SPORTS OF THE DAY

NEIL AND ATTELL MILL ON TONIGHT

Featherweights Will Enter Ring at 122 Pounds, Exact —No Referee Chosen.

San Francisco, Jan. 31.—The Neil-Attell fight is a certainty tonight.

Peace was restored in the house of the Neils and Papa Jim admitted that he was unduly exercised over the condition of his son Frankie. Inasmuch as Frankie himself had stated that the fight would go ahead the added word of his father merely served to clear the situation.

The club officials were after this corroboration, however, in order that they might assure the general public that there is no question but that the contest will be held.

Young Neil was at his training quarters yesterday and did a little gymnasium work and his trainers pronounce him in good shape. His weight was around the 122 mark, and while there has been no question but that both he and Attell could make the stipulated weight with ease, Frankie makes the announcement that he will be just a trifle under 122 pounds when he goes into the ring.

Attell, whose hard work was concluded the first of the week, will also scale under 122 pounds.

No referee has been selected. Sam Berger, to whom the job was passed after it was refused by Jack Welch, likewise turned down the proposition and the third man in the ring will be named this evening.

According to plans of the club the preliminary ten round fight between Kid Scaler and Johnny Murphy will commence at 8:45 o'clock.

Betting was practically a minus quantity last night, although the odds of 10 to 4 were still maintained.

MURPHY'S STROKE TO BE KEPT IN SERVICE

Cardinal Crews Are Hard at Work With Their Veteran Trainer Still in Hospital.

Stanford University, Cal., Jan. 31.—Lake Lagunita is rapidly filling and by the end of the week will be full enough to allow the use of the boats, which have been transferred here from the Redwood city boathouse. Eight rowing machines have been installed in the boathouse and more have been ordered.

Coach Murphy is still in a weak condition and may not be able to see his men until late in the season. Should this be so, Coach Garnett of the University of California may find his crew pitted against a competitor trained by Stanford undergraduates, for Stanford is determined that the good work of Murphy shall not be lost and intend to keep his stroke intact and build men up for "Dan" to work with next year.

The faculty committees of the two universities have passed a resolution to the effect that beginning next year university teams will be allowed to compete only with teams strictly amateur or openly professional.

In baseball this means that Santa Clara, St. Vincent's and St. Mary's colleges will hereafter have to follow the usual regulations in regard to amateur standing. It also means that the collegians will be better protected if they hold cards in the P. A. A., but no recommendation of that sort was made.

Captain Fenton tried out his men in their first game Tuesday afternoon against Captain Ireland's Independents. Notwithstanding the slippery condition of the diamond it was a fair game and much amusement was occasioned by Ireland's usual antics. This is the sixteenth consecutive year that Ireland has gathered together his "Independents" and this year he claims to have the best lineup ever. His lineup was as follows: Schimpf, pitcher; Bliss, catcher; Kennedy, first base; Stultz, second base; Devereaux, third base; McKune, shortstop; Heitmeuller, left field; Williams, center field, and Ireland, right field.

FAIR MAIDS OF MONROE WILL RALLY TO PROTECT OREGON FROM THE JAPS

The ladies, God bless 'em.

Like a thunderbolt out of a clear sky comes the veiled announcement from Monroe, Oregon, that the fair maids of that section have thrown

down the gauntlet to the mikado and his Asiatic hordes. Mere man has been shelved, leap year parties, with their excellent matrimonial chances, postponed and milkstools deserted. Afternoon teas (they are quite a fad in Monroe) have buzzed with the latest war talk and the movements of the fleet have been studied with all the concern of the admiralty board.

Woe be upon the witless Jap caught photographing the approaches to Monroe or sketching the pumphouse and lay of the water mains of that thriving city.

Monroe's amazons (advisedly used in the heroic sense) are going Clara Barton one better. Clara only succored, but they intend to fight, so parties arriving from that neighborhood have confided to their intimate friends. Uncle Sam will have a band of valiant supporters and should masculine Oregon hesitate to engage in the honorable calling of stopping bullets, these ardent patriots will rally 'round the flag and shoot till their ammunition runs out. After that—well the little brown men are expected to have some gallantry.

But here is the dispatch from Monroe:

Monroe, Or., Jan. 31.—The young ladies of Monroe and vicinity are organizing a rod and gun club, for the purpose of mutual enjoyment and a possible object of helping Uncle Sam, should a bunch of Japanese soldiers invade this part of the United States.

One meet has already been held to ascertain whether the fair contestants had any chance whatever to hit the target, and the girls were very much surprised to find that it could be done.

Miss Eva Baker made the largest score, getting 25 out of a possible 26.

Another meet will be held soon when the organization will be completed.

WHITMAN FIVE MAKES FINE BASKET RECORD

Missionaries Capture Four Out of Six Games on Inland Trip.

(Special Dispatch to The Journal.)

Whitman College, Walla Walla, Wash., Jan. 31.—With a record of four victories out of six games played the Whitman college basketball team returned yesterday afternoon from its week's tour of the northern part of the state. It won two of the three intercollegiate games played. The first game with W. S. C. at Pullman was lost, 23 to 16. The second Whitman won, 19 to 18, in the most exciting game ever witnessed in Pullman. The third and deciding game will be played in Walla Walla in the near future.

At Moscow Whitman defeated the fast University of Idaho team, 31 to 26. At Spokane the team of company H, N. G. W., defeated the college team, 37 to 27. The floor was very slippery and to this fact the Whitman boys attribute their defeat. Gonzaga college in Spokane was beaten, 26 to 15, and the Cheney Normal school, 25 to 13.

Games are yet to be played in Walla Walla with University of Oregon, University of Idaho and W. S. C.. All will take place in February.

SPORTING NOTES

Local and Otherwise.

Trampfast, 2:12½, the sensational Kentucky horse, which won the world's championship for colts of his age, 3 years, in a race, was sold the other day to L. E. Brown of Delaven, Illinois, for $16,000. This is the highest price paid in recent years for a trotting animal. The highest price ever paid for a trotter occurred when J. Malcolm Forbes bought Arion for $125,000.

• •

Coach George Presley of Stanford university, who has been ill in a Vancouver hospital since the holidays, passed through Portland yesterday en route to Palo Alto. Presley has fully recovered from his operation for appendicitis, and will resume charge of the Cardinal athletic teams as soon as he reaches the varsity campus.

• •

While in Oregon last week G. B. Dennis of Spokane bought a fine pedigreed Scotch collie, which is a grand nephew of Wishaw Clover, the noted collie for which J. Pierpont Morgan paid $10,000. The dog bought by Mr. Dennis is from the Oregon Scotch Collie kennels. The animal is 4 months old.

• •

Trap shooters will rally at Walla Walla May 12, 13 and 14, for the annual northwest shotgun tournament. Local experts will be present in considerable numbers. State meets will be held this year in one of the Montana cities, Boise and Salt Lake City.

• •

Montgomery and Clamor, which ran first and second in the Burns handicap, will met again at Los Angeles tomorrow in the California Derby. Both horses are said to be in good condition, and the race for the richest stake in the south promises to be as interesting as the classic event of the north of California.

Oregon Wins Two Games.

Two games were won by the Oregon pin knights at the Oregon alleys last night from the White River five. The first game was very close, White River winning by three points. The result:

Russian Lion Throws Rogers.

(United Press Leased Wire.)

London, Jan. 31.—George Hackenschmidt had no trouble in defeating Joe Rogers, an American wrestler, last night, getting two consecutive falls, the first in 7:45 and the second in 6:45. Catch as catch can was the style, and the Russian lion made Rogers look like a boy at the game.

WOODEN SPOON GOES TO ONE SOCCER TEAM

Crescents and Hornets Will Line Up for the Final Game Tomorrow.

Tomorrow afternoon at 3 o'clock the Crescents and Hornets of the city soccer football league will line up on the processional baseball grounds, Twenty-fourth and Vaughn streets, to determine which shall possess the wooden spoon, which goes to the cellar team. Both teams are very evenly matched and the game should prove an exciting one, inasmuch as it will be the last game of the league series.

The following Saturday the champion Columbias will meet a picked eleven from the Hornets and Crescents in a post season series. Much interest is being evinced in the coming contest between the Crescents and Hornets and there will probably be a large crowd in attendance at the contest.

GREAT RACING IN THE NORTHWEST

Coast Horsemen Plan Season of Summer Racing—Easterners May Participate.

San Francisco, Jan. 31.—If the fates close down racing about the New York tracks next summer a man with a good horse may find money and action out here on the Pacific slope.

After many years of promotion and suggestion the Northern Pacific Coast Racing circuit has come into existence, for at an informal conference of turf magnates from Spokane, Tacoma, Seattle, Washington, Vancouver, British Columbia, Petaluma, California, Butte and Anaconda, Montana, in this city during the evening hours after the running of the Burns handicap, a well-defined and systematically organized plan for a succession of race meetings at the above points through the summer months was agreed upon.

No dates have been scheduled as yet, but in due season the Pacific Coast Jockey club, the governing force in turf affairs on the west side of the Rocky mountains, will allot dates and appoint its corps of stewards. It is now proposed to give consecutive meetings from May 22, next, when Petaluma opens up, to October 22, next, when Butte or Seattle brings the game to a close.

It is proposed to give $350 over-night purses and $900 handicaps. A new track costing $65,000, and a completely reorganized jockey club will be established at Vancouver, British Columbia, by Canadian and American sportsmen, while Harry Green and a syndicate of capitalists are anxious to go immediately ahead with the construction of an up-to-date mile track at Spokane, Washington.

A new course is sure to come at Seattle, too, where H. J. Miller, H. L. McIntyre and other of the circuit promoters say a great game is possible. Harry Stover has a neat plant at Petaluma, about an hour's ride from San Francisco, California.

H. I. Wilson is the man behind the gun at Butte and Anaconda. According to many horsemen who have looked over the scheme the thing is going to be a go. It will be possible for an owner of thoroughbreds to find racing in California and the northwestern Pacific states from one end of the year to the other.

There were many owners who remained on the Pacific coast all last summer and made the "jungle" circuit. They found a summer Paradise in Seattle, Butte and in Canada, with plenty of money and a popular enthusiasm for racing at every point they touched. This year the game will be much more pretentious and much better organized.

While the turf is threatened in its stronghold in the Empire state of New York, still a grand, new territory is about to be opened up to thoroughbred conquest, which will help to make up for loss of ground in the middle west and metropolitan east.

From present indications racing at Oakland, California, will run until the late days of next May. Last year the game was continued up to June 22. In 1908-1909, the new California Jockey club will race at Tan Foran. That much has been virtually decided upon. Owing to recent hostile legislative enactment in Colorado, Denver is shut out to the runners. There'll be no further racing at Overland Park for some time to come.

BUY REVOLVERS FOR BENEDICTS

International Congress of Bachelors to Aid Men to Escape Matrimony.

(United Press Leased Wire.)

Rome, Jan. 31.—At Padua the fifth national congress of bachelors and husbands separated from their wives has just been held. Two hundred and seventy of the 400 members were present from Italy and the United States. The congress devoted the greater part of its time to the discussion of the propagation of theories favoring celibacy. The president is a lawyer of the very appropriate name of Scapoli, (i. e. bachelors.)

After amusing speeches a resolution was carried to start a salvation fund for members conceiving the idea of marriage. The president announced that out of this fund he would send 10 lire to any such member in order that the intending benedict might buy a revolver with which to commit suicide. The society also undertakes to attend to the funeral of the member who thus carries out the tenets of the society and escapes matrimony.

MILTON SENDS FINE APPLES TO DISPLAY

(Special Dispatch to The Journal.)

Milton, Or., Jan. 31.—Some of the choicest displays of winter apples seen at the Northwest Horticultural association meeting at Walla Walla this week are from the Milton-Freewater fruit district. While the famous orchards of North Yakima and Wenatchee have contributed largely to the display, yet the irrigated district surrounding this place is equally well represented, and leads in the display of many varieties.

For many years Milton has marketed much of her fruit through Walla Walla commission houses under the Walla Walla label but the coming of the traction line to this locality has enabled the growers of this district to market their fruit independently and hereafter most of the product will be sold under the Milton label.

"The Man Who Hesitates Is Lost"

There is a common practice among specialists and other physicians to ascribe cases of Lost Vitality to lack of nerve force, and to treat them as such with Tonics, Electricity and Stimulants, resulting in but temporary benefit—or none at all. Beware of such treatments. They not only WILL NOT CURE you, but CERTAIN harmful reaction is sure to follow their use. They never fail to leave you in a far worse condition than they found you.

Every day there come to me men who have been nearly ruined by such treatments. Had these same men come to me in the first place I could have cured them in one fourth to one half the time required after they had been poisoned with powerful drugs, or victimized and rendered nearly incurable by "Cheap" treatments, Tonic Dopes, Electric Belts, or some other worthless makeshifts.

Never was the old saying, "He Who Hesitates is Lost," more aptly illustrated than in the case of the man who suffers from WEAKNESS, VARICOCELE, a CONTRACTED DISORDER or CONTAGIOUS BLOOD DISEASE, and who neglects to have his ailment treated.

DR. TAYLOR, The Leading Specialist.

My Fee Is Only $10 In Any Uncomplicated Case

Choose the Right Specialist

The most important thing for you to do, if you are an ailing man, is to seek the services of THE RIGHT DOCTOR. Don't go to the first one you see, simply because he happens to be a physician. Choose the physician who makes a specialty of curing the kind of ailments from which YOU suffer. The ordinary medical man really knows but little about curing Diseases peculiar to men. He merely has a general knowledge of such diseases, because his practice is spread out over the whole range of diseases to which flesh is heir. He therefore knows a little about all diseases and not a great deal about any. If you should go to him he may conscientiously try to cure you, but not knowing HOW, he would have to experiment upon you. In brief, he is a medical "jack of all trades and master of none." Knowing these facts, would you want to trust your life in his hands? If your watch were to break or get out of order, you wouldn't take it to a machinist to have it repaired. No; you would know better. You would take it to the very best WATCHMAKER you could find. Then why should you not use the same kind of good, sound judgment when you need a doctor? Your health is certainly as important as your timepiece.

Make Haste to Seek Expert Treatment

Make haste to seek the services of the most skillful Specialist in Men's Diseases possible to you—the doctor who has a reputation for performing CURES. Don't put the matter off. Delay is dangerous. Every moment you are hesitating the disease is gaining greater headway and will be that much harder to cure. If you delay too long your condition will certainly pass beyond the power of human skill. Remember that your ailment will not cure itself.

Why My Methods Cure

Bear in mind that for twenty-five years I have made a specialty of the half dozen ailments peculiar to men. I do not dose the stomach with powerful drugs, as do other specialists; I have no electric belts or other trick-a-trap devices to sell you for a fat price—or any other price; neither have I any nostrums or tonics to work off on you for so much per; but I have developed a Direct-Method Treatment that will CURE ANY CASE of WEAKNESS in men. Instead of destroying the digestive and assimilative processes of the stomach and bowels by filling them up with drugs, I apply curative medicines DIRECTLY to the DISEASED REGION, and thus effect a CURE in a comparatively short time.

In any diseased condition Nature needs help. The right kind of medicine administered TO THE CENTER OF DISEASE will assist Nature in overcoming inflammation and congestion, strengthen and REVILTALIZE diseased tissues and soothe and heal, where barrels of drugs taken internally would merely impair the digestion, deplete the blood, weaken the vital functions and produce general havoc throughout the system.

I WILL GUARANTEE A CURE AND YOU NEED NOT PAY UNTIL YOU ARE WELL

MY MODERN and up-to-date methods will effect a certain and speedy cure of CONTRACTED DISORDERS, LOST STRENGTH, and all reflex ailments. HYDROCELE, and STRICTURE positively cured WITHOUT the KNIFE.

Specific Blood Poison

I cure this leprous disease complete. The system is thoroughly cleansed and every poisonous taint removed. The last symptom vanishes to appear no more, and all is accomplished by the use of harmless blood-cleansing remedies. Do not submit to the dangerous mineral dosing commonly indulged in. Such treatment merely obscures the symptoms.

Varicocele, Cured Without Cutting

The time was when every man with varicocele had no choice other than to allow the disease to go, undermining his power and health, or submit to a surgical operation. Now he can choose a thorough cure by painless treatment. I cure varicocele in one week, and it is seldom necessary that the patient be detained from his business even a single day. My method is original with myself, and is the only safe and successful treatment for varicocele ever devised.
