

OFFICIAL CALL FOR CONVENTION

Prohibits' National Committee Fixes Oregon's Representative Meet July 15.

Chicago, Feb. 5.—Official call for the national prohibition convention to be held at Columbus, Ohio, July 15, has been sent out by the national committee. The basis of representation has been fixed by the committee as follows: First—Each state and territory is entitled to four delegates-at-large.

Second—Each state is entitled to an additional delegate for every 200 votes, or major fraction thereof, cast for Dr. Charles C. Swallow, president in 1904. Third—The District of Columbia is entitled to two delegates.

LIVED IN OREGON IN EARLY TIMES

Chancy Sager, pioneer, died at his home at Lents, Oregon, January 18, aged 89 years. He was the son of James Henry Sager and Levia Haines Sager.

Robbery at Salem. Salem, Feb. 5.—The residence of Dr. C. H. Robertson was robbed last night. The robber entered the family sleeping room and removed \$30 in cash and a gold watch and jewelry worth about \$500.

Fishermen File Argument.

Salem, Or., Feb. 5.—H. M. Lornsen, secretary of the Fishermen's union, filed arguments for the lower river initiative bill prohibiting all fishing for salmon, except with hook and line, above Tidewater.

Ivory Soap appeals to rich and poor alike.

The millionaire's wife buys it because she knows there is nothing better at any price; the mechanic's wife, because she knows there is nothing so good at the same price.

WORK ON BIGGEST BRIDGE OF N. P.

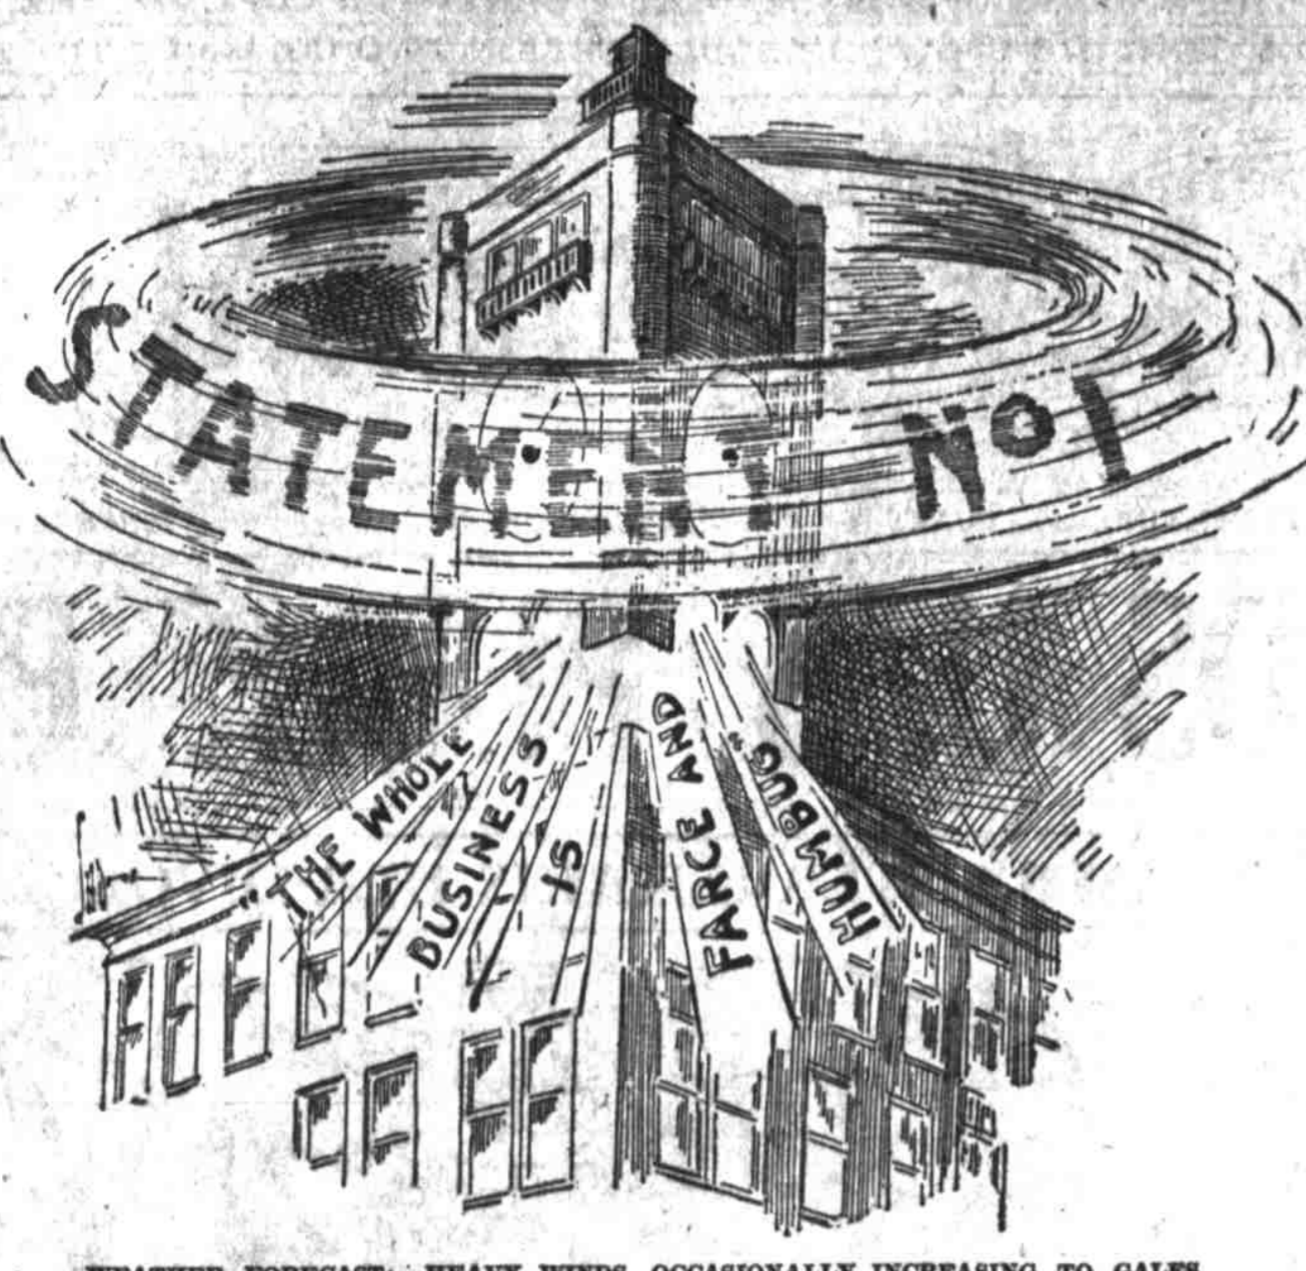

(Special Dispatch to The Journal.) Lawyer's Canyon, Ida., Feb. 5.—The first trainload of steel for the big bridge at this place has arrived. This will be the largest bridge on the entire Northern Pacific system.

GOOD PROGRESS IN DEVELOPING MINE

(Special Dispatch to The Journal.) North Powder, Or., Feb. 5.—At the regular annual meeting of the Oregon Copper Mining & Power company the following officers were elected: Directors, H. F. Campbell, Chris Peterson, J. E. Lembar, E. G. Bailey and George W. Hansen; president, H. F. Campbell; secretary, J. E. Lembar; treasurer, E. G. Bailey.

Republican Candidates.

Salem, Feb. 5.—Clyde B. Atchison of Portland for railroad; James Kinney of the Second district; W. Commissioner of the legislature, making no party and food commissioner, and W. P. Myers of Ladlow for district attorney. Seventh district, all Republicans, filed petitions today.

BAKER BACK LOADED WITH VITAL STATISTICS

George L. Baker, councilman, theatre manager, traveler and a man who does and sees things wherever he goes, returned to Portland this morning after a month's absence, during which time he has visited Denver, Los Angeles, San Francisco and other cities and towns in the theatrical circuit to which business took him.

COUNCILMAN FINDS PORTLAND BEHIND COAST CITIES IN OWNING WATERFRONT.

Portland and Sacramento are the only cities on the Pacific coast which do not own a part of their waterfront privileges, Mr. Baker said this morning. "From talking with men in the shipping business within the last few days, who carried a large amount of information and details most interesting with reference to the public ownership of the docks and wharves of seaport cities, Mr. Baker is particularly interested in this question, which is now one of the chief features of a discussion going on among the city fathers, citizens and shipping men and others who have interested themselves because Portland itself does not control a large extent of the larger wharves along the waterfront."

MILINERY STYLES FOR 1908.

Prominent new shades in millinery for the spring of 1908 are the blues from the light shade to the Copenhagen, said S. Solomon of the Wonder Millinery company, First and Morris streets, who carried a few days ago from New York. "This holds good in all the trimmings—ribbons, chiffons, flowers, etc. The flowers medium to large roses predominate in all the Parisian patterns. This of course is falling in line with the general trend of the season in Oregon. "Browns from the light shade to the golden will be popular. Among these one notes and the least several. There will be many rich hats seen in the pink shades to the cerise. "Another extremely fashionable trimming is the De Spray Netts, of which entire hats are made. It comes in all colors. Novelty in fancy feathers will be used to some extent, but not so much as flowers. "The Wonder will show double the number of pattern hats it has ever displayed before at its spring opening. We have imported more largely than ever, and colors are carried to match any of the new domestic or imported suitings. Furthermore, we expect to make more of a specialty of children's hats than ever."

MARRIED TO GET WIFE NOT A DRESSMAKER

Because his wife kept nagging and taunting him, as he alleges, and because she would not quit dressmaking to settle with him, Claude B. McCarthy, of Portland, has begun suit for divorce from Rosalie McCarthy. He says she began to nag him within six months after their marriage, which took place August 1, 1905. He says that among other things she has refused to let him bring his friends and relatives to call, that she has feigned intense jealousy, that she told him she did not care for him, and that she has remained away from home for days and weeks at a time.

SUIT FILED AT THE INSTANCE OF McNAUGHT ELEMENT TO SHOW INCORPORATION IS VOID.

(Special Dispatch to The Journal.) Pendleton, Or., Feb. 5.—To throw out the entire Hermiston city government and to have the town declared not legally incorporated is the sweeping purpose of a suit that has been filed and which promises to be the climax of the long-standing feud between the rival elements in the irrigation city. The suit has been filed by R. R. Johnson, who, with W. T. Muir, represents J. F. McNaught, the man behind the suit. In the complaint the state of Oregon is made the plaintiff, and the complaint is signed by District Attorney Phelps. The town of Hermiston, Mayor E. E. Jones and all the members of the council are named as defendants. The complaint states that though Hermiston has assumed to be incorporated since July 26, 1907, it was never legally incorporated, and that in consequence the city officials are exercising authority without being legally entitled to do so.

TO OUST HERMISTON CITY GOVERNMENT

DEATH FROM DIPHTHERIA.

(Special Dispatch to The Journal.) Chehalis, Wash., Feb. 5.—Helen, the 6-year-old daughter of Dr. and Mrs. J. T. Coleman, died yesterday of malignant diphtheria. This was the only case of this disease in the city.

CHRONIC HEADACHES

The following formula is given out by an eastern physician with a large practice among the nation's aristocracy. Coming from such high authority, it is most reliable and is said to be remarkably effective: Two ounces Essence of Peppin; three ounces Syrup of Ginger; one ounce Catarrh Compound; mix them well and take in doses of from one to two teaspoonfuls after each meal; also at bed time for the first few days. These ingredients are obtainable from any good prescription druggist, and easily mixed.

CROSSED WIRES CAUSE HEAVY LOSS TO SALOON

Crossed electric wires started a fire in the saloon and liquor house of Arata Bros., 69 Sixth street, at 1:55 o'clock this morning, causing a loss of \$3,000 before the fire department succeeded in getting the blaze under control. The fire started behind the bar in the saloon and spread so rapidly that the entire interior of the place was ablaze by the time the alarm was sounded. The saloon stock and fixtures were destroyed, and the stock in the liquor store in front was damaged to some extent by smoke and water. Members of the liquor firm stated this morning that their loss is fully covered by insurance.

VOTERS GET THAT SPRING TIREDNESS

Registration figures within the last few days have fallen somewhat below the average maintained last week, not having fully recovered from the chill which attended the cold weather. Yesterday 292 names were added to the roll, of whom 208 were Republicans, 57 Democrats and 27 Independents or members of the minor parties. On Monday the total for the day was only three larger than yesterday. The 8,000 mark has now been passed, the total, including yesterday, being 8,167. The Republicans have 5,298, the Democrats 1,447 and all other political persuasions 422.

TRAIN SERVICE LEADS TO POETRY

"Makes no difference where you wander; it makes no difference where you roam," my friend said that trains are late now and then. Northern Pacific No. 1, due at 7 o'clock, arrived on time. Southern Pacific No. 16, due at 7:55, arrived on time. Southern Pacific No. 18, due at 11:50, arrived on time. O. R. & N. No. 4, due at 8 o'clock, arrived on time. O. R. & N. No. 5, due at 9:45, arrived at 10:55. Astoria & Columbia No. 21, due at 12:15, arrived on time.

VISCOUNT AOKI PUT IN CABINET

Mikado Appoints Former American Ambassador to Privy Councillorship. (United Press Lease Wire.) Tokio, Feb. 5.—Official announcement was made today that Viscount Aoki will be appointed privy councillor to the mikado. The appointment will be made tomorrow. Aoki's appointment clears up the mystery of his departure from his post as ambassador at Washington.

HEALTHY MUCOUS MEMBRANES.

Those who are fortunate enough to have perfectly healthy mucous membranes ordinarily do not catch the grip. The mucous membranes lining the nose, throat and lungs, when in a normal state, are an effective barrier against the invasion of grip. But, if there happens to be the slightest catarrhal derangement of the mucous membranes, then the victim becomes an easier prey to the grip. This in part explains why some people get the grip, while others do not. The rational thing to do is to keep the system free from catarrh. In attempting to do this most people have found Peruna to be invaluable.

CAUGHT BY THE GRIP-- RELEASED BY PE-RU-NA.

Advertisement for Peruna medicine. Includes text: 'The disease now known as "grip" used to be called "influenza." It very closely resembles a cold, but is more tenacious in its hold upon the system and produces more profound disturbances. Grip is in reality epidemic catarrh. When it once begins it spreads over the country very rapidly. People do not catch the grip from each other, but each one catches it from the atmosphere. "Most Effective Medicine Ever Tried for La Grippe." Rebt. L. Madison, A. M., principal of Culleybes High School, Painter, N. C., is chairman of the Jackson County Board of Education. He is a writer of occasional verse and has contributed to a number of leading papers and magazines—religious, educational and secular. In speaking of Peruna, Mr. Madison says: "I am hardly ever without Peruna in my home. It is the most effective medicine that I have ever tried for la grippe. It also cured my wife of nasal catarrh. Her condition at one time was such that she could not at night breathe through her nostrils. "In consequence, an inflamed condition of the throat was brought about, getting worse and worse and yielding to no remedy until Peruna was tried." Healthy Mucous Membranes. Those who are fortunate enough to have perfectly healthy mucous membranes ordinarily do not catch the grip. The mucous membranes lining the nose, throat and lungs, when in a normal state, are an effective barrier against the invasion of grip. But, if there happens to be the slightest catarrhal derangement of the mucous membranes, then the victim becomes an easier prey to the grip. This in part explains why some people get the grip, while others do not. The rational thing to do is to keep the system free from catarrh. In attempting to do this most people have found Peruna to be invaluable. Systemic Catarrh the Result of La Grippe, Pe-ru-na Receives Credit for Present Good Health. Mrs. Jennie W. Gilmore, Box 44, White Oak, Ind. Ter., formerly house-keeper for Indiana Reform School for Boys, writes: "Six years ago I had la grippe, which was followed by systemic catarrh. "The only thing I used was Peruna and Manalin, and I have been in better health the last three years than for years before. "I give Peruna all the credit for my good health." During an epidemic of grip Peruna should be used. The doses recommended on the bottle are sufficient. After the grip has once been acquired, Dr. Hartman recommends the use of Peruna in teaspoonful doses every hour during the acute stage, after which the directions on the bottle should be followed. Experience has shown that the people who use Peruna as a remedy for grip generally recover sooner and are less liable to the distressing and long-continued after-effects of the grip. When Peruna has not been used during the course of the grip and the patient finds himself suffering from the after effects of this disease, a course of Peruna should be resorted to. Pe-ru-na—A Tonic After La Grippe. Mrs. Chas. E. Wells, Sr., Delaware, Ohio, writes: "After a severe attack of la grippe, I took Peruna and found it a very good tonic." Mrs. Jane Gift, Athens, Ohio, writes: "Six years ago I had la grippe very bad. I read a testimonial of a woman who had been cured of grip by Peruna. My husband bought me a bottle of Peruna. I was soon able to do my work. I continued using it until I was cured."
