

SPORTS OF THE DAY

THE WINNING OF THE OREGON CUP

DR. KING'S NEW DISCOVERY FOR COUGHS AND COLDS

PREVENTS BRONCHITIS AND LUNG CONSUMPTION

OREGON STARS AT BIG BOSTON MEET

Smithson, Kelly and Glass Eligible to Compete in Tourney Tonight.

(Special Correspondence.)
(By Capt. Thomas B. Merry.)
Los Angeles, Cal., Jan. 28.—I have instituted comparison between the winning owners of race horses in France, England and America for the year just closed and find the following, after converting the French francs into English sovereigns:

In France.
M. Caillault.....\$25,110
M. Lieux.....23,225
Bar. E. Rothschild.....21,862
M. E. Vell-Picard.....15,098
M. M. Ephraim.....13,750
M. R. de Monbel.....12,750
M. Ed. Blanc.....12,712
Luc de Gramont.....11,740
M. J. de la Roche.....10,162
M. P. Aumont.....10,165

In England.
Mr. W. Hall Walker.....\$17,910
Mr. J. B. Joel.....15,803
Mr. W. B. Parfitt.....13,275
Lord Derby.....12,209
Mr. W. B. Parfitt.....11,523
Mr. W. B. Parfitt.....10,556
Mr. J. B. Joel.....10,162
Mr. P. Aumont.....10,165

Dead Commando Bank.
Mr. Keene's colt Collin, by Commando (dead), has something in excess of \$137,000 in purses and stakes to his credit, and the total amount credited to Commando for the year is \$261,665, the largest amount ever won in any one year in England.

four seasons and then died after a few hours' illness. Now then, who profited the most by the importation of Daresin—Mr. Hoggin or Mr. Keene? Commando's get had to their credit in 1906 about \$22,000 and this year they have won \$261,665, making over \$143,000 in two seasons with another batch to come on this next season as pronounced as it was in 1904 when Domino won \$180,000 for him. But where, I ask, would Mr. Keene have been without the greatest of all brown horses from the land of the kangaroo?

Do you know that I can see in this history of Daresin and the copied Daresin owners who imported him, a parallel to the good work of the late William Keene, of Portland. It was nearly 40 years since he and R. G. Reed also deceased, began the importation of shorthorn cattle to Oregon. Reed dropped out quite early in the game, his preference going largely to horses, but Mr. Ladd stuck bravely to the cattle, and I tell you that, when I was a writer on the Oregonian, between 1881 and 1885, a visit to "Broadmeads" was something that well repaid the visitor. How I used to love to get off at Reedyville, borrow a horse from "Red Lute," and ride over to Broadmeads, returning to Reedyville by 3:40 to catch the afternoon train into Portland. Oh, but those were the brightest and rosiest days of all.

Mr. Ladd Imported Cattle.
But Mr. Ladd did not stop at breeding for the block. The dairy never once wavered his present eye and, somewhat along about 1885 he imported into of Chamel Island cattle—Ayrshires, Jerseys and Guernseys—expressly for milking purposes. One of these Guernseys, but named as "Caspar," I deemed the handsomest thing of his kind that I had ever seen. About a year afterwards he met Mr. Caspar at the fair, on the state, and he told me much to my regret, that Caspar had gone insane and it had become necessary to destroy him.

Champion Compels Frankie's Seconds to Trow Up the Sponge in Thirteenth.

San Francisco, Feb. 1.—For thirteen rounds Abe Attell battered Frankie Neil around the ring here last night and when it was seen that the little fellow was no match for the Hebrew champion his seconds threw up the sponge, despite his protests.

During the first six rounds Neil was completely outclassed, seldom putting a glove on the champion. Attell rocked Neil's head with rights, lefts and upper cuts during the entire contest, but did not seem to have much punch to vanquish his groggy opponent.

The well known enemy of the two little fighters and their desire to eat each other up added a zest to the scrap, which was a second lacking in fights of recent date. Father Jim Neil is now convinced that the Attell fellow has the best right.

State Superintendent Rules in Interest of Proper School Equipment.
Balem, Or., Feb. 1.—State Superintendent Ackerman has rendered a number of important opinions affecting school officers. In one case he holds that when school district boundaries have been changed so as to necessitate a division of school property, if the respective boards of directors cannot agree within 10 days from the organization of the new districts or parts of districts, then the division is to be made by a board of arbitrators, consisting of the county school superintendent, who is ex-officio chairman, and two other members appointed by the respective boards.

Schools Must Be Equipped.
In reply to the question whether a school district board is required to furnish seats and desks for all the pupils in attendance upon the district school, provided there is money available for that purpose in the district treasury, and in the event of a failure to do so would be a misdemeanor or nonfeasance in office, he answers affirmatively and says: "Section 123, page 82, school laws of 1907, authorizes the board of directors to incur an indebtedness of the district for the purpose of building and repairing the schoolhouse, but does not indicate that the care of the schoolhouse is intrusted to the board of directors. Section 11, providing for change of school sites and removal of schoolhouses, indicates also that the board of directors is to exercise its judgment in the matter. Section 106 requires the board to provide suitable grounds as appurtenances for the school, and section 99 requires the board of directors to furnish their schools from the common school fund."

County Superintendent's Powers.
In the decision of another appeal of the department of education makes a ruling that enlarges the powers and duties of the county school superintendent, and that he can order changes in the ventilation, sanitation and even order better furniture and equipment for schoolhouses. This important ruling is as follows: "Section 44 requires the county school superintendent, among other things, to carefully observe the condition of the schoolhouse and surroundings, note all defects and notify the board of directors of the same. The section also requires the county superintendent to advise and consult with the board of directors relative to the construction, warming, ventilation and arrangement of schoolhouses, and for the general condition of schoolhouses and school sites."

Removal of Directors.
The superintendent would certainly not be required to consult with the board of directors on these subjects, unless the duty of the board to provide for these matters, and the consultation and suggestion and notification on the part of the school superintendent are intended to bring to the attention of the board any oversight or failure to provide the necessary appliances and apparatus for the school, which, however there are sufficient funds available for that purpose, is a failure to perform the duty of the board.

Section 138 provides for the removal from office of any director guilty of misfeasance or nonfeasance in office, and the duty of the board of directors of the board to provide these appliances would render any member of the board responsible for such failure or refusal to provide as provided in section 138 to be cited."

PENDELTON TRUMPHS OVER THE DALLES
(Special Dispatch to The Journal.)
The Dalles, Or., Feb. 1.—Outplayed in every department of the game, the basketball team of The Dalles high school went down to defeat at the hands of the Penelton high school here last evening. The score was 47 to 37.

THE DALLES POULTRY SHOW IN FEBRUARY
(Special Dispatch to The Journal.)
The Dalles, Or., Feb. 1.—At a meeting of the local poultry association it was decided to hold the annual show on Feb. 27 to 29, inclusive. President Phillips has appointed various committees to prepare for the event. The secretary was instructed to give the show wide publicity and to correspond with poultry fanciers to enlist their assistance in making the show a success. Pigeons will be among the entries.

VANCOUVER FRANCHISE IS BOUGHT BY DICKSON
Vancouver, B. C., Feb. 1.—A. R. Dickson has purchased the franchise of the Vancouver league and the Canadians will have another season of professional baseball. Dickson, it is said, has a manager already engaged and the work of collecting players will be started at once.

Allen Prep Captures First Game in League
At the Y. M. C. A. gymnasium yesterday afternoon, the Allen Preparatory school basketball team won the first athletic contest captured by that school in the two years it has been in the Intercollegiate league. The game was played with Hill Military academy, and the score was 39 to 21. Allen, who outclassed her opponents, and won handily. Broughton and Bates were the stars for Allen, and Hill played best for the cadets.

The two high schools, west side and east side, will clash in their third athletic contest this afternoon. West side won the last spring baseball game, 5 to 2, and the football game last fall, 12 to 5. If west side wins at basketball today, it will have made a clean sweep of the athletic series to date. East side is confident, however, that a good game is expected. The game will commence at 2:45 in the Y. M. C. A. gym.

Shoemaker's Poultry Book
AND ALKAMAC FOR 1908.
There is nothing in the world like it. It contains 224 large pages, handsomely illustrated. A number of most beautiful colored plates of fowls true to life.

Incubators and Brooders.
It gives full instructions for operating all kinds of incubators. This chapter is miserably complete and worth a dollar to anyone using an incubator. It gives descriptions and prices of Incubators, Brooders and all kinds of Poultry Supplies. It is an encyclopedia of chickening and will be mailed to anyone on receipt of only 15 cents. Your money returned if not pleased. C. R. Shoemaker, Box 1948, Prescott, Ariz.

FINISHES ON THREE TRACKS

Santa Anita Park.
Los Angeles, Feb. 1.—Santa Anita park results yesterday:
Six and One-Half Furlongs, Selling—Charlton won, F. E. Shaw second, Perry Wicks third. Time, 1:29 1/5.
Three Furlongs, Selling—Hammas won, Madeline Musgrave second, Bantel third. Time, 1:08 4/5.
Five and One-Half Furlongs, Selling—Inspector Bird won, Royal Queen second, Grindstone third. Time, 1:08 4/5.
Five and One-Half Furlongs, Selling—Sink Spring won, Hi Caul Cap second, Belasco third. Time, 2:01 1/5.
Five and One-Half Furlongs, Selling—E. Bernardino won, Eddy Fred second, Box Elder third. Time, 2:02.
Five Furlongs, Purse—L. W. Burt won, Hidden Hand second, Laudable third. Time, 1:01 1/5.

Races at Emeryville.
Oakland, Feb. 1.—Results yesterday:
Five and One-Half Furlongs, Selling—Sophomore won, San Gill second, Miss Charity third. Time, 1:11 2/5.
Three Furlongs, Purse—Ocean Maid won, El Paso second, Novgorod third. Time, 1:07 4/5.
Six Furlongs, Selling—Jockey Mounce won, Hal second, Bravoure third. Time, 1:11.
Five Furlongs, Selling—Royal Queen second, Grindstone third. Time, 1:08 4/5.
Five and One-Half Furlongs, Selling—E. Bernardino won, Eddy Fred second, Box Elder third. Time, 2:02.
Five Furlongs, Purse—L. W. Burt won, Hidden Hand second, Laudable third. Time, 1:01 1/5.

Results at New Orleans.
New Orleans, Feb. 1.—City park results yesterday:
Three Furlongs—Hammock Boy won, Craftsman second, Dispute third. Time, 1:07 3/5.
Five Furlongs—Gratuit won, Donald second, Bobbin' Around third. Time, 1:04 1/5.
Five Furlongs—Stone Man won, Ethel Carr second, Bounding Elk third. Time, 1:03 4/5.
Five Furlongs—Red Gauntlet won, Plantand second, First Premium third. Time, 1:04 1/5.
Seven Furlongs—Ketchemike won, Thos. Calhoun second, Rural Boy third. Time, 1:17.
Six Furlongs—Royal Onyx won, Avanteur second, Chief Hayes third. Time, 1:17.
Five and One-Half Furlongs—Adesso won, Warner Crawford second, Flavinny third. Time, 1:04 3/5.

Daresin Enriched Hoggin.
Daresin died in 1903, at the age of 22 years. During the 13 years that he was in California, he won \$350,000 worth of colts and fillies from him, nearly all of them good as performers but not one of them great.

One of his daughters was Emma C. out of Guen by Flood from Glendev by Glengary. This filly was sold to James R. Keene at auction, as a yearling, for \$1,775. She won several races at three years old and broke down at four, at which time she was sold to Domino. The produce was Commando, who won something in excess of \$34,000 up to the time he broke down in June, 1901, and was then retired to the stud. He made

Autos Will Carry Tourists to Lake
Klamath Falls Will Get Motor Line Connecting With Railroad at Bray.

(Special Dispatch to The Journal.)
Klamath Falls, Or., Feb. 1.—Klamath Falls is to have an automobile line this summer to connect with the railroad. W. M. Hodson and trustee D. A. Medford, representing the Hodson Auto company, are in this city and have decided to put a line of automobiles from Bray to Klamath Falls, and possibly extend it to Crater Lake, for the accommodation of summer tourists. They propose putting on three or four Buick five-passenger touring cars, with more later as the business increases. It is understood also that the Holcomb Realty company of Oakland will send up a large White steamer this year for use by its office here.

Laidlaw Chosen to Lead Driving Club
W. S. Laidlaw was elected president of the Riverside Driving club at its annual meeting last night to succeed Dr. Emmett Drake. Mr. Rosenblatt, who has been treasurer of the association for the past 18 years, refused to permit his name to be balloted upon again and was tendered a vote of thanks by the club.

Incubators and Brooders.
It gives full instructions for operating all kinds of incubators. This chapter is miserably complete and worth a dollar to anyone using an incubator. It gives descriptions and prices of Incubators, Brooders and all kinds of Poultry Supplies. It is an encyclopedia of chickening and will be mailed to anyone on receipt of only 15 cents. Your money returned if not pleased. C. R. Shoemaker, Box 1948, Prescott, Ariz.

Works Wonders
A Wonderful Compound—Cures Piles, Eczema, Skin Itching, Skin Eruptions, Cuts and Bruises.
Doan's Ointment is the best skin treatment, and the cheapest, because so little is required to cure. It cures piles after years of torture. It cures obstinate cases of eczema. It cures all skin itching. It cures skin eruptions. It heals cuts, bruises, scratches and abrasions without leaving a scar. It cures permanently. Portland testimony proves it.

Why Drugs Don't Build Health
You can't get health from health pills; no sane person could expect to. Yet thousands of people are doped with drugs that do not build health. You would take something that would do you good, but you would get well and stay well. Instead of doing that you would get a stomach ache with a lot of other things. You would get well and stay well. Instead of doing that you would get a stomach ache with a lot of other things.

PREVENTS BRONCHITIS AND LUNG CONSUMPTION

SPORTING NOTES

Local and Otherwise.
Monroe, Louisiana, has taken the place of Mobile in the Cotton States League.

Ted Sullivan, the genial baseball veteran, has written a play called "Ole Virginny."

War Eagle appears to be about as good a wrestler as Bill Squires is a fighter.

John Ganzel will receive a bonus if the Cincinnati team finishes one, two, three.

Bill Papke has started training and will not fight again until he meets Hugo Kelly.

The Southern league will have three Sunday ball towns this season, New Orleans, Memphis and Mobile.

Zoyaco and Poudubny are supposed to be the greatest wrestlers in Europe. If names count for anything they should be hard nuts to crack.

The Canadian boxing championships will be held in Toronto under the direct control of the Canadian Amateur Athletic union.

Billy Nelson, former manager of Battling Nolan, says the Dane is \$25,000 poorer than he was a year ago, due to bad investments in mines and other enterprises.

Frank Selee has called off the Denver dog and says that George Tebeau's price of \$20,000 for his team is out of all proportion to the real value.

Manager Fred Clark of the Pittsburgh team has cancelled the game booked for Feb. 13 at Kansas City. Fred doesn't like to chance a hoodoo so early in the season.

President Al Lawson of the new Union league expects to complete his circuit within a few days. Philadelphia, Baltimore, Paterson, Reading and Wilmington comprise the circuit to date.

Young ball players should not feel discouraged at beginning on a small scale. John McGraw started his career at 15 per cent. Babe Ruth worked for eight seventy-fives, and John Cantillon once traded a player for a bull pup.

The Women's Whist league, which comprises 100 clubs scattered from Maine to Texas, will hold its 1908 meeting and tournament in Detroit the first of May. The league has a total membership of about 2,000 players.

President O'Brien has signed Clarence D. Owens of Chicago to umpire in the American association in the coming season. Umpire Owens worked in the association in 1906 and 1907 and last year was in the Eastern League.

The Benning meet of the Washington Jockey club will, as usual, start the ball in the racing game in the east. The spring meeting there will begin March 23 and continue 14 days.

The two ball players who are expected to make the highest scores in the American bowling tournament, opening at Cincinnati next Saturday, are Adonis Terry and Kip Selbach.

Albina Athletic club basketball team will play the Red Cross team of the Albina Oregon Medical college at Albina next Tuesday night. The game will be held in Albina. During the past four years the Albina boys have lost but two games with junior teams.

CERTAIN SCHOOL LAWS CONSTRUED

State Superintendent Rules in Interest of Proper School Equipment.

Three Shows Going at Grants Pass
Poultry Raisers, Horticulturists and Angora Goat Men All Gathered—Fine and Large Exhibits.

(Special Dispatch to The Journal.)
Grants Pass, Or., Feb. 1.—The first annual Rogue River valley poultry show opened in this city Thursday and will continue until tonight. The exhibit of birds is the best ever seen in southern Oregon. Poultrymen are present with exhibits from both Josephine and Jackson counties. Several hundred birds, including standard and fancy breeds are being shown. Professor Dryden of the Oregon Agricultural college has charge of the show.

The Rogue River Valley Horticultural association is meeting in conjunction with the poultry raisers, as is also the Josephine County Angora Goat Raisers' association.

Sheep Must Eat at Second Table
Umatilla Sheepmen Wrath Over Action of Forest Supervisor.

(Special Dispatch to The Journal.)
Pendleton, Feb. 1.—Umatilla county sheepmen who use the west side of the Blue mountains in the Wenaha range as summer range are highly indignant over the action of Supervisor J. H. Schmitz of the Umatilla county cattlemen to graze on the west side early in the spring before allowing the sheep upon their summer ranges.

On request of the Union County Stockgrowers' association, Mr. Schmitz has given permission for Union county cattle which, as held by the sheepmen, have no real rights on the west side of the mountains to graze on the west side from April 1 to May 15, when they will be moved back to the east side, and the mountains to graze on the west side from May 15 to June 10, when Umatilla county sheepmen will be allowed to enter the west side of the mountains.

Umatilla sheepmen claim that this early grazing of their ranges by Union county cattle will greatly deplete the range for summer use, and a vigorous protest is being made to Supervisor Schmitz against permitting the early use of the range by outside cattle.
