Mrs. Thaw had been on the stand only a few minutes when she was excused temporarily by Attorney Littleton and Evelyn Thaw was recalled.

FATHER AND SON DIE ALMOST AT SAME HOUR (Special Dispatch to The Journal.) Pendleton, Or., Jan. 17.—Within 12 hours of each other, F. Wachter and Ray Wachter, father and son, died Wednesday. A double funeral was held at Pilot Rock yesterday. The son, who had diabetes, died at the hospital in this city. At the same time his father was lying at death's door at his home near Nye, Ore.

CHINESE CLEAR MAP OF FRISCO

Oriental Pass Immigration Officers by Pretending to Be Native Sons.

(United Press Lashed Wire.) San Francisco, Cal., Jan. 17.—A gigantic scheme to defeat the ends of the Chinese exclusion act and permit the wholesale entry of Asiatic coolies into this country has just been uncovered by the local United States immigration authorities.

The discovery exposes the methods by which Chinese laborers have been fraudulently gaining admission to this country for the past few years under the name of "native sons."

The principal feature of the fraud is a large "coasting" map showing the Chinese section of this city and also the principal landmarks. It was only necessary for the applicant for admission to the United States to study this map in order to gather a sufficient knowledge of the city to sustain his pose as a native son.

Over the head of the map is printed in large letters "plan of Chinatown, San Francisco, California." Then follow the principal instructions in regard to the answering of the questions which would most likely be asked by the inspector.

FOR SOUR STOMACH

This is one of the numerous results of faulty digestion and often is accompanied by belching, bloating, headaches, and dizziness. To relieve this condition and restore the digestive organs to their normal condition the following formula is said to work wonders.

Two ounces Essence of Peppermint; three ounces Syrup of Ginger; one ounce Calamint Compound; mix these well and use in doses of from one to two teaspoonfuls after each meal; also bedtime for the first few days.

This can be prepared by any prescription druggist or the ingredients can be secured and easily mixed at home.

This is what is known as the "peppermint formula" and most druggists are familiar with its wonderful curative powers on the digestive organs and bowel tract as it will in a short time correct their action and restore them to a greatly improved healthy condition which means an improvement in the health of the whole system.

WALKER FREED BY PROSECUTOR

District Attorney Fails to Find Banker Showed Criminal Intent.

(United Press Lashed Wire.) San Francisco, Cal., Jan. 17.—The case of David F. Walker, ex-president of the California Safe Deposit & Trust company, charged with complicity in the embezzlement of the Colton securities was this morning dismissed by Judge Dunne at the request of the prosecution.

Although it has been known for some time that Walker was to secure immunity for his former partner, it was not expected that the charge against him would be dismissed at this time and consequently when the prosecutor moved to dismiss the case on the ground that the district attorney's office had no evidence of criminal intent, it came as a surprise to those interested.

"I wish to state to the court that after a thorough examination of the charge against Walker, we have found no evidence showing criminal intent," declared the prosecutor. "That there was culpable negligence there is no doubt. He was not the man to be president of this bank, or any other bank."

Walker's attorney took exception to the remarks made by the district attorney and declared that there was no culpability on the part of Walker. A warm debate followed which was interrupted by Judge Dunne's terse statement to the effect that the indictment would be dismissed.
