Special Cooking Demonstration, Coffee, Cakes, Biscuits Served

The amount of furniture we must sell in two weeks' time in order to reduce stocks to a minimum. Some of the most desirable furniture on these floors isn't selling as it should. Floor space is too valuable to permit of our carrying merchandise from season to season. Carloads of furniture are on the road, and the manager of these great furniture stocks now calls for Room! Room!—and there's only one way to make it, to sell furniture at underprices never met heretofore. Sale starts tomorrow morning and continues for two weeks, or until every sale article advertised is sold. Arrange to come during the first days while the selections are large and unbroken.

FEAR JURY TRIAL WOULD UPSET COURT

Attorney McGinn Argues to Break Record Standing for Past 10 Years.

Judge Webster in the county court yesterday listened to argument on the application of Henry E. McGinn, as attorney for Mrs. Georgia Frances Stevens, for a jury to hear evidence in the contest brought by her to break the will of her father, George T. Myers. The jury process is so rare in the county court that the lawyers are somewhat at sea as to what shall be done, and Judge Webster has not yet decided as to whether a jury shall be called.

LITTLE BOY TODDLES DOWN STREET AND HAS A VERY GOOD TIME

Harvey Knott, who lives with his parents on Hall street, went out for a walk yesterday afternoon. The incident is remarkable because of the fact that Harvey is only 2 years and 9 months old and that curiosity led his footsteps toward the downtown district.

Harvey, unmindful of the anxiety of the remainder of the family, walked leisurely along dodging wagons and streetcars, until he came to the Marquam building. Here he paused and struck up an acquaintance with an elevator boy. He rode up and down on the elevator and found in this an amusement second only to a merry-go-round. The elevator boy sought to learn his name and where he lived. When asked where his mama lived he only replied, "I don't know." Apparently he was enjoying himself and was not worrying about his mama.

EAST SIDE BRANCH LIBRARY WILL CLOSE

Room Which Has Been Used Needed by High School Students.

The east side branch library closes tonight for at least a week, as the room in the east side high school building is needed for school purposes. The new east side branch library building, corner of East Alder and Eleventh streets, is about ready for occupancy, and will probably be open the first of the coming week. Special notice will be given. Highland station has been discontinued. Residents of this district will find the Albina branch library, 558 Williams

LITTLE BOB WILL BE ASKED TO SPEAK

An effort is to be made by the Wisconsin Society of Portland to have United States Senator Robert M. La Follette make the principal address at the Wisconsin day celebration which is to be held May 28 in commemoration of the anniversary of the admission of the Badger state to the union.

This was decided upon at a meeting of the society last night in the Roy City Business college when the society was reorganized and new officers elected. The society was first organized prior to the opening of the Lewis Clark fair.

Embraced within the Amalgamated Society of Engineers are the trades of steam engineers, smiths, shipbuilders, angle iron smiths, fitters, turners, roll turners, patternmakers, millwrights, machine men, brass finishers, copper smiths, electrical engineers, machine joiners, die sinkers and drophammer forgers. The society was organized in England early in 1861.

Louis B. Reed was chosen as president last night in the place of John K. Kollock, resigned. H. M. Esterl was selected as vice-president; R. A. Hughes, treasurer and Miss Edith Sabo as secretary.

Tomorrow (Monday) will positively be the last day for discount on west side gas bills. Portland Gas company.
