

BEAUTIFUL GETS EXTRA HAND

Council Gives Board Right to Employ Superintendent From Madison.

Informally the council voted to grant the city park board permission to employ Emil T. Mische of Madison, Wisconsin, as superintendent of the park board at a salary of \$2,500 a year, providing the board keeps within its money allowance of \$48,000 as appropriated by the council at its last meeting. That this decision may be sustained when the council meets in regular session is possible, although there is considerable feeling on the part of some of the councilmen toward the action of the board. Seven members of the council present yesterday voted to grant the board its request, while five voted against the proposal. Of the latter, Councilman Cellars stated that he would vote in favor of the allowance when the subject came up to the council. This would give the board a safe margin of votes and make possible the hiring of Mische.

Favor Park Board. In hearty sympathy with the movement to extend the park system and to beautify the city was evidenced yesterday by the sentiments expressed by the members of the council. In a resolution passed by the council, the members expressed their confidence in the board and their willingness to support its action. The councilmen contended that Mische was employed as an expert park superintendent and that the members were called upon to explain their mistake in selecting a man and using his services for two years before finding out that he was incompetent to act as superintendent.

Members of the board explained that Mische is a civil engineer and would not state whether Mische would be retained in the employ of the city or not. They said he was new superintendent. This statement aroused the ire of Councilman Keliher, who said that Mische was not a civil engineer but was in sympathy with his employers. There were further expressions made to the effect that the board was not giving Mische a square deal.

Wants Salary Raised. Councilman Belding took exception to the manner in which the board tried to place the blame of not allowing sufficient money for the new superintendent upon the council and called upon Mr. Lang to explain his letter to that effect. Mr. Lang said that he had been informed by Mayor Lang and apologized for the error.

"That is sufficient," said President Willis from the chair, "that explanation will suffice, you do not need to apologize."

Need of charter revision was also brought into the spotlight by Mr. Lang, who stated that it was a misfit. This statement was brought out in a debate with Councilman Driscoll, who inquired of Mr. Lang whether he thought the city should pay more to a park superintendent than to a city engineer.

The city engineer should get \$6,000 a year," replied Mr. Lang. Mr. Driscoll explained that the charter provides but \$200 a month. Then Mr. Lang made his statement that the charter is misfit.

In the debate that preceded the vote, Councilmen Bushlight, Cellars, Menefee, Keliher, Collier and Driscoll spoke on behalf of the council, while all the members of the park board, including Mr. Lang, Dr. J. R. Wilson, Dr. E. H. Hafferty and J. Lang, pleaded for the employment of the new superintendent.

EXPECT ABE RUEF TO TRY TO ESCAPE

(United Press Leased Wire.)
San Francisco, Cal., Jan. 30.—Warned by a persistent and well-founded rumor that Abe Ruef, grown famous as a criminal, was planning to escape from custody to be accomplished on the lonely road between this city and the county jail, Sheriff Lawrence Dolan has doubled the guard over the slippery prisoner, and has taken every precaution to prevent the carrying out of the suspected plot.

LA GRIPPE EPIDEMIC IN EASTERN OREGON

(Special Dispatch to The Journal.)
Pendleton, Or., Jan. 30.—It is estimated by physicians that there are 1,500 cases of la grippe in Umatilla county at this time, 500 of that number being in this city. An epidemic of the disease is going over eastern Oregon, and while there have been no deaths from it, yet many people are suffering from it. Practically all of the drug stores in the towns of the county are cold and "grip" remedies.

RIGHT Tell If You Know a Good Thing.

When a man finds the true food value of a preparation like Grape-Nuts, it is no more than neighborly, to tell it to others.
"I should feel responsible, to a degree," writes an Ohio man, "for much human suffering were I to withhold from others the knowledge of the benefits I have personally derived from the use of Grape-Nuts as an article of food."
"Two years ago I began to feel a general tendency to collapse—had frequent bilious attacks, was troubled with constipation and vertigo, also with blood to the head, causing temporary blindness.
"Liver and stomach in bad condition, appetite and sleep became very irregular, memory began to slip away, legs became shaky and I found it necessary to use both hands in drinking from a cup."
"Previous to this time I was in the habit of eating all I wanted of whatever was set before me. When the trouble came, I tried medicine without help, but I gradually grew so weak I had to give up a lucrative government position."
"Whatever I ate disagreed with me, until my wife began feeding me with Grape-Nuts. At first I ate a few, then gradually increased the amount as my appetite demanded. For many months I have virtually lived on Grape-Nuts, fruits and Postum."
"The result is gratifying in the extreme. None of my former difficulties trouble me now. In eating, sleeping, action of bowels and kidneys, everything goes like clock work—no dizzy spells, no constipation of brain, no lack of memory, no trembling of limbs.
"I weigh more than for years (I am 63) and enjoy long walks which were formerly impossible. I thank Grape-Nuts and Postum." There's a Reason.

The Knock-out Blow.

The blow which knocked out Corbett was a revelation to the prize fighters. From the earliest days of the ring the knock-out blow was aimed for the jaw, the temple or the jugular vein. Stomach punches were thrown in to worry and weary the fighter, but if a scientific man had told one of the old fighters that the most vulnerable spot was the region of the stomach, he'd have laughed at him for an ignoramus. Dr. Pierce is bringing hope to the public a parallel fact; that the stomach is the most vulnerable organ out of the prize ring as well as in it. We protect the throat, the chest, the feet and lungs, but the stomach we are utterly indifferent to, until disease finds the solar plexus and knocks us out. Make your stomach sound and strong by the use of Dr. Pierce's Golden Medical Discovery, and you protect yourself in your most vulnerable spot. "Golden Medical Discovery" cures "weak stomach," indigestion, or dyspepsia, torpid liver, bad, thin and impure blood and other diseases of the organs of digestion and nutrition.

The "Golden Medical Discovery" has a specific curative effect upon all mucous surfaces and hence cures catarrh, no matter where located or what stage it may have reached. In Nasal Catarrh it is well to cleanse the passages with Dr. Sage's Catarrh Remedy fluid while using the "Discovery" as a constitutional remedy. Why the "Golden Medical Discovery" cures catarrhal diseases, as of the stomach, bowels, bladder and other pelvic organs will be plain to you if you will read a booklet of extracts from the writings of eminent medical authorities, endorsing its ingredients and explaining their curative properties. It is mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y. This booklet gives all the ingredients entering into Dr. Pierce's medicines from which it will be seen that they contain not a drop of alcohol, pure, triple-refined glycerine being used instead. Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 cent stamps, or cloth-bound for 31 stamps. Address Dr. Pierce as above.

EVERY EFFORT TO LOCATE MISSING GIRL BAFFLED

Pearl Anderson, aged 16 years, who lived with her parents at 487 Davis street, left home last Friday afternoon. Every effort upon the part of her father and the police to find her has been fruitless. Her father is James A. Anderson. The family is at a loss to account for the mysterious disappearance of the young girl and can give no reason for her prolonged absence.

Pearl Anderson.

When she left about 2 o'clock in the afternoon it was for the purpose of buying some fish at a nearby market. She said she was coming right back but nothing has been seen of her since. She wore a black skirt, a red coat and a brown feathered hat. She also wore glasses.

MAY BUILD PAPER MILL AT PENDLETON

Advance of Prices Attracts Wisconsin Man to Eastern Oregon City.
(Special Dispatch to The Journal.)
Pendleton, Or., Jan. 30.—The enormous advance in the prices of all kinds of paper within the past few months has induced paper manufacturing companies to look for new fields for the establishment of paper mills and this week W. E. Grout of Wisconsin, representative of a large paper manufacturing company of that state, is looking over the country in the vicinity of Pendleton with a view to establishing a branch manufactory here.

NEW BRICK BLOCK FOR KLAMATH FALLS

(Special Dispatch to The Journal.)
Klamath Falls, Or., Jan. 30.—There will be a brick block erected on Main street on the site of the recent fire that destroyed L. Alva Lewis' jewelry store, and K. Taylor's barber shop.
Mr. Taylor and Mr. Van Valkenburg, the owners of the lot, will combine and build a handsome block. They will commence operations as soon as the fire insurance adjustors finish their work. They are now considering plans and specifications.

PRISONER ATTEMPTS TO END HIS LIFE

Spokane, Wash., Jan. 30.—Because he was locked in the city jail against his wishes, Dan Sullivan, a conductor on the Northern Pacific, today attempted suicide by butting his brains out on the iron bars. He was found in a pitiable condition but the doctor says he may survive.

Washington, Jan. 30.—Having reached the age limit for active service, Rear Admiral Leavitt C. Logan was placed on the retired list of the navy today. Rear Admiral Logan recently has been in command of the navy yard at Pensacola.

MORE TROOPS FOR PACIFIC

War Department Will Make Land Showing Equal to That on Sea.

(United Press Leased Wire.)
San Francisco, Cal., Jan. 30.—Beside the naval preparations for the coming of Admiral Evans' monster fleet of battleships it has been learned there are certain military preparations under way for the reception, evidently, of large additions to the troops now stationed at the several army posts along the Pacific coast.
From what can be learned among the departmental officers stationed at the Presidio and Fort Mason, it appears to be the intention of the war department to give San Francisco the treatment of a military post on land corresponding to the promised naval presence in the waters of the bay. It long has been felt in army circles that so sudden and gigantic an increase in the naval strength of the Pacific coast as that impending this spring, should be balanced by a corresponding increase in San Francisco's military strength. It is only to put the military commanders of California and the Pacific division on an equal footing of dignity with the naval commanders.
Apart from this, it is felt by the army authorities that there will be need of many more troops to keep pace with the navy and the marine corps in the coming military show and reviews which are bound to be held as soon as Admiral Evans' fleet is welcomed into San Francisco bay. From what can be gathered at the Presidio it appears that the promised troops are expected to come from Fort Crook, Fort Leavenworth and Fort Russell.

HALL GOOD WITNESS

(Continued from Page One.)
information from Putnam or any of the others, the witness said, and had then turned the matter over to Special Agent Loomis, as he should have done in the first place had he followed the custom and practices of the office.
The case then went to trial until the time Dixon made the investigation and report upon which he had prepared and filed a civil suit.

Told Steiner Fences Were Illegal.
Hall said he knew Steiner and that Steiner called upon him at his office to discuss the case. He had told Hall that the complaints against him were made by enemies and for spite and that he was trying to back up the case. He told Steiner that fences on private land surrounding government lands were illegal and would have to come down at once.
He did not remember that he had told Steiner that he would dismiss the case if the fences were taken down, then he was trying to back up the cases as made out by Special Agent Dixon. He remembered that Steiner wanted to present affidavits from residents of the matter showing that the fences had been taken down but said he had not considered the offer.

Was Personal Fight.

Passing on to the Burke-Goslin case as brought up by the government, Hall said he remembered having filed the case. He said a man had made complaint to him that Burke and Goslin were taking men to Oregon City to file on land which they had never seen and that after an investigation he had arrested the men and given them a hearing before United States Commissioner Deady, when they were bound over to the grand jury and put under bonds.
After the indictment had been found Hall said he had discussed the case with Fulton, who had told him it was a quarrel between Hammond and the Northern Pacific. Hall said he then lost some interest in the case because he did not care to fight the battles of either A. B. Hammond or the Northern Pacific and had a report of the matter to Binger Hermann, then commissioner of the land office at Washington.

FOR CONSUMPTIVES

A specialist of noted Eastern clinics gives the following formula as the best-known formula for consumption:
Mix two ounces of glycerine with eight ounces of good whiskey and add one half ounce of Concentrated oil of pine. Take a teaspoonful or a tablespoonful every four hours.
Care should be taken to get the real Concentrated oil of pine, which comes only in one half ounce vials sealed in tin screw-top cases. The bulk oils and imitations often put out in wooden boxes are to be avoided.
The ingredients can be procured at any drug store. The above formula will also cure bad coughs and colds very quickly.

Bronchial Trouble Cured

MRS. R. M. DAVIDSON.

Mrs. R. M. Davidson of Bloomington, Illinois, has been cured of Bronchial trouble by Duffy's Pure Malt Whiskey.
Mrs. Davidson is loud in her praise of Duffy's Pure Malt Whiskey for the good it has done her, and calls it a life saver.

In a recent letter Mrs. Davidson wrote:
"I can say that Duffy's Malt Whiskey has done me a great deal of good. My trouble is bronchial, and since I began taking Duffy's Pure Malt Whiskey a few months ago, I have wonderfully improved, and know at the same rate of improvement I shall be an entirely well woman in a very short time. I note a gain every day. I recommend Duffy's Pure Malt Whiskey as a life saver."
Thousands of unsolicited letters of gratitude like this of Mrs. Davidson are received from grateful patients who are anxious to extol the merits of this great life saver—Duffy's Pure Malt Whiskey.

Duffy's Pure Malt Whiskey

is an absolutely pure distillation of malted grain; great care being used to have every kernel thoroughly malted, thus destroying the germ and producing a predigested liquid food in the form of a malt essence, which is the most effective tonic stimulant and invigorator known to science; softened by warmth and moisture its palatability and freedom from injurious substances render it so that it can be retained by the most sensitive stomach.

If you wish to keep young, strong and vigorous and have on your cheeks the glow of perfect health, take Duffy's Pure Malt Whiskey regularly, according to directions. It tones and strengthens the heart action and purifies the entire system. It is recognized as a medicine everywhere.

CAUTION—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey be sure you get the genuine. It's the only absolutely pure medicinal malt whiskey and is sold in sealed bottles only; never in bulk. Price \$1.00. Look for the trade-mark, the "Old Chemist," on the label, and make sure the seal over the cork is unbroken. Illustrated medical booklet and doctor's advice free. Duffy Malt Whiskey Co., Rochester, N. Y.

The witness said that he had felt that he had been jobbed in bringing the suit by those who wanted him to use his office to help out a private scheme to acquire land or block opponents from securing it. Feeling this way he had written to Hermann for instructions, laying the matter before the commissioner in full. He had finally dismissed the case on the authority of the attorney-general.

Judge Webster, counsel for Mr. Hall, announced just before the opening of the afternoon session of court that he would in all probability finish his direct examination of Mr. Hall before the adjournment. It is probable that Mr. Heney will spend a day cross-examining the defendant. It is the intention of the defense to call Edwin M. Mays

to the stand for a short time, after which the case for Mr. Hall will be closed. Mr. Heney will not say whether he intends to offer any witnesses in rebuttal, but it is believed that the arguments will be begun by Saturday noon at the latest, and perhaps by Saturday morning. It is not believed possible, therefore, that the case can be sent to the jury before Monday.
