SEVEN RULES TO BE ADOPTED BY COLLEGES

Northwest Conference Decides to Sidestep Constitution for Athletes.

(Special Despatch to The Journal.) Whitman College, Walla Walla, Wash., Feb. 8.—At the meeting of the Northwest Intercollegiate conference, which opened in Walla Walla yesterday, eligibility and residence rules were discussed and provisionally agreed upon, and both sets of students defined. The exact wording of the various rules agreed upon was referred to committees and will be adopted today.

A general spirit of harmony pervaded the sessions yesterday and all of the institutions represented manifested a strong desire to get together on a common basis. All of the rules were agreed to unanimously after full and frank discussion. So far no ill feeling has been evinced.

In the organization of the conference, President S. L. Penrose of Whitman, was chosen chairman; Carl McLain of Oregon, secretary; Harding, O. A. C. and Davie were appointed committee on credentials.

Final organization will be completed today. No constitution was adopted and the machinery of the conference will be made as simple as possible. The rules which will be adopted in final form today will be the only written agreement. A permanent secretary will probably be provided and a board of arbitration which matters of dispute may be referred.

Following are the rules agreed upon provisionally at the two sessions yesterday.

One. No student shall participate in intercollegiate athletics for more than four years.

Two. No student who enters one of the conference colleges from any other institution of college rating will be allowed to represent that college in athletics until he has been in residence one year.

Three. Students of lower than freshman grade will not be allowed to compete until they have been in residence one year, regardless of whether they have previously attended school.

"STRANGLER" SMITH LOOKS FOR A CLOSE THROWS ED KENNEDY

Longshoreman Pins Ball-Player's Shoulders to the Mat in Successive Falls.

Two strange holds won for "Strangler" Smith against Ed Kennedy, the big first baseman of the Portland team, last night at Merrill's hall, the first fall resulting in a technical knockout.

Farrell and Schwartz gained a lap last night in the six-day roller skating race at the Oaks rink which was witnessed by the largest crowd which has been present during the week.

Kruse took a hard fall during the latter part of the relay and was unable to make up the distance lost by the time the pistol cracked at the close of the 30-minute speeding. He finished one-quarter behind the bunch which held the lead during the greater part of the evening.

Tonight's relay is looked forward to as the most exciting of the week's racing. Five of the contestants, Card, Holt, Kruse, Copeland and Brown have shown good speed during the week and the final struggle will be a determined effort on the part of each to gain the lead and maintain it.

The new laps difference which lies between them will spur the lowest ones to greater effort in recovering ground during the 30-minute relay.

It is expected that a break will occur during the race tonight and that the fight for first place will be one to cause additional roars of enthusiasm, among the many admirers of the racers who have thronged the week's contest.

Last night the score dropped below the high mark of 99 laps set on two occasions during the week. The total score up to the present time is as follows:

Canoe racing and summer cruising will be some of the interesting aquatic sports in store for local enthusiasts this summer provided the efforts of Portland paddlers are successful.

There has been considerable discussion during the winter over the possibility of a canoe club and it is organized it will do much to encourage interest in the primitive sport.

One of the principal objects will be to foster and control contests and cruising expeditions during the warm months. One of the things in contemplation is a several days' camp, where such sports will be given full sway.

While little has been given out of the plans, those promoting the enterprise it is understood that one of the first matters to be broached is interclub races between Portland and Seattle, Tacoma and the British Columbia cities.

JAKE KILRAIN TURNS INTO FIFTIETH YEAR

Famous Fighter Now Playing Theatrical Engagements With John L.

(United Press Leased Wire.) Boston, Feb. 8.—Jake Kilrain, who an even score of years ago was the most talked about man in the pugilistic world, will enter upon his fiftieth year tomorrow. Kilrain is this week playing an engagement at a local theatre in company with John L. Sullivan, the man to whom he lost the championship in 1889.

Kilrain, like Sullivan, regards Boston as his home, though it was in Liverpool, New York, that he first saw the light of day. But as a youth he came to Somerville, a suburb of Boston, and here he worked for a number of years in a rolling mill. It was here also that he first developed his love for athletics.

For the winter of 1884 Kilrain, whose real name, by the way, is John Joseph Killrain, became an assistant at the old Coliseum, a suburb of Boston, and from that time on his entire attention was devoted to boxing. Very quickly he showed his ability by whipping Harry Allen, George Godfrey for 4 rounds, and fighting draws in 1884 with Jim Goode, Charley Mitchell and Mike Cleary.

It was in 1885 that the zenith of his career. In September of that year, after receiving great farewell ovations in New York and Boston, he sailed for Liverpool to fight Jim Smith for the championship of the world. On landing in Liverpool he received a grand reception and he was met by a large crowd of Englishmen, each of whom had put up \$200 to see the fight.

He was generally credited with having the better of his antagonist. Kilrain will be 50 years old tomorrow. He is now playing theatrical engagements with John L. Sullivan.

"STRANGLER" SMITH, WHO WON TWO SUCCESSIVE FALLS FROM ED KENNEDY, THE BIG BASEBALL PLAYER, LAST NIGHT.

resulting in 14 minutes, and the second in eight minutes. The bout was an extremely fast one, and it is very likely that Smith would not have won had the strange hold been applied to the other side.

Smith, evidently, was in better form than his opponent, and did not show the effects of the hard work to such an extent as did the ball player. He made Kennedy take the aggressive until the big fellow went out, and the longshoreman's strange hold did the rest.

A large crowd saw the bout, and the fight was at high pitch during the grappling.

TENPINS WILL FLY IN CINCINNATI TONIGHT. Bowlers From All Over United States Gathered at Queen City. (United Press Leased Wire.) Cincinnati, Feb. 8.—The Queen City has hung the latch string on the outside and put the big pot in the little one in welcome to the hundreds of temporary tenants who are arriving from every direction to attend the eighth annual meeting and tournament of the American Bowling congress.

Outward and visible signs are abundant that the present tournament is to be the best ever pulled off by the organization. The first ball will be rolled tonight and it will be two weeks hence before the last event on the program is concluded. The armory in which the tournament takes place is pronounced by the old-timers to be better arranged and better equipped for the contests than has been the case in most previous years.
