

I THINK THIS IS A SPECIAL OFFER—DON'T YOU?—J. M. A.

Thirty Thousand Dollars Worth of Groceries Free to Introduce Our New Grocery Department

More or Less According to Goods Sold FOR ONE WEEK

I never misrepresent or misstate facts or conditions in my announcements and don't propose to begin now. Therefore, I wish to say that during the past two trying and critical months you, the people of Oregon and Portland have not failed me. You seemed to quickly recognize this as being in many respects the most magnificent store in the land. This statement is borrowed from eastern representatives, store people, who have seen the best of eastern stores, and now that you have made it a fact that this beautiful store shall stand, I can assure you from my personal inspections of other stores that in many respects this store has no equal, and you may well count it as one of the sights of Portland. Those of you who know me personally, know that the honor of being the founder and supervisor of this establishment is more to me than dollars and cents. It is the people's money that has made this big plant, and it mostly belongs to a great many people, some well-to-do, but most of them of very moderate circumstances, and during the trying months when the financial wind storms were blowing hard, and wreckers were trying to get a hold, I want to say that all stockholders, big and little, were firm, none rushed in nor complained. This beautiful fact brought forth unknown latent energies that guided this fine store through, and the people of Portland will still have a habit for their convenience and pride.

THE STORE PLANS were laid long ago. They included a number of other departments that owing to the condition of the time have of necessity been delayed. Now it is the intention of this company to carry out several of the original plans. I will here announce that we have completed the fine five-story brick building, now known as the Acheson Building, on Fifth street, adjoining our department store proper, and that we are operating the same, a part of which we use for our new grocery department, and the fifth floor for our woolen and merchant tailoring business.

THE GROCERY STORE OPENS TO SCOOP OUT GROCERIES

and simultaneously and in conjunction with the opening of the Grocery Store

Our Big Store Clearance Sale Will Run

The equal of which never has been in this city and in the United States that I know of, as follows:

First—About \$30,000 of merchandise must be cleared from our store within the next few days.

Second—Every man and woman in Portland must and shall know of our Grocery Store at once.

Third—Every man and woman in Portland must and shall know that I have opened the Men's Tailoring Department again—and as of my old practice—nothing but absolutely all-wool cloth will be sold. Everybody knows, we know, that's a fact.

BECAUSE WITH EACH DOLLAR'S worth of goods purchased in our big store, or Men's Merchant Tailoring Department

One Dollar's Worth of Groceries Goes Free, as follows—

I have never done or allowed any trick or false advertising to be done in this store. Therefore, when I say that you get GROCERIES FREE equal to the amount of your purchases in our big store, I mean it, and make it plain as follows:

One fourth (1/4) of the groceries you hereafter buy of us will be given you free—until the amount of your purchases in our big store is delivered to you free in groceries.

THIS MEANS THAT YOU BUY GROCERIES FOR 75c CASH ON THE DOLLAR. THIS MEANS YOU CAN CLOTHE YOUR FAMILY FREE WITH YOUR GROCERY BILL. THIS MEANS THAT YOU GET YOUR MERCHANDISE YOU BUY IN OUR BIG STORE FREE.

Here's a Special You Don't See Every Day

During This Sale—During This Week Only we will make to order Ladies' blue and brown Suits of from \$25 to \$50 and you get all back in Groceries—Free too.

In explanation of this—will say no orders for black suits will be taken, from the fact that we have hundreds of black suits, ready-to-wear, in stock and if you want a black suit we have it for you, at cost prices, and you get groceries free for the whole amount of that, for we want to advertise our grocery. But, we have very few blue or brown suits in stock and they can't be had quick in the eastern factories and everyone else seemed to be scared still and afraid to get out goods. Therefore, our long experience in the manufacture of Ladies' Garments, coupled with the necessary equipment which we have, comes in handy at this time to jump in and supply the deficiency that exists of

BLUE AND BROWN LADIES' SUITS

Now the hundreds of Ladies customers who have been in here the past few days and shopping all over town, hunting for blue and brown suits, can call in here this week and get a blue or brown suit, made in the latest fashion—and made in the old reliable way—that we in past years made hundreds of them, which means that they are "made," and not "happened together," and the cloth tailor-style shrunk, which means that you can swim in the Columbia river in one of the suits, it won't shrink or spot. I have in the past, when making suits, made the above statement many times and no wearer of one of my suits has ever accused me of misrepresentation.

Out of town customers desiring to take advantage of any of this special offer can do so by sending in their measurement size, together with a payment of ten dollars as evidence of good faith, stating that they want a \$25.00, or \$30.00, or \$40.00 suit and a suit will be made and sent to them—if they do not like it they can return the suit and we will return the \$10.00—and if they keep the suit they get the price of it free in groceries—THAT'S GOING SOME.

Anyone can make their grocery bills for the next few months, clothe them.

CLOTH USED IN THEIR SUITS

Elegant regular tailor blue serge, blue and brown broadcloth, we assure you that tailor cloth will wear until you are a good deal bluer than it ever was.

We have the tailors, the cutters, and expert fitters, to turn out the garments, and our old motto is as true as ever and has improved with age: Viz: "Nothing purchased of us will cost you one cent if you are not satisfied." I sign this personally.—J. M. Acheson.

For This Week to Introduce Our Grocery Dept.

The Grocery will open at 12 o'clock, Wednesday noon, January 22. And with each of the first hundred ten dollar purchases of groceries, we will give away a box of fine apples just to advertise the grocery.

YOU MUST KNOW OF THIS GROCERY

Orders taken and registered for Men's Suits, made to order, to be made and delivered any time before July 4, 1908, and we offer our groceries.

HERE IS AN IDEA FOR MEN

Think of it. You say "I need a suit now, or I don't need a suit until March or until Rose Carnival time in June." Order it now and you pay, say, \$10 on it, you can at once start to buying groceries in our new grocery store, applying the \$10 on the groceries, and—as you have to eat and buy groceries—so, when you eat up the \$10 you have paid on your suit you can give Acheson & Co. \$5 or \$10 more on your suit or your suit order and go on that way—and when your suit is delivered to you, you will have it free, for you have had groceries for it.
