FINLEY WILL NOT RUN FOR OFFICE AGAIN. (Special Dispatch to The Journal.) Coroner J. P. Finley will not run again next June. He has announced that three terms of office are all that he wishes, and that he will not again be a candidate for office. This announcement was brought about by the scandal which has arisen since the forging of a death certificate for Golda Kowalski, a woman who had been living for a week, and whose early last evening he was visited by Mrs. Evans, from whom he was separated. It is believed by the police that Evans, who is a machinist, was mentally deranged because of brooding over his marital troubles and a recent illness. Although he had confessed to having turned in the alarms to Marshall Walker before the banquet, he denied having turned in the last alarm, when brought up for trial. However, sufficient evidence was produced to satisfy the judge that he was guilty. He was given a fine of \$25 and costs, and as he was unable to pay his fine he was placed in the city jail.

JOHNSON READY TO ENTER RACE. (United Press Leased Wire.) Chicago, Feb. 7.—Governor John A. Johnson of Minnesota will issue a formal statement Monday or Tuesday, in which he will declare his views on national questions and which will be of such a nature to make him an available candidate for the Democratic presidential nomination before the Denver convention. Information to this effect was brought to Chicago today from one of the closest personal friends of Governor Johnson, and in a letter to one of the leading Democrats of Chicago. The understanding among some of the Illinois men who are playing the national game is that a Johnson movement will be launched in a majority of the United States coincident with the expected declaration from the Minnesota executive.

HINDU CRUSHED TO DEATH BY ENGINE. A Hindu laborer whose name is supposed to be Sapoor Singh was run over and killed by a Northern Pacific freight train near the foot of Seventeenth street shortly after 1 o'clock this morning. The man and two companions of his own race had been seen in the vicinity by Patrolman Parker about midnight. All of the men were considerably under the influence of liquor and were ordered by the officer to get off the street and go home. It is presumed that the man who was killed either walked down the railroad track for a short distance and then went to sleep between the rails or that he stumbled in front of the locomotive as the train approached. Neither the engineer nor the fireman on the locomotive saw the man until his body was found beneath the train. The remains were turned over to Coroner Finley, who is conducting an investigation.

Divorce Harvest Blighted by Frost. The weekly harvest of divorces in the circuit court this morning was the poorest in many months. Only one case was announced ready for trial in place of the usual budget of eight or more. In that case the result was disappointing and the charges were common place. Pearl McNeal, who is seeking separation from Glad McNeal, was the lonely applicant for separation, and said that her husband had failed to support her and sent her home to her folks in the country. She said that she had also accused her of infidelity and wrote her a letter full of these charges, she said, and McNeal was married in Portland September 4, 1906.
