MUSEMENTS

De Wolf Hopper at Hellig Tonight.

The attraction at the Hellig theatre, Fourteenth and Washington streets, tonight and tomorrow night, will be the favorite comedian, De Wolf Hopper in De Koven's latest comic opera success, "Happyland." This prince of fun makers is supported by petite Mar-

and thunder or cheap hair-raising effects

Usual matinee tomorrow afternoon, and also the Teddy Bear matinee Saturday.

Will Expose "Mind Readers."

Albini, at the Grand, will expose the methods of the Amos E. Fay and others who pose as mind-readers, telepathists, clairvoyants, palmists, fortune-tellers and the like next Friday night. The two performances on that occasion will start half an hour earlier as the expose requires an hour. In this expose Albini will explain, with apparatus, every seemingly supernatural trick which any of the well-known fakery has used.

"The Lawyer and the Lady."

Last night witnessed the first performance of the thrilling and delightful rural comedy-drama, "The Lawyer and the Lady," which is the first ever given of Franklin Tyler's new play. It was a fortunate chance that enabled the Alien company to give this initial performance at the Lyric. The great rainstorm effect and the singing of the quartet formed the two big features of the delightful show. Matinee Thursday.

ASHLAND COAL MINE WILL BE DEVELOPED

(Special Dispatch to The Journal.) Ashland, Or., Feb. 11.—A meeting of stockholders and representative citizens of Ashland interested in the development of the Ashland coal mine was held yesterday at the rooms of the Ashland Commercial club, to map out business for the new year. A favorable report by the geologist resulted in liberal new subscriptions for a large block of the stock, and plans were made for immediate excavation of the mine. The coal is a good body of high-grade coal in sight in two veins and every indication points to a very successful property. Coal experts from the eastern field pronounce this first-class coal. Its burning quality, heat and lasting nature and local transportation are fully demonstrated. There are numerous other coal prospects in this immediate vicinity, any or all of which may develop into good commercial properties in the near future.

HARGIS ON TRIAL FOR MURDER OF FATHER

(United Press Licensed Wire.) Jackson, Ky., Feb. 11.—The circuit courtroom was crowded yesterday when Hargis, charged with the murder of his father, Judge James Hargis, was brought before Judge Taubee for examination. He showed no signs of a breakdown. Judge Redwine, for the defendant, asked leave to give bail, but this was not allowed. It is believed that the defense will be insanity, although the young man still insists that he killed his father in self defense.

Special Price Matinee at Hellig.

Tomorrow afternoon, Wednesday, a special price matinee will be given at the Hellig theatre, Fourteenth and Washington streets, when De Wolf Hopper in "Happyland" will be the bill. Curtain at 2:30 o'clock.

"Kerry Gow."

Songs of Erin and a romantic love story makes "Kerry Gow," the current attraction at the Marquam, the best Irish play that has been seen here in years. Bernard Daly is appearing as the blacksmith, the role which Joseph Murphy created, and Mr. Daly sings a number of ballads. Hibernian humor and quaint comedy characters are found in "Kerry Gow." There will be matinee Saturday. Seats are now selling at the boxoffice.

"Charley's Aunt" a Winner.

At the Baker this week, even larger crowds are flocking than last to see the most famous of all funny farce comedies, "Charley's Aunt." It deals with some pranks of college boys and Howard Russell as the chap who masquerades as the aunt from Brazil is certainly nothing short of a star this week.

Matinee at Empire Tomorrow.

"As Told in the Hills" at the Empire this week is a play that appeals to the better class of melodrama lovers. It is thrilling and interesting, without being devoted to the least bit of blood and gore.

Live All Your Years A Perfect Man

The human body is most wonderfully and perfectly constructed. Each part is built equal to its task. Unless overburdened or attacked by disease, no organ falters. Nature intended that every man should live all his years a perfect man. Few men, however, do so. All men make mistakes. Some make mistakes in youth. Others make mistakes after they have grown to be men. Still others are merely unfortunate. Practically all diseases and disorders are the result of mistakes or misfortune. The problem of living a perfect man is simple. Undo the injury that mistakes or misfortune have wrought. Then avoid both—live as nature built you to live.

**UNDOING THE INJURY**

I do not know how many thousands of men I have treated. I have been a specialist in men's diseases for 17 years. During most of these years my practice has been the largest of any specialist in the west treating men's diseases. I have met with but few incurable cases. I have failed to cure only a few cases. In recent years I have failed in none. This is because I attempt to cure only those cases to determine curable and incurable cases with certainty. It is also because my skill in curing has grown and my methods of treatment have been perfected.

**My Fee for My Cure is Only \$10.00 in Any Uncomplicated Case**

**I Am Always Willing to Wait for My Fee Until a Cure is Effected**

**WEAKNESS**

No matter in what form those functional derangements commonly termed "weakness" may appear, the largest of cases, in fully 95 per cent of the cases, very similar. I have given the closest possible study to this remarkably prevalent ailment, and find that in practically every case of prematureness, etc., there exists at some vital point of the pelvic system a state of chronic tenderness, inflammation or congestion. My first step is a thorough examination to ascertain the exact location and nature of the disorder, after which, by a system of carefully directed, local treatment, I restore the affected part to its normal condition, which promptly results in full and complete return of power. In perhaps less than 5 per cent of the cases do I find general impoverishment, lack of nervous energy or any other condition of complication requiring constitutional treatment. Therefore, I may safely assert that not more than one case in 50 can be permanently benefited by the use of tonics, stimulants, electrical or medicinal appliances, and that fully 49 cases in 50 will be aggravated by such methods of treatment.

My cures are positive, complete, thorough and permanent, because by my method the real and only cause of the functional weakness is totally removed. The knowledge gained by close study and observation in thousands of cases enables me to recognize the exact requirements and treat accordingly, and in years not have not failed in a single instance to accomplish the desired results.

**VARICOCELE**

Varicocele affects the veins of the spermatic cord. An average of one man in four suffers from this affliction. The muscular walls of the veins weaken and relax, the valves cease to perform their functions and local stagnation of the blood ensues. The first evidence of varicocele is usually a thickening, dilating, knotting and twisting of the veins on one or both sides, by pains in the back, legs, thighs or chest, and a sense of dragging the groin. Owing to the impaired circulation, a wasting away of the organs, accompanied by partial or complete loss of power, almost without exception follows in severe cases where treatment is neglected, and even slightly developed cases cannot fail to

THE DR. TAYLOR CO.

**Cures Like Nature**  
Drugless Treatment Restores Health While You Sleep  
Here's a remedy that cures while you sleep. No poisonous drugs to swallow. No excruciating and digestive trouble due to drugging. This remedy is Nature's medicine—electricity.  
The only way to cure anything is to help Nature. Nature will cure when she has the power. Nature is electricity. Feed it to your nerves and they will absorb and carry it to every part of the body, where it gives health and vim to every ailing part.  
The reason drugs don't cure is because they do not assist Nature. Nature needs nourishment, strength, something that builds up. Drugs contain no nourishment, no electricity, not one thing that builds vitality—just poison which tears down.  
My way is the best way of applying electricity. It's the only method that has proven successful. I've had 20 years' experience in treating diseases with electricity and I know more about it than any other doctor on earth. My Electro-Vigor is the result of this 20 years' experience.  
Electro-Vigor is an electric body battery applied when you sleep. It sends a constant stream of electric life into the nerves and vital organs night long.  
Electro-Vigor is not an electric belt. It never needs charging, and it makes its own power continually.  
Your treatment has cured me of

**This Is Free**  
Cut out this coupon and mail it to me. I'll give you a beautiful 100-page book, which tells all about my treatment. This book is illustrated with pictures of fully developed men and women, showing how Electro-Vigor is applied and explains many things you want to know. I'll send the book, free of cost, and prepaid, free, if you will mail me this coupon.
