Spring Modes—Women's Suits

We direct attention to an astonishingly complete display of women's tailored and street costumes in spring styles. Suits that are distinctly different. Many decided and tasteful novelties being shown, one of the most pronounced being fancy linings in plain colored suits.

The sleeves come in half or three-quarter length. Fancy buttons, Persian and military braid form pleasing combinations in trimming. Several models in smart coats are made in the vest effect, having border of white pique under an inner lapel.

Extremely mannish suits are in quiet novelty effects, short jacket and skirt made plain. These are strictly tailored styles and very desirable. The more elaborate costumes are mostly in plain colored fabrics. There is a wealth of choosing in shades and colorings—browns, blues and grays, however, lead.

'Twill be well worth your while to have a peep at our windows today, and if you would know exactly what the correct modes in ready-made apparel will be, see them at Portland's largest and best style salons. Try on a suit, you will not be urged to buy.

Oriental Silks for Smart Spring Gowns

The rough "nub" weaves are the correct silken fabrics for this season's use. Continued demand for this style has brought out a large number of various weaves, and more patterns and designs this season than any that has preceded it.

When we speak of oriental silks, most people think of the plain colored Pongees and Rajah silks. But these are only two of the many styles to be chosen from this season.

We are showing eight other weaves and every one of them is distinctly different.

There are plain colors—all the good ones, polka dots and stripes, in contrasting or self colors.

AMONG THE ORIENTAL WEAVES WE RECOMMEND ARE

- TUSSORAH SILK
RACARRAH SILK
MANDARIN SILK
SONG-O SILK
SHANTUNG SILK
RAJAH SILK
TUSCAN SILK
KUHLA SILK
PONGEE SILKS, PLAIN or FANCY
