

### WILTON RETURNS TO FIGHT HENEY

#### Declares He Has Evidence to Prove That He Has Been Maligned.

(United Press Leased Wire.)  
Washington, D. C., Feb. 5.—Senator Wilton returns to Oregon to answer back J. Heney's charges. Last night said:  
"I shall leave for Oregon tomorrow, could have left today, but for the fact that it was necessary to arrange, as far as possible, for matters pending which the state is interested. I had contemplated another trip to Oregon during the present campaign, being fully willing to leave the matter of my successor to the people's suggestion from me, so long as a campaign should be conducted along its lines."  
"I have been perfectly willing that record in congress should be made of my fitness to be returned. I know that there existed a conspiracy to inject other matters into the campaign, but had not believed it to be widespread. Heney's charges are, in my opinion, completely untrue. I desire, therefore, to state, before I leave, that I believe that I do better work than I have yet done, above and beyond any ambitions that I have or in any direction, in regard to my purpose to maintain and defend my reputation for integrity and integrity of mind and to protect and maintain, whether in or out of congress, I cannot permit my name to be assailed and remain silent. From the seat of action, I shall go to Oregon and am prepared to meet and answer every accusation made or to be made against me in a manner satisfactory to every fair-minded person."

### NEW PROPERTIES BEING PROSPECTED AND ESTABLISHED MINES REOPENED.

(Special Dispatch to The Journal.)  
Baker City, Feb. 5.—New mining properties in this district are making a good showing and there is a great deal of work going on despite the so-called hard times. Several old mines, which have been closed for years on account of litigation, have been reopened also under new management and everything points to a boom in the spring.

### OFFICER BEING EXAMINED FOR MENTAL AND PHYSICAL WEAKNESS.

New York, Feb. 5.—Colonel Clarence M. Deems, commanding officer of the army district of Baltimore, appeared before the retiring board of the department of the east this morning to undergo mental and physical examination as to his fitness to continue on the active list. The board, which is composed of Major General Chas. of the Baltimore garrison, believed to be responsible for the resignation. He, it appears, wrote a letter to the retiring board, in which he stated that he was suffering from a nervous condition, and that he was unable to perform his duties. The board, however, is not satisfied with his explanation and has ordered a full examination.

### MAKES LIFE MISERABLE

#### Troubles That Keep Half the Portland Doctors Busy.

For the sake of your personal welfare, just think a moment about the process of digesting food.  
There are certain secretions called gastric juices that act upon the food after it is swallowed, changing all the nutrition in it into life-giving blood. Anything that interferes with the secretion of these juices causes indigestion and makes a chronic state of stomach weakness inevitable.  
From now on build up the strength and health of the stomach with Mi-o-na tablets. You will soon find yourself strong and never know the meaning of indigestion.

Half of the prescriptions the Portland doctors write are for troubles that result directly from a weakened stomach. Strengthen the stomach muscles, increase the secretion of gastric juices, and you will overcome all indigestions—indigestion, with its headaches, dizziness, depression of spirits, spots before the eyes, nervousness, sleeplessness, and general debility—have been overcome.  
If Mi-o-na did not have an unusually curative effect on the stomach, it could not be sold on the guarantee given by Woodard, Clarke & Co. to refund the money unless it does all that is claimed for it. They give an absolute, unqualified guarantee with every 50-cent box of Mi-o-na that the money will be refunded unless the medicine cures. They take the whole risk, and you certainly can afford to get Mi-o-na from them on this plan.

### RICH MINES IN EASTERN OREGON

New Properties Being Prospected and Established Mines Reopened.

(Special Dispatch to The Journal.)  
Baker City, Feb. 5.—New mining properties in this district are making a good showing and there is a great deal of work going on despite the so-called hard times. Several old mines, which have been closed for years on account of litigation, have been reopened also under new management and everything points to a boom in the spring.  
There is great activity in the Mormon basin, King's Rainbow mine taking richer ore out every day and a number of rich prospects being worked up. Among these latter are the 12 claims of the Cleveland Development company. This company has five men at work cross-cutting now in a 310-foot tunnel. Several good veins have been tapped and the miners believe they are near the mother lode.  
This property, which is 22 miles southwest of Baker, adjoins King's Rainbow, one of the biggest producers in eastern Oregon, and gives every indication of being a winner.  
Among the old mines which have been reopened is the Highland in the Rock creek district. Since this mine was abandoned by Neil Sorenson and associates, after a somewhat spectacular career, it was allowed to lie idle until recently reopened under entirely new management. The mine is said to be rich and under proper management it is believed it will soon be among the biggest producers of the district.  
Colonel Fanning, owner of the Gold Hill mine near Durkee, is planning extensive operations next summer on his property. This is one of the oldest mines in the district and it is said one of the richest. Like most of the best mines, it has long been in litigation but is now clearly clear now and will be opened up on a large scale.

### SENDS HIMSELF TO SERVE AT WORKHOUSE

Toledo, Feb. 5.—Police Judge James Austin Jr. sentenced Citizen "Jim" Austin to one day in the workhouse today. The defendant was charged with "curiosity" and confessed his guilt.  
The usual proceedings were dispensed with. Judge Austin simply asked the defendant, Austin, if he was guilty, and receiving an affirmative reply, made a ruling like this:  
"Now, Austin, you have been sending men and women over to the workhouse day after day. Of course, I believe you have acted in good faith, but your curiosity has reached the state where I think something must be done, and the sentence of this court will be that you serve one day in the workhouse."  
The golden rule judge believes that his day's confinement will assist him in dispensing justice from the police court bench.  
"I am going to ride over to the workhouse in a patrol wagon," he said, "just like old Tom Johnson, whom I sent up for drunkenness. I don't ask for favors from county officials, either. They understand what my object is, and promise to treat me the same as the rest of their guests. Yes, I'll make bricks, too, or any other old work they have to do."

### YACOLT GRANGE ORGANIZED.

### PIONEER BEQUEATHS MONEY TO CHURCH

(Special Dispatch to The Journal.)  
Eugene, Or., Feb. 5.—N. A. W. Howe, the Lane county pioneer, who died at his home at Creswell, January 26, left a will providing that \$2,000 shall be given to his grandson, Louis H. Johnson of Eugene, to be held in trust by him, and to be invested as he sees fit, the income from the amount to be given annually to the Methodist Episcopal church of Creswell, and at his death the sum to be transferred to some person whom the church may designate, to be used in like manner. Mr. Howe also left \$300 each to the Women's Foreign Missionary society and the Church Extension society of the Methodist church. The property of the estate is valued at \$20,000. Besides these legacies one-third of all the property that may be left after they are paid is given to his

## The Tide of Circumstances Throws a \$10,000 Stock of Men's, Ladies' and Children's Wear and Dry Goods on the Hands of

# THE RED FRONT

## GRAND BARGAIN CARNIVAL

A family jubilee for Portland buyers. The money stringency has placed us in position to secure a big general stock of dry goods, etc., at 40 per cent of value. While this store for a quarter of a century has been an exclusive Men's and Boys' establishment, we decided to accept this stock for ladies' wear and dry goods and give the men and women patrons of this establishment A BARGAIN FESTIVAL such as was never witnessed in this state. We will give some plums, such as are worthy of the name. We secured this stock for no other purpose than to give the public a prize and return our appreciation for the loyal support the public have given the Red Front for over 25 years. We will sell this elegant stock as we bought it, at the biggest bargain ever recorded in this city. The entire north side of this big establishment will be devoted to the ladies' section for dry goods, notions, laces, ribbons, silks, domestics, cloaks, skirts, suits, etc. The south side of the store and big reserve storerooms will be the men's and boys' sections for suits, overcoats, cravenettes, pants, hats, shoes and furnishings.

N. B.—At the closing of this sale, the entire store will receive Spring Goods and become as of yore, the leading exclusive men's and boys' clothing house of the city.

## Sale Begins Thursday, Feb. 6th, at 9 a. m.

Ontario Legislature Meets.  
(United Press Leased Wire.)  
Toronto, Ont., Feb. 5.—The Ontario legislature assembled today for the final session of the present parliament. All forecasts agree that the session will be a long and stormy one, as is usually the case before an election. The redistribution bill, an education bill, revision of the mines act, prison labor reform, and better provision for the care of the insane are among the leading features on the government program.
